LATER .- To the intense relief of everybody the day passed without any more serious trouble than heretofore noted, and crowds gathered to-night about the newspaper offices and elsewhere to obtain the news. The first news from Hamilton county was from the Clifton precinct, showing a Republican gain of 50. Soon after came the news from one precinct of the tenth ward, which last year tied; now it gives a Republican majority of 292. This is specially significant, as it is a German ward, and it confirms the claims that the German defection is 50 in one of the wards where there are many Irish votes, shows that there is some truth in the claim that the Irish are going to the Republican party.

AN INCREASED VOTE EVERYWHERE. CINCINNATI, October 15. - Returns received from all parts of the State are uniform in showing an increased vote. In many places the increase is very marked. Another feature shown is that the people were more than ordinarily arrayed in the two great parties. Both the Greenback and the Prohibition element was comparatively insignificant, and the vote was as distinctly marked as if the Presidential ticket had been before the people. A matter of great surprise is the large vote received by the Republican candidate for Judge of the Supreme Court. There was a general belief that he would fall far below the rest of the ticket, owing to disaffection among the greater than that for Robinson. Clarke county, it is estimated, will give 2,300 Republican majority and Scott county will give about 700, with Judge Johnston leading the ticket. Seven shots were fired in quick succession. The murderer was arrested and hurried to jail before the immense crowd could realize what had occurred. As soon as the fact was made known there was intense excitement and hundreds of men in uniform and carrying torches hurried to the court house yard and demanded that the prisoner be handed over to them.

INPURIATED REPUBLICANS.

"Lynch him! Lynch him!" was the general cry. At this hour (8:46) hundreds of men are beseiging the jail. Sheriff Scott, Chief of Police Clarke and a posse of police are at the jial door, trying to calm the infuriated multitude. No violence has been done yet and none may take place. The body of Burton was taken to a drug store, where an examination showed that life was extinct. Those who stood near the scene saw the man advance from the crowd on the sidewalk to within a few feet of his victim and fire the first bullet into his tack, when Burton fell to the pavement. This was followed with six shots into the prostrate man's body and head. "Scotty" then threw his revolver at his victim and gave him a kick. All this was done in a moment, and before any one could realize the situation. The motive of the murder has not yet come to light. Bucton was managing the campaign in this section. ### RHEUMATISM Although a practitioner of near twenty years my mother influenced me to procure B. B. B

for her. She had been confined to her bed several months with Rheumatism which had stubbornly resisted all the usual remedies. Within twenty-four hours after commencing B. B. I observed marked relief. She has just commenced her third bottle and is nearly as active as ever, and has been in the front yard with "rake in hand," cleaning up. Her improvement is truly wonderful and immensely gratifying. C. H. MONTGOMERY, M. D.

## Jacksonville, Ala., June 6, 1984. KIDNEY TROUBLE

For over six years I have been a terrible rufferer frem a troublesome kidney complaint, for the relief of which I have spent over \$250 without benefit; the most noted so-called remedies proving failures. The use of one single bottle of B. B. B. has been marvelous giving more relief than all other treatment combined. It is a quick cure, while others, if they cure at all, are in the distant future.
