"The world must adjust itself to members were in Mr. Dominick's paying a higher price for cotton room at the Columbia Hotel. "We goods. The sooner it is done the better it will be for all interests and especially for the manufacturers. The time has passed when Southern farmers were compelled to raise cotton. In former years they were forced by sives necessity to raise cotton, and cotton alone. Conditions have changed. Unless prices be high, that is, high as compared with former years, they can make more .money doing other things. There is no moral obligation to the world to compel them to raise cotton, though many people seem to

> think so. If New England could turn its cotton mills into shoe factories and double the profits on the investment, and pay better wages to the laborers, nobody would say that New England must continue to make cotton goods ing of this tariff law, which he de- ditions are only what I want. We
