- In 1943 he volunteered for service in the army and served 33 months, 18 months abroad in General Patton's army.
- He returned from the service in 1945 at the end of the war and entered the University of South Carolina. He has had two years of pre-law and one year of law. While there he worked in the University library.
- He is 25 years old, but by reason of the fact that he has had to make his own way in the world he has acquired the experience of a much older man.
- He will give his county the same unselfish, patriotic service that he gave his country.
- Your support will be greatly appreciated.
