Ask Your Doctor About Refilling a Prescription.

It's always safest, where a prescription is concerned, to ask your doctor about getting it refilled, unless he has given you definite instructions about it.

That is, after you have been feeling good again and then commence to feel badly, it may be a sign that something entirely different is ailing you.

By observing this simple rule, your cost is small and you get the benefit of the proper prescription each time.

Your doctor can phone the new one if he wishes, and we will have it ready for you when it is promised.

WHITMIRE.

After an absence of a short while I will write again.

First I must tell the editor and correspondents how sorry I am because it was impossible for me to be present at the meeting. Moxy said he would excuse me, I hope the rest will be as kind hearted as he. The reason I was not present, I attended a barbecue and ball games at Whitmire Saturday, was very sorry that the meeting and barbecue were both on the same day, I wanted to be present at both. I think the plans decided on were just fine, they couldn't have been better, I really believe it will be more enjoyable than a trip to the mts. Some of the places mentioned I have never been and I expect there are others who have never been to some of the places too. I hope all the correspondents can go on the trip I hope it will be so I can go.

The barbecue and other amusements were fine at Whitmire Saturday every one seemed to enjoy themselves except for the exceeding hot weather. The attendance was very large; there were some of my friends there whom I had not seen in quite awhile. Among them were Mr. and Mrs. Clough Rice, there were a good many people from near Cross Keys present.

There were two ball games between Whitmire and Piedmont Whitmire being the winner in both games. All the amusements were very interesting.

I have been visiting since my last writing, visited some friends at Monarch Sunday and attended the ball game at Monarch Monday morning. I must say Monarch people certainly boost their ball team. From Union I went down to E. K. mills and spent the night with my aunt and uncle Mr. and Mrs. Elisha Brock. I saw Daisy, Sun Flower, and George Washington. I thought I was going to a strange place and be with strangers, but I was mistaken as I met with many of my old friends.

I went in E. K. mills, it sure is a nice place, I believe I would like to work there, especially just to be with the writers mentioned, as they all work there. I did not get to stay as long as I wished in the mill and we had to meet the train, and come home, but I am hoping to go back soon and be with these good people again.

As it was quite awhile until train time we were wondering how we would amuse ourselves there among strangers, when two of our friends came, so the time passed of very fast, but listen, just as I was going to get on the train, who should I see but Moxy,

my what a smile, and a hearty hand shake he gave me.

Tho I was very sorry I could not be present Sat. but I think the trip planned is just grand.

I expect as the saying is "I will be turned off and hired over the secretary, I may be turned off, but not hired over I expect.

Love to each and all.

Pansy.

POPULATION OF BOSTON AND SUBURBS

Boston, July 8.—A compilation of 1920 census returns covering what is generally known as Greater Boston and its suburbs has now reached almost exactly 1,500,000. Unlike most of the larger cities of the country, has annexed very little of the territory immediately adjoining and has a total area of only 57.8 square miles, as compared with 287 square miles in Greater New York.

The Boston metropolitan district, covering an area within a 15 mile radius from the state house, includes 26 cities and towns in addition to Boston proper. The 1920 population of all of these has been announced except Watertown and the total is 732,541 for the suburbs. Watertown's population as recorded by the state census of 1915 was 16,515, a clear gain of 3,640 over 1910. If it made a similar gain in the last five years, it would now have 20,155 inhabitants. This, added to the other suburbs and to the 747,923 population of Boston, would make a total of 1,500,619.

The percentage of growth of most of the suburbs has been much greater in the last decade than that of Boston itself, due chiefly to the fact that a far larger number of people whose daily business is in this city have found it more agreeable to establish their homes outside the city limits. The great majority of the suburban population is made up of people whose work or business is in Boston. The city of Lynn, with a population of 99,148, is within the 15 mile limit, but is largely self-supporting through its shoe manufacturing and other industries and is not included in the compilation given above.

CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy.

A piano contains more than one mile of wire.

KARL LEHMANN RETIRES

New Orleans, July 9.—Karl Lehmann, nationally known because of his work during the last dozen years in the interest of the Christian Endeavor movement, and for the last five years general secretary of the organization in the southern states, retired today, announcing his intention of taking up farming in Lake County, Fla., and assisting in the work of an agricultural school at Montverde. Mr. Lehmann's final official act was to render to the south christian endeavor convention in session here, his report on the five year campaign for christian endeavor organization in the south.

The report showed the organization during that period of 2,566 new societies in the 12 southern states with 250,000 young people added to the roll and the establishment of a sectional organization periodical. Three field secretaries have been employed for the work in the south and a field secretary for the endeavor societies in China, the southern young people supporting them on a budget of \$8,000. The societies in addition have contributed \$27,422 to denominational missions in the south.

Charles F. Evans, of Lexington, Kk., is expected to succeed Mr. Lehmann as general secretary during the next year. The employment of additional field secretaries also was expected, Lawrence C. Little having been selected for work in Kentucky and Tennessee; Frank P. Wilson for Virginia and North Carolina and Samuel W. Denby for South Carolina, Georgia, Florida and Alabama.

SUMMER COMPLAINT QUICKLY RELIEVED

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family.

NOTICE

An election is hereby ordered to be held at Adamsburg school house July 26th, 1920, for the purpose of voting an extra special tax of 4 mills on all taxable property in Adamsburg school district No. 25 for general school purposes. The trustees will act as managers and the rules governing general elections will prevail. 2t-811 County Board Education.
