

The Test of Good Coffee Is in the Cup

Seal Brand Coffee, High Grade Coffee, Superior Coffee, Choice Coffee, Little Cuba Coffee.

These five brands are the Chase & Sanborn Family of Coffees. We invite you to test them in the cup, in the laboratory, anywhere, any time. They are so good at the price, and we don't care which price or brand you try. Pay us the regular price we sell them for, which is as little as any high grade coffee, and then buy a pound of any other kind at the same price, test them out to suit yourself, and if ours is not the best, just tell us so and we will refund your money.

Remember the name, Chase & Sanborn. Remember there are five brands and five different prices, to please everybody, and remember that this is just one of the good things you can always depend on at the Old Reliable.

LECTURES ON RELIGIOUS EDUCATION

By invitation of Dr. D. B. Johnson, President of Winthrop College, General Superintendent, Leon C. Palmer of the South Carolina Sunday School Association, will give a course of lectures on the principles and methods of religious education with especial reference to the Sunday School, at the Summer School of Winthrop College next year.

It is expected that this series will be a full course, extending throughout the six weeks Summer School, on the same basis as other professional courses. Similar courses have been given by Superintendent Palmer, at the University of Alabama and the Alabama Polytechnic Institute, it is stated, and the State Department of Education of Alabama gave full credit for these courses toward the extension of teachers' certificates.

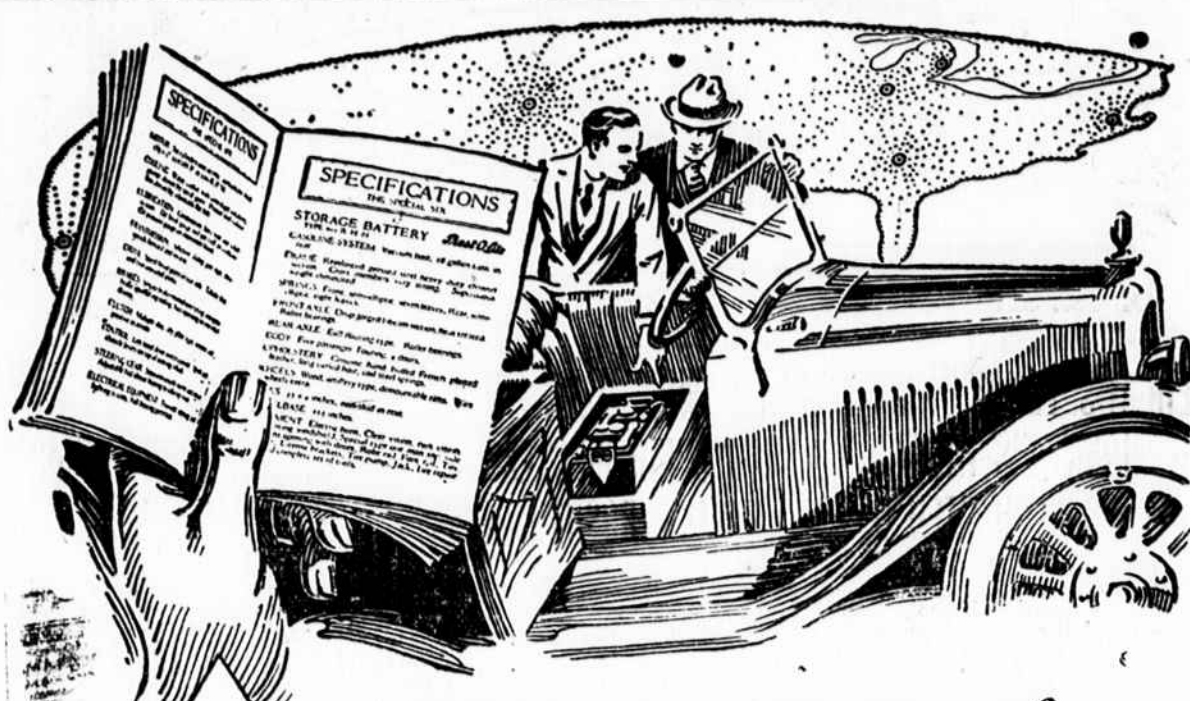

On account of the large enrollment at the Winthrop College Summer School, which is said to have been approximately fifteen hundred this summer, it is believed that this feature next year will be marked helpfulness in providing the public schools teachers of the State with definite training in Sunday School work, thus enabling them to be of larger service to their communities.

ABOUT DIGESTION

Digestion begins in the mouth. The food should be thoroughly masticated and insalivated before it is swallowed. When this is habitually neglected stomach trouble is almost sure to follow. If you have indigestion eat no beef or veal and sparingly of other meats, masticate your food thoroughly and you may recover without taking any medicine. If your bowels are constipated take Chamberlain's Tablets. They not only cause a gentle movement of the bowels but aid digestion and strengthen the stomach.

SAYS WARSAW CAN BE SAVED

Washington, July 22.—Army officers and officials of the state department who have been studying the Polish-Russian operations expressed the opinion unofficially today that Warsaw can be saved from the Bolsheviks only if adequate support is available within the next few weeks. The government was without official advice of the reported decision of the allies to send troops if necessary into Poland to check the forward movement of the Russians. It is believed here that the allied powers probably would suggest participation by the United States.

CHARGED WITH NEGLIGENCE OF DUTY

New York, July 22.—The two army guards from whose custody Grover C. Bergdoll, wealthy draft evader, escaped in Philadelphia were absolutely dependent upon the generosity of Bergdoll for their traveling funds during the trip from Fort Jay to Bergdoll's home. Sergeant John O'Hare, one of the guards testified today at the resumption of the court martial of Lieut. Colonel John E. Hunt, former commander of the U. S. Disciplinary Barracks at Fort Jay. He said Bergdoll had supplied them with \$15 from his own pocket. Colonel Hunt was placed on trial yesterday charged with neglect of duty in connection with Bergdoll's escape.
