Mr. E. W. Nolley, has retired from the Horry Herald, and is succeeded by Mr. J. A. McDermott, Lood lock to both.

We have received the first number of The Evening Telegram, a new daily paper just started at Spartanburg. It is a neat five column folio, with Gibson Catlett as managing editor. It publishes union associated press dispatches, is well patronized by Spartanburg's merchants, and ought to succeed.

The Dorchester Eagle is another candidate for public favor. It is published at St. George, the county seat of Dorchester county, and made its appearance last Thursday, with Milton Conner editor, and Marvin P. Felder publisher. Dorchester county now has three weekly papers. May they all live long and prosper, but we hardly think they will.

Fitting School Dots.

Old Glory and the C. F. S. streamer float proudly on the breezes during this halcyon October days. From their lofty position they send out a message of liberty and light, the stars and stripes being the exponent of liberty, and the C. F. S. the exponent of light. Long may our nation endure to tell to the world her message of liberty and love and long may the C. F. S. endure to add to the forces of truth and civilization.

Our school flag makes us feel a thrill of devotion to our great country. We cannot love her too much. She is worthy of our deepest pathetic devotion. Wherever our flag has gone, it has carried with it the blessings of light and progress. The flower of her transforming touch is being felt now in the islands of the sea. Cuba, once as a mighty cesspool of misery and destitution and oppression, is being made to smile with the light of quickened enterprise and progress. Her cities are being renovated and renewed and the country will soon be made to blossom and to yield an abundance of fruitage. By and by the Pacific ocean will yield an object lesson of her beneficent influence. The Philippines will in no distant day show to the world the wisdom of our great nation in dealing with the problems that confront her.

The Fitting School has had two new arrivals. Mr. Rogers, of Marion county, has matriculated, and has been admitted to the intermediate class. He has gone to work in earnest, and bids fair to make a strong member of the intermediate class. Clarence Hay, a former student of the C. F. S., is back to continue his studies with the senior class. Being a good debater, the Kilgo Society gladly welcomes him back. Rev. J. T. McFarlane is also here for a special course in English and mathematics.

James M. Izlar Killed. Mr. James M. Izlar, who formerly lived in Bamberg, was shot and killed at Ridgeville last Wednesday night by Mr. Walter Browning. There were no eye-witnesses to the killing, and his relatives here are in possession of very meagre details. Browning claims that he acted in self-defence, and one published account says that Mr. Izlar had a knife clutched in his right hand when his body was reached immediately after the shooting. The affair happened on the streets of Ridgeville. Mr. Izlar was a young man about 28 years of age, and was of a quiet nature. His many friends here were greatly shocked at the news of his tragic death, as he was known to be of such a peaceable disposition. We understand a fund is being raised among his friends here to assist in the prosecution of the case.

The following is taken from the Orangeburg correspondence of the News and Courier: ORANGEBURG, October 20.—The remains of Mr. James M. Izlar were brought up here from Ridgeville, Dorchester County, where he was killed night before last, and interred in Sunnyside Cemetery by the side of his father, the late Benjamin P. Izlar. The deceased was a nephew of Ex-Judge James F. Izlar and was well connected in Orangeburg. He leaves a mother, three sisters and three brothers, of whom Mrs. William R. Lowman resides in Orangeburg.

As already reported in the News and Courier, Mr. Izlar was shot on Wednesday night by Mr. W. B. Browning at Ridgeville. Mr. Izlar was on his way home and had just returned on the evening train from St. George's where he had been attending Court. The full particulars of the killing are not known here at this time, although it is learned that there were no others present excepting the deceased and Browning. Gen. Izlar went down to Ridgeville this morning to attend the inquest.

DEAFNESS CANNOT BE CURED by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by a constitutional remedy. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and as it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's catarrh cure. Send for circulars, free.

P. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's family pills are the best.

Some Details of the Killing. Mr. James M. Izlar, a young man well known in Orangeburg where he spent his boyhood days, was shot and killed at Ridgeville, Dorchester county, last Wednesday night by Mr. Walker Browning of that place.

Very little information concerning the horrible tragedy could be had from the reports in the daily papers. The deceased young man was a son of the late B. P. Izlar and was about 28 years old. He leaves a widowed mother and several sisters and brothers, one of whom is Mrs. Wm. R. Lowman of this city. All these have the sincere sympathy of many friends in their sad bereavement.

While the particulars are hard to get at, it is said by young Izlar's friends that he was a victim of a foul plot and was murdered in cold blood. As a motive for committing such a foul crime, it is said that Mr. Izlar appeared in court, or was to appear, as prosecutor of one important case and as a witness in another case either against Mr. Browning or his relatives. It is intimated that a conspiracy was formed to get rid of young Izlar. He and Mr. Browning rode home together from St. George the afternoon of the tragedy and were together for a long time after dark. Mr. Browning is said to have had a rifle all the time, and when he started to his home induced young Izlar to accompany him. When near his home, Mr. Browning left Mr. Izlar with the promise to return as soon as he put up his rifle. Not long afterwards Mr. Izlar's head was almost blown off with a birdshot, fired at close range from a shot gun. Mr. Browning, it is said, claims that a difficulty arose after he returned and that young Izlar was advancing upon him with a knife and that he shot him in self defence.

Mr. Izlar's friends claim however, that the knife found in the dead man's hands was a small knife and that the small blade was open and was held in such a position as any one would hold a knife while casually whittling and they say nothing was more natural than that he should have spent the time whittling while waiting for Mr. Browning to return.

These are the rumors that are going the rounds. We do not know how near or how far from the truth they are.

Mr. Browning who killed Mr. Izlar, is a young man well connected in his family.—Orangeburg Patriot.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Pt. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by a violent coughing. He says: "After resorting to a number of so called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by all druggists and medicine dealers.

A Thousand Tongues. Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and \$1.00. Trial bottles free at Thos. Black's and Bamberg Pharmacy; every bottle guaranteed.

The town of Stroudsburg, Penn., is wrestling with moral questions. First, the clergy of the town inveighed against a proposed brewery; then they opposed the wearing of high hats by women in church; next one of the pastors recognized real lager beer in a drink which he bought for a modest refreshment on the fair ground, and now there is righteous indignation because prominent church members of the Methodist and Presbyterian faith contended with each other in a baseball game.

TO THE PUBLIC. Knowing Chamberlain's Cough Remedy to be a medicine of great worth and merit and especially valuable for coughs, colds, croup and whooping cough, we will hereafter warrant every bottle bought of us and will refund the money to any one who is not satisfied after using two-thirds of a 25 or 50 cent bottle.

Jasper Pribanicz, aged 36, of Hoeffen, a man who has always been considered to be in a normal state of mind, was traveling by train when his hat was blown off and carried out of the window, saying the Vienna Extrablatt. With scarcely a moment's hesitation Herr Pribanicz opened the door of the carriage and jumped after it. He fell down the railway embankment and remained insensible for some time. When he came to his first thought was for the lost hat. He dragged himself, although severely wounded, up the embankment again, and crept on the rails to get the hat. At this moment an express train came around the curve, and before the injured man could escape he was caught by the engine and dragged for a distance of some fifty yards. This foolish man died a fearful death rather than lose a hat worth about five shillings.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy for having put on the market such a wonderful medicine," says W. W. Massingill, of Beaumont, Texas. There is many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by all druggists and medicine dealers.

Robbed the Grave. A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man.
