

NICHOLSON BANK & TRUST CO. UNION, S. C.

OUR MANAGEMENT

Men who are prominent in this community on account of actual achievement; men who are thoroughly familiar with every phase of business life which enters into the building up of this community control the policies of the NICHOLSON BANK & TRUST COMPANY.

This is one of the many reasons why our customers receive exceptionally helpful and efficient service.

Emslie Nicholson, J. Roy Fant, M. A. Moore, President, Vice-President, Cashier.

The Bank of Courteous Service

Let Us Have Your Repair Work!

All work guaranteed at the Union Garage. Having leased this establishment I am prepared to do all kinds of repair work. When your automobile is sick, bring it to me. I do boiler and engine repairing also. Town and County work solicited.

W. M. WHITENER,

Expert Machinist.

An Appeal to Our Friends and Patrons and The Public!

Influenza has disrupted our forces and disorganized our efforts and plans to such an extent until we are compelled to ask you to indulge us and help us as far as you can until things get better.

We are asking you to give us all the business you can, and to give us time to get it to you, or take it yourself when you can.

The greatest blessing we can ask for you all is that you may be spared what we are passing through.

Yours faithfully,

The Union Grocery Company,

L. L. WAGON, Mgr.

TO THE MEMORY OF BRO. E. R. GODSHALL

The river of another life has reached the sea and passed from the shore or sound to the realms of silence, borne by the mysterious and irresistible tide that never ebbs nor never flows.

Bro. E. R. Godshall will sit with us no more in Council; his voice will no longer be heard; he has gone from among us, and is now resting beyond life's seas.

His genial manner and robust appearance gave him a distinction that made him many friends, who will recall his memory with kindly feelings.

WHITE SLAVE TRAFFIC EXPOSED

One of the essentials to genuine greatness is the ability to tell the truth, even about unpleasant subjects. Thousands of parents allow their daughters to go their way in ignorance, suffering shame and degradation, simply for the lack of courage to tell them the exact truth.

MRS. ISLEY'S LETTER

In a recent letter Mrs. D. W. Isley of Litchfield, Ill., says, 'I have used Chamberlain's Tablets for disorders of the stomach and as a laxative, and have found them a quick and sure relief.'

Geneva, Saturday, Jan. 5.—The opening of the international Socialist congress at Luzanne has been postponed from January 13 to January 20.

GREAT LOSS OF LIFE AS RESULT OF EARTHQUAKE

San Juan, Porto Rico, Dec. 30.—(Correspondence of The Associated Press).—Loss of 200 lives and \$5,000,000 damage to property as the result of the earthquake shocks here in October and November, was due chiefly to the poor construction of buildings along the west coast of the island, in the opinion of Henry Fielding Reid and Stephen Taber, members of the Seismological Commission sent by the Federal Government at the request of Governor Yager to investigate and report on the disasters.

The members of the commission are noted geologists. Dr. Reid is from Johns Hopkins University, Baltimore, while Dr. Taber is from the University of South Carolina, at Columbia, S. C.

The shocks which occurred here, the two geologists report, were less in intensity than that which occurred in California in 1908 or the Charleston earthquake in 1886. In their report to Governor Yager the geologists say in part: 'We believe the earthquakes were due to fractures of the rock in the northern part of Mano Passage not far from the northwestern part of the Island of Porto Rico, and that the fracture which caused the shock of October 11 (the first of the series) was accompanied by a small vertical displacement of a very limited area of the sea bottom causing the sea wave which rose along the shores soon after the shock.'

After infinite labor they fought their way through the steel nets and the Austrian fleet lay before them. Reaching the side of the Viribus Unitis, they attached the bomb to her hull beneath the ladder which led to her deck and timed the bomb to explode at 6:30 a. m.

By this time they were exhausted, having been in the water more than nine hours. As they were leaving, they were discovered and taken on board the dreadnought. At first they refused to answer the questions asked them by Admiral Voucovich.

BLUEJACKETS GUESTS OF LONDON AFTER ARMISTICE

London, Dec. 5.—(Correspondence of The Associated Press).—Seven hundred American bluejackets were nightly the guests of the people of London, after the armistice was signed and they could be spared from the duty of chasing submarines for a look at the city.

The arrangement was made by order of the Lord Chancellor, who, learning that the Young Men's Christian Association and the American Red Cross had been hard put to find quarters for the boys, tendered the use of the Law Courts.

London, Dec. 30.—(Correspondence of The Associated Press).—For the British officers and men who are to be kept in the field until peace negotiations are concluded, the government is planning an Education Service Corps to give them quick and intensive special training to fit them for civilian employment.

STOMACH TROUBLE

'Before I used Chamberlain's Tablets I doctored a great deal for stomach trouble and felt nervous and tired all the time. These tablets helped me from the first, and inside of a week's time I had improved in every way.'

London, Dec. 30.—(Correspondence of The Associated Press).—For the British officers and men who are to be kept in the field until peace negotiations are concluded, the government is planning an Education Service Corps to give them quick and intensive special training to fit them for civilian employment.

THRILLING EXPERIENCE OF TWO ITALIAN OFFICERS

Paris, Dec. 30.—(Correspondence of The Associated Press).—It was by swimming into Pola harbor and steering two small submarine motors towing bombs that two Italian naval officers destroyed the Austrian dreadnought Viribus Unitis just before the signing of the armistice between Italy and Austria.

The officers who thus sent to the bottom a 20,000-ton ship, one of the most powerful in the Austrian navy, were Lieutenant Raffaele Paolucci and Major Raffaele Rossetti.

Reaching the harbor entrance at nightfall, the two daring men started on their expedition swimming beside their little motors and steering them to escape detection by sentries on a wooden pier across the harbor mouth.

By this time they were exhausted, having been in the water more than nine hours. As they were leaving, they were discovered and taken on board the dreadnought.

There are few indeed who escape having at least one cold during the winter months, and they are fortunate who have but one and get through with it quickly and without any serious consequences.

FEW ESCAPE

There are few indeed who escape having at least one cold during the winter months, and they are fortunate who have but one and get through with it quickly and without any serious consequences.

NEXT WORLD'S PRESS CONGRESS MEETS IN NEW SOUTH WALES

Tokio, Dec. 20.—(Correspondence of The Associated Press).—The next World's Press Congress has been called to take place at Sydney, New South Wales, Australia, on November 11, 1919, the first anniversary of the signing of the armistice which ended the hostilities in the world war.

BRITISH OFFICERS AND MEN TO BE GIVEN TRAINING

London, Dec. 30.—(Correspondence of The Associated Press).—For the British officers and men who are to be kept in the field until peace negotiations are concluded, the government is planning an Education Service Corps to give them quick and intensive special training to fit them for civilian employment.

EX-PRESIDENT ROOSEVELT DIES THIS MORNING

(Continued from page one)

Theodore Roosevelt, besides being a prolific writer, lectured and made public speeches extensively, not only in his own country but in England, Spain, South America and other parts of the world.

When the European war began, Roosevelt vigorously advocated a policy of national preparedness, urging universal military training for the nation's youth.

Denied the privilege of fighting for his flag, Theodore Roosevelt's interest was centered on his family's participation in the war.

Roosevelt took keen pride in the service button he wore with its five stars. Talking with newspaper men some months after his boys had gone abroad, he told them privately that Theodore Roosevelt had written him that he had been in action and that a bullet had struck his trench helmet and glanced off.

When the European war began, Roosevelt vigorously advocated a policy of national preparedness, urging universal military training for the nation's youth.
