

**Short Course Will Be Three-County Affair**

The most popular event in Bamberg County for years past for the club boys and girls is the short course held at Carlisle every summer. The short course has grown in popularity and numbers with each succeeding season, and last year a large contingent of Barnwell County club boys and girls joined in, swelling the attendance, says The Bamberg Herald. This summer, the course attendance will be further augmented by Orangeburg joining with Bamberg and Barnwell, and the biggest event of the kind ever held will convene on June 17th for three days, continuing through the 19th. The course offers a delightful outing each summer. The club women join in the course on the last day.

A strong faculty of Winthrop college instructors will be on hand to give instructions in sewing, cooking, canning, poultry raising, beautifying the home, and various other phases of club work. The boys and girls will stay in the dormitories at night and they are to bring with them the necessary bedding and toilet articles. Meals will be served in the school dining room, and a small fee of only \$2.00 will be charged for this service. Among those who will assist Miss Emma Jane Varn, home demonstration agent, are: Mrs. Dora Dee Walker; Misses Harper, Neely, and Ketchen, from Winthrop; Miss K. Y. Chappell, of Richland County; Miss Willie Mae Vann, of Barnwell County. A specialist from Clemson will have charge of the boys. Mrs. H. N. Folk will have charge of the singing, and Miss Myrtle Black the recreation features.

**Local Game Warden Makes Haul of Fish**

One day last week, Game Warden Gilmore S. Harley, accompanied by Mr. R. B. Kearse, both of Barnwell, went to the Edisto River to investigate complaints that fish were being shot. Their investigation proved that the complaints were justifiable, for after a short search they came upon two men—one in a tree with a rifle and the other in a boat to retrieve the fish after they were shot. The officer and his companion were seen by the alleged violators of the fish law before they were near enough to make an arrest and although they had one of them "up a tree," so to speak, both men "sold out" and departed for parts unknown, leaving their fish behind them. Mr. Harley says that, while he regrets that he was unable to catch the men and have justice meted out to them, he certainly enjoyed the nice string of trout, jack, etc., that he found in the boat.

The law against trapping fish is also being violated by unsportsmanlike fishermen on the Edisto River. The Bamberg Herald being authority for the statement that four game wardens found and destroyed about 40 traps week before last between New bridge and Cannon's bridge, a distance of some four or five miles, and the officers are sure that they failed to find all of the traps.

Violations of the fishing laws are becoming so numerous and widespread that, unless the activities of the violators can be curbed, fish of all kinds will be a scarce commodity in the streams of this section within a very few years. When a man can catch such magnificent strings of fish with rod and reel or hook and line, anybody who traps unsportsmanlike as a trap or a net should be punished by imprisonment.

**Play at Blackville.**
