Bon's the date to give Shitting Worm Died, near Greenland, in Richtland

township, August 28th, Janey, least daughter of Mr. and Mrs. F. W. Weathofsbee.

Judge Aldrich has granted an order admitting S. A. Wood to bail in the sum of \$4,000. 'I'be bond will probably be given this week.

Died, near Greenland, in Bichland township, on the evening of August Sist. Ella, two year old daughter of Mr. and Mrs. Lawrence a Drummond, At the election held on Tiesday for Intendant and Wardens for the Town of Barnwell the following ticket was elected : Intendant, W. R. Christie .-Wardens, J. W. Blanton, M. G. Tobin, Ben Davies, A. L. Harrison, colored. cA tenepoopful of borat in the last water in which clothes are ringed will whiten them surprisingly. Pound the borar so it will dissolve easily. This is especially good to remove the yellow that time gives to white garments that have been laid away for two or three years.

A fearful accident occurred in th lower section of Orangeburg on Tuesday. The children of Mr. Browne Shuler were alone in the dwelling. One of the little boys took a single barrel gun from its place and was playing borse. The gun was discharged, killing one child instantly, and wounding inother (a little giri) so seriously that she is not expected to live.

An enthusiastic New Jersey capital ist has started an extensive plantation of cocoanut trees along thisouthern coast of Florida. The seeds were germinated, and about 100,000 plants have been set out, at a cost of nearly while it lasts life is not worth living. \$40,000. It requires six years for the fit paralyzes the power to work; it detrees to begin to yield returns. A full . own tree will produce sixty puts yearly.

We know a friend who has a recipe lice and stimulants. So says Dr. Nolfor conquering scolding or quareling son and so say I. A girl who finds women. He recommends it to di mar- herself subject to neuralgia should at ried men as a sure cure; it is not pat- once change her habits, if but to grow ented. Here it is without charge : He strong to body. Of what use is edusays whenever his wife begins to quar- cation with ill health? A happy girl rel or scold he makes her believe it must be a healthy one. The Greeks acts as an opiate, gets very sleepy all educated their girls physically; we edat once, goes fast to sleep and increas ucate ours mentally. The Greek moth-Juder than at any other time; keeps | or bore the finest children the world fast asleep and energes as long asthere ever produced. Dr. Holbrock in his is any noise about him ; as sion as great works on marriage and parentevery thing gets quiet, which he says age gives a chapter on the Grecian edwill be soon, then wake up, and I the ucation of girls. He claims that i noise commences again get to sleep | comes very near to the education we and souring again. The first thing you | need for them to-day, and we quite know you will hear somebody near you | auree with him. HOW TO AIR APARTMENTS.-It is eneral practice to open only the lot art of the windows of a room in v lating it, whereas if the upper pa are also opened, the object would ore speedily effected. The air in ariment is usually heated to a hig temperature than the outer air, an is thus readered fighter, and as th ter sir rushes in, the warmer an hter air is forced upward, and, find po outlet, remains in the room. madle be held in a doorway near the yesterday didu't do the country any or, it will be found that the flam be blown inward, but, if it be raise rly to the top of the doorway,

Dig Lewis' Monthly. An old Lettin poet tries to describe a per cet taan, and says, among other things, that he must never get out of remper nor live above or below a certain line of calin screpity. That will of fall goods in his new store and is do pretty well for a man, I reckon, but it wouldn't suit a woman at all. I beard a smart old man say once that a woman who didn't have temper and show it now and then was no account.

for while a man ought to be a philosoopened a store in Mrs. Rosses old pher and go according to reason, a woman wasn't made that way. She is full of emotions, and is bound to show them. She is up and down-now calm and now exerted -according to circumgoods. Competition is the life of thde | stances. Her love is stronger and her and goode are sold here close forthe dislike more intense. She has more wonder and curlosity, more tendernoss

and tears, more sympathy and reverbetter creation, and was made so because she was to be a mother and the nurse of children.

I was talking to a nice lady one day about woman's rights, and she said that men and women both had too many rights now, and indulged them-A Boy's Lomo.- A boy astoniged | selves in some that didnt belong to has no right to be a fool, and no women has a right to be homely. "But how can she help it?" said I. "If a woman is born 'ugly,' as we call it, it surely is not her fault." "Of course not, "but if she is born that way she musent stay that way. She can be good if she wents to be, and she can be kind and entertaining, and that will make any woman pretty on intimate acquaintance. The homeliest women I ever knew was the most fascinating and attractive. And just so the blg-

gest dunce of a man can keep from being a fool if he tries to; at least he can be a silent one and then folits wouldn't find out he was a fool." BILL ARP

A TIMELY SHOWER .- 'I was mighty thankful for that rain we got yester-
