

# Thomas' Remodeling Sale

## Our Entire Stock Must Move to Make Room for the Carpenters

In order that we may better serve our patrons and friends we are giving our store a general remodeling. After the front is completed our force of carpenters will move on the inside, where they will beaver board the walls and everything will be freshened up with paint. You know the quality of our goods, and we can not afford to take the chance of damaging them while the work is in progress, it is therefore our purpose to put a price on everything in the store that will move our entire stock quickly.
