

### Camden Defeats Augusta Polo Four

A Camden polo foursome ran wild over a crippled Augusta quartet at Kirkwood field Sunday afternoon to win the second game of the Camden-Augusta series, 8 to 3.

Augusta was minus the services of Jim Minnich, their ace rider and were unable to put over a defensive play until late in the game when trailing 7 to 0 two

Camden players who were wearing the green silks of the visitors tossed in three counters while a coasting Camden team gathered one more to make the final count, 8 to 3.

Ralph Little, probably the most improved player on the polo club roster, was hitting them far and wide and his riding was nice to watch. Little caged two difficult goals for the yellow silk Camden team. Liftgoot, playing No. 3 for Camden, flashed into the scoring column in the third chukker for two markers. Kirby Tupper, Jr., a rugged rider, snagged two counters. His first, in the initial chukker, was made after but 15 seconds of play on a triple counted a goal for Camden in the second. Eddie played a neat game at No. 4.

For the visitors, Pateh and Timm, who hail from Augusta, were blanked in their efforts to score by a stout Camden defense, the ball being kept in Augusta territory practically all of the time with the exception of the last two chukkers when the local went on a coasting party.

### Ben's Drive-In Is Opened On Hwy. No. 1, Near City

Emerson's Drive-In, a pretentious restaurant on Highway No. 1, is now open to the public and judging by the capacity business that the establishment has done in the opening days it is certain of success.

The Emerson place is located just three miles west of Camden. It is of brick construction and embodies the latest ideas of Drive-In architecture. The area in front of the building is being graded and landscaped and a portion is to be paved.

Ben Emerson, in building the Drive-In, is optimistic over the future of Camden and area. He has expended a big sum of money in establishing a Drive-In layout that is most complete in every detail: Curb service is maintained and the interior of the drive-in is an interesting perspective of modernity with deeply upholstered booths, a bar, etc. Powder room facilities are the very latest type.
