OBITUARY.

Died, Blackville, S. C., October 27th, 1884, Professor T. O. Hooper, aged 37 years. His life had been spent in the laborious and honorable profession of a teacher, and at the time of his death was the Principal of the Blackville High School. He was an affectionate husband, a kind parent, a good citizen, a faithful teacher and a true friend. Better than all, he was an humble and consistent Christian; a man respected by everybody for his sterling traits of character. His last hours were calm and peaceful - His last prayer heard by human ear was, "I commit my spirit into thy hands, O God." The last words of Christian comfort to his devoted wife were, "All my strength is in the Lord." Gently he passed away to enter into that rest that remains to the people of God.

"Yet again we hope to meet thee, When the dream of life is fled, Then in Heaven with joy to greet thee, Where no farewell tear is shed." A FRIEND.

It is the general opinion of business men that cotton will decline in price. Even at the present price, some of the farmers say it is cheaper to buy it than to raise it.

MORRISON'S

Corner Near the Court House, Blackville, South Carolina

Bought for cash, selected with great care and adapted to the taste and wants of the people of this section J. L. MORRISON respectfully requests this campaign to be more helpful to himself and more beneficial to his customers than any of his predecessors, which have made his name a household word in Abbeville, Bamberg and Orangeburg counties. Without specifying articles or quoting prices he assures himself with seeing his friends that he can and will give them better bargains than any other merchant within forty miles of Blackville. The man, woman or child who buys elsewhere will waste hard earned money. An inspection is all that is asked. Purchases are sure to follow.

J. L. MORRISON, Blackville, S. C.

The Randall Harrow.

The most Convenient, Effective, Durable and Reliable Harrow Made. Economical time. Saves labor and money. Secures the greatest yield of crops by the most perfect tillage. Guaranteed for the power, inconspicuous simplicity, and efficiency for surface tillage of all conditions and tough soils. It often a substitute for the plow. Five different sizes cutting from six to twelve feet in breadth.

WHAT IT WILL DO.-It will thoroughly pulverize the soil. It will thoroughly cover up seed praid. It will thoroughly cover up surface manure. It is often a substitute for the plow. It will save half the time and labor in preparing soil for seed. It will increase your crops. It will save the cost in one season.

It is no equal as a Pulverizer, Cultivator and Rod Cutter, and for tilling all tenacious and tough soils. No other implement required to till even such ground, and it is unequalled for putting in wheat, corn, barley, &c. Every one who has used it or seen it used, speaks in its praise. It is no experiment but a proved success. Do not tramp after and lift your useless old Drag. Get the Randall, and save many a weary mile. Descriptive circulars with testimonials sent on application.

HERE WE ARE

WHO?

THE HOWARD BROTHERS

WHERE?

Blackville, S. C.

We call the attention of the Farmers, Planters and others who use machinery such as Engines, Cotton Gins, Saw Mills, Cotton Presses and all kinds of machinery, to the fact that we are Practical Machinists and Engineers and thoroughly understand the repairing of the above machinery. New Brass Works, saw G Ribbs and in fact everything pertaining to a Gin or Engine. We have fittings all kinds, piping and engine supplies. A trial is all we want.

The following are a few extracts from the many letters we have from different shops we have worked for, showing that we know our business.

Extract from a letter to me from Charleston, N. C., while in Jersey City, N. J. "I hope you will continue to work for me and thereby reduce the cost of building our engines. I was anxious to have you go on there so you thoroughly understand our engines."

LIWELL ENGINE CO.
per James F. Johnson.

Has worked for us as Machinist. Trustworthy, reliable and a good workman.
GEORGE W. WILLIAMS, Jr., & Co.,
Charleston Iron Works.

Has proved himself an excellent Machinist. Built one engine complete. It worked excellent.

LIWELL & CO.
Charlotte Iron Works,
Charlotte, N. C.

No hesitation in recommending him as a good, practical machinist.
WILLIAM MILBURN,
Master Machinist,
Graniteville Machine Shop.
