The Test of Good Coffee Is in the Cup

Seal Brand Coffee, High Grade Coffee, Superior Coffee, Choice Coffee, Little Cuba Coffee.

These five brands are the Chase & Sanborn Family of Coffees. We invite you to test them in the cup, in the laboratory, anywhere, any time. They are so good at the price, and we don't care which price or brand you try. Pay us the regular price we sell them for, which is as little as any high grade coffee, and then buy a pound of any other kind at the same price, test them out to suit yourself, and if ours is not the best, just tell us so and we will refund your money.

Remember the name, Chase & Sanborn. Remember there are five brands and five different prices, to please everybody, and remember that this is just one of the good things you can always depend on at the Old Reliable.

LOCKHART JUNCTION

The weather is just fine for the growing crops, the rain come in due time we haven't suffered a day in this section for rain this year, it will soon be laying by time, some have laid by their early corn and soon all crops will be laid by, and then the farmers can take a recreation and rest from his labor.

The season has come now, for most every thing in the way of a big time as the ice cream supper, picnic barbecues public speaking protracted meetings etc. which of these should have or ought to have the best of attendance? I just ask the question.

Everything is in a turmoil these times there are so many issues before the people so I don't know what candidate to support, I read Boyce Whitehead's letter in the Times, I see he is with the U. S. Shipping Board Emergency Fleet Corporation in foreign countries. In reading over his letter there is something I learned, and a point that made me think, he said something about our American marine ship and said the shipping board is catering too much to the unions and their demands, and if something wasn't done to relieve these matters, America will have no merchant marine ship, and what she has sent to be sold to other countries. I am glad he spoke about this he is up there where he sees the graft. He tells us of the distant transportation which is five thousand miles. A thought came to me what are our congressmen and senators doing if they were not looking after our protection? It does seem to me that politics is getting more and more corrupt, we need the wisest and best men in office but it seems like to me that it is hard to get them, and keep down graft. We might expect anything to come or happen but the right thing; as the league of nations never was settled and there is no telling where our government may drift. We have just been through a great war where much property and blood shed and lives were lost, but still there is a battle on and will be on I guess till the end of time.

There is a great revolution coming there will be a change we don't know whether it will be for the best or not, we have had a great and good man at the head of America but we don't know how the next leader will do, so long as we have God fearing men as our leader, we should not be uneasy, for it has been said when the wicked rule the people mourn.

Tom Payne, said before he died, he did not mind going to hell, but hated to meet those he had influenced to go to hell; If all the leaders of the world today were leaders who would take God as their guide and not study so much about the financial past and let graft alone, there would not be so much unrest among the people.

I attended quarterly meeting at Bogansville Methodist church last Saturday and there was a large congregation and a fine sermon by the Presiding Elder E. S. Jones, and a good report was made from the board of Stewards on finances of the churches. I think this was one of the best and most interesting meetings I have attended in a long time; the good ladies served a beautiful dinner. By invitation from a friend I attended a box supper and also ice cream supper at Buffalo, I enjoyed this occasion. The good people of Buffalo gave me a warm welcome. I tried to buy a box but the other fellow beat me and got it but however I was invited by the young ladies to help eat some of the good eats so I ate all the same if I did fail to buy a box.

I spent the night with Mr. E. M. Stepp where I was treated with kind hospitality.

I am invited to a picnic at Owens ford bridge in Cherokee County July 24. Mr. O. I. Inman who is manager of this picnic will serve hash and every body is invited to bring well fill baskets and come and enjoy a nice time, you had better go I was there three years ago and these good people never do things by halves they will have the whole hog or none. Thanks for my special invitation I will be there if nothing prevents.

I. W. Webber, of Sedalia, and his mother Mrs. Webber, of Wilkinsville, were visitors at Mr. and Mrs. A. D. Plaxico, of Lockhart Junction, last week.

I enjoyed the 4th and 5th of course at Lockhart and other place, I like to forget to tell you this I was with Flint Rock on the 5th again in his "John Henry" and I sure enjoyed going around with him for he is one of those big hearted fellows.

Mrs. Josie Cudd, of Lockhart, and Miss Bernice Smith, of Adamsburg visited Moxy's home on the 5th.

Critics agree that "The Great Air Robbery," the Universal photodrama, is one of the most thrilling spectacles of the screen's history. The photodrama deals with a band of sky-pirates and stars Lieutenant O. L. Locklear, the aviator who changes planes in mid-air. The production will be at the Rialto theatre today.

"THE GREAT AIR ROBBERY"

Playgoers who believe that the limit has been reached in photoplay realism are due for an awakening when they witness "The Great Air Robbery," the wonderful Universal feature starring Lieutenant O. L. Locklear, who changes from plane to plane in mid-air, which will be shown at the Rialto theatre today.

The story of "The Great Air Robbery," is not only up-to-the-minute, but a few years in advance; for it concerns Larry Cassidy, crack pilot of the American trans-continental mail service, and his fearless, daredevil feats in bringing to an end the exploits of a band of air pirates and winning the girl he loves. The mastery of the air by men and women or iron nerve and histrionic skill has made possible the filming of this thrilling narrative which, while it has yet had no parallel in real life, is quite within the scope of modern achievement.

Willie Mason, a young aviator in the U. S. Mail service, and a friend of Larry Cassidy, becomes enmeshed in the schemes of the air pirates, through his attempt to secure his Croix de Guerre, which he has sent to his sweetheart, but which falls into the hands of the Black Squadron. Larry Cassidy goes to save his friend from his own folly and to protect the registered mail. A U. S. deputy marshal also in the aviation branch of the service, is on the track of the aerial marauders, and in the three cornered encounter which ensues, some of the most thrilling air scenes conceivable have been filmed.

Aside from its amazing scenes 5,000 feet in mid-air, "The Great Air Robbery" tells a dramatic story with a punch in every scene. The story was written and directed by Jacques Cartier, and assisting Lieut. Locklear are Francelia Billings, Allan Forrest, Ray Ripley, Carmen Phillips and several other scene favorites.

YELLOW ROSE

As I have been absent for a while, I will write again.

I am glad to report that Mr. and Mrs. Charlie Reaves are improving. I was glad to see J. O. and Blue Eyes' letters.

Mrs. T. W. Waldrop and Mrs. C. V. Hightower were shopping in Union Monday afternoon.

Jim Bishop has a new Ford and Mr. Lunch Peay, also.

I don't guess I will get to go to the picnic the first Saturday in August, for I am only twelve years old.

Mr. and Mrs. Usha Alman and children and visiting relatives in the country this week.

Yellow Rose.

SUNSHINE GIRL

I will say a few words to the dear old Times as I have been absent for some time.

We are not having much sickness in our community now.

Mrs. Mayo has returned from the hospital in Columbia, where she has been for treatment.

Lunch Peay has bought a new Ford. Miss Irene Gault had a party at her home Tuesday night and there were many friends present and the occasion was most enjoyable.

Sunshine Girl.

ALLIES ARE NOT BLUFFING

Spa Belgium July 14.—Premier Lloyd George received Sir Walter Simons the German Foreign minister at the latter's request this afternoon and told his emphatically the allies were not bluffing.

The allies Mr. Lloyd George declared, intended seriously to take measures for enforcement of execution of the Versailles treaty unless the Germans meet the allies modified terms regarding coal.

A postal strike in Italy carried on by means of sabotage practiced in letters.

A large number of the homing pigeons taken to France for use in the war was useless in gun fire, the noise of battle terrifying them. Considerable training was necessary before any could perform their duty.
