Important Enrollment Notice.

There is a conflict between the rules of the Democratic Party and the statute laws of the State as to when the enrollment books close. The rules of the party say the "last Tuesday in July," whereas the statute law says "fourth Tuesday in July." Of course, the statute law governs and instead of the enrollment books closing on Tuesday, July 29th, 1924, they will close on Tuesday, July 22nd, 1924. The voters of Barnwell County will take due notice hereof and govern themselves accordingly.

Down Time Seven Days.

The fact that the enrollment books for the State primary will close on July 22, and not July 23, as repeatedly stated, means that negligent citizens must bestir themselves more than ever, if the full voting strength is to be prepared for participating in the important election this year, when candidates from United States senator to district magistrates are to be nominated, which is equivalent to election. The tardiness of the citizens Gov. Charles W. Bryan, of Nebraska, in giving their attention to the simple matter of qualifying has been dwelt this year.
