OF STANDARD MAKES.

A Full Line of Harness, Whips, Lap-Robes, Umbrellas, Saddles, Bridles, Halters, Etc.

We Guarantee Everything We Sell.

YOU have made a big crop this year, and you have received a big price for it. You feel good—everybody does. You have paid your debts, and you have money in your pocket. Now you can afford to "splurge" a little. You worked that buggy horse of yours last season about the farm, and you need a younger and finer animal for pleasure. Let us sell you one. We have in our stables just the one you need, and you can purchase in the assured belief that it will prove to be just what we have represented. If it don't bring it back, and we will cheerfully refund the money. That's our way of doing business. If you are no judge of horses yourself, trust to our judgment. We won't deceive you.

A fine new horse to show up well should be geared to a stylish buggy, and that old one of yours has seen its best days. Let us sell you a new one, or a two seated carriage for family

use. We have them of the best makes and in all styles at the very lowest prices. Why? Because we purchased our stock before the "up-jump" in prices, and we are going to give you the benefit of our business sagacity.

Our Line Is all of Standard Makes,

same as you've bought before, not the out-put of some "new concern," but "old reliable" goods that have stood the test. You take no chances when you buy from us, and this applies to everything purchased, from a driving whip to a pair of high steppers with carriage and harness to match.

It is probable that next season will be as good as the one just ended. You have the money and now is the time to buy a

new wagon, and get harness and other gear for your work mules. Wagons that bear our name are the best, and will stand the hardest wear and tear without breaking down. In fact you can't break one down.

Our heavy harness can't be beat. It's the best and strongest leather, fashioned into harness by the most skillful workmen.

By the way, how about a new riding saddle? You need one. The old one is shabby. We have a superb lot to select from.

Of course you will need a new harness for your new turnout and a lap-robe to make the whole outfit conformable to the "high stepper." We give our guarantee with every article we sell you, and can furnish everything needful in the line of

Horse Millinery, Saddles, Bridles, Halters, etc.,

And for the Buggy or Carriage

Lap-Robes, Umbrellas, Whips and Foot Mats.

YOU will plant a bigger crop next year, and will need more mules. We have a stable full, fine young animals, as tough as "lightwood knots," kind and gentle, and first-class workers. Prices for these as for everything else are "way down." We'll be satisfied with a small profit. Give us your trade then—you won't regret it.
