There is some talk of Col. Knox Livingston, of Marlboro, making the saved money. race for governor. Col. Livingston is a brainy and popular man, and would no doubt make a strong showing in the primary.

We must confess to some surprise at the course of the Gaffney Ledger in the Winthrop College matter. It made the statement that girls were being "persuaded" to leave Limestone and go to Winthrop. President Johnson denies the charge, and the Ledger does not prove nor apologize. That newspaper seems to be the organ of Limestone College, and such unwarranted attacks on other institutions of learning will not do Limestone any good. President Had difficulty in unlocking the Johnson's statement ought to sati fy any reasonable person.

The Thornwell Orphanage.

Thornwell Orphanage, under the presidency of its founder, Rev. Dr Jacobs, is an institution for the ed ucation and technical training of orphan boys and girls. It is located in . Qinton, South Carolina. Nine hand, me stene cottages house the child. in addition there are school smidings, general dining hall, industrial and technical schools, library and shops. A farm of an hundred acres gives the boys oppor tunity for learning that business.

These orphans represent fifteen different States,-(every Southern State) and their parentage was of eleven different denominations Christians. They are received at the tender age of six, and after be ing taught to take care of themsel. Sold by Thos. Black and Bamberg Pharmacy. ves, go out to lucrative situations. ** The cost of supper is comparatively small. Five dollars will board, clothe and school a boy or girl for a month. This could not be done, were it not that the young people are a busy set and practice self-help. The money that cares for them is that which each benevolent individual gives, as moved by his own heart, or the Father of all. There is not a State in the Union that does not contribute. No one compels. No one is responsible for their support. Often, there is but a day's supply ahead; but never, in the 25 years of its existence, has there been want. He that say :: "I am the Father of the fatherless," seems to have had a hand in this. And what of you?
