FRIDAY, JULY 23, 1920

If you are not a friend to the work being done among the boys and girls of the county through the home demonstration agency conducted in this county by Miss Mahala J. Smith, you are neglecting a very great opportunity to help a good cause.

All but \$600 of the proposed capital stock of the proposed incorporated Business Woman's Club has been subscribed. The total capital stock is to be \$10,000. Plans will immediately be gotten under way for completing the organization and getting the proposed concern under way.

It is astonishing to think of it, but it is a fact, nevertheless. Many Democratic voters have, so far, failed to enroll. Only a few days remain in which to attend to this very important matter. If you fail to enroll by next Tuesday night, you will not be allowed to vote in the August primaries. Better go to the nearest voting precinct and get your name on the roll.

If you have not paid your first installment on your subscription to the new hotel, ten per cent of the total subscription, do so at once. The building committee is already actively prosecuting the preparatory work of carrying forward the enterprise. It is imperative that ten per cent of your subscription be paid at once. D. M. Jordan is the treasurer for the corporation and you should not wait for him to hunt you up. Make out a check for a tenth of your subscription and deliver it to him at your earliest convenience.

The boys and girls demonstration clubs having a camping trip here this week at the Central school building, honored The Times with a visit yesterday, and we certainly appreciate having had them come. We have long been known to most of them, and we are glad to add new faces to the list of our acquaintances. We feel that one of the greatest works being done for the future welfare of the country is this movement among the boys and girls to promote the progress of rural districts. It is a work of far-reaching import, and it is being conducted in a most satisfactory manner in this county.

DR. PAYNE'S RESIGNATION ACCEPTED

Dr. J. L. Payne resigned as secretary of the Union Chamber of Commerce and Agriculture last night and the board of directors accepted his resignation with regret. Dr. Payne has been secretary since March, resigning to accept a position in Florida. He will become secretary of the Chamber of Commerce at Live Oaks, Fla., and in addition will have a responsible position to which he will be appointed by the recently elected governor of Florida, both positions combined paying him quite a good salary.

A committee was appointed to draft resolutions expressing regret that Dr. Payne had felt it to be his duty to leave Union. He will leave the first of August to take up his work in Florida. A committee was appointed by the board of directors of the Union Chamber of Commerce to seek an available man for the secretaryship here, so that there might be as little delay as possible in filling the position made vacant by Dr. Payne's resignation.

MACHINE GUNS USED AGAINST RIOTERS

Belfast, Ireland, July 23.—Soldiers were compelled to use machine guns against rioters in lighting throughout the city last night and early this morning. In the Falls road district the Sinn Feiners were sniping soldiers and police from roofs and windows of houses. The troops returned the fire. It is stated that the wounded persons in last night's fighting number more than one hundred. Thirty arrests were made.

Three Unionists were shot dead by Sinn Fein snipers and another man's head was blown off. A man helping to carry the body of one of the dead men into a house was killed.

The disorders which started Wednesday afternoon at Sinn Fein workers in a ship yard were attacked, were renewed at frequent intervals yesterday. Throughout the afternoon the military was engaged on Fall road in erecting barbed wire entanglements across fronts of shops wrecked in Wednesday night's disturbance and posting large detachments of troops at certain of the danger spots.

Soldiers with fixed bayonets patrolled the disturbed streets and many demonstrations which might have led to serious results were interrupted. Looting and smashing of windows prevailed throughout the trouble, spirit, groceries and licensed premises being especially singled out.

Disorder broke out at 8:30 last night on one of the roads leading into the city. Troops were hurried to the scene and fired on the mob, wounding many, who were removed to hospitals or their homes. The crowds reformed quickly, but were charged by the troops and dispersed at 9:30. Reinforcements arrived on the scene and there was a final burst of firing. Ambulances hurried to the spot from every quarter of the city, followed by fire brigades, in the belief that the casualty list would be heavy.

DEVELOPMENT OF A NORMAL BABY

An inexperienced mother is often at loss to know whether her baby is properly thriving, and may be unduly alarmed at small matters, or may not understand the serious nature of certain conditions. The best indications of a perfectly healthy baby are a steady gain in weight and quiet, peaceful sleep. If baby shows fretfulness, sleeplessness, gas or sour stomach, or is inclined to constipation, it should have attention.

Most of baby's trouble comes from improper assimilation of food, resulting in indigestion. This leads to faulty elimination, and of course baby doesn't develop properly. When these symptoms occur, a good baby laxative will generally suffice, but great care should be exercised not to give baby strong, irritating drugs that will set up inflammation in the delicate membrane of baby's stomach.

One of the best laxatives for babies is "Baby Ease," a perfected preparation by a baby specialist, that is easy-acting, non-irritating, does not produce over-action or leave baby constipated. It is a safe, harmless and efficient laxative and corrective. If baby does not improve after a few doses, take him to a physician. Ask your druggist for "Baby Ease."—Ad.

New York, July 23. Spot cotton quiet; Middling 4375.

New Orleans, July 23.—1 1/2 a. m. bids: July, 36.20; October, 32.38; December, 30.98; January, 30.30; March, 29.54. Steady.

New York, July 23.—11:35 a. m. bids: July, 43.75; October, 35.15; December, 31.50; January, 30.75; March, 30.00. Steady.

New Orleans, July 23. Spot cotton quiet, 25 lower; sales on the spot 153 bales; to arrive none. Low middling 2900; middling 3975; good middling 440. Receipts 856; Stock 250,662.

New Orleans, July 23. Midday news dispatches from London regarding successes by the Bolsheviks were regarded as alarming and they threw the market into an uproar of selling which lasted nearly to the close. Late in the day prices were 58 to 86 points under the last quotations of yesterday and October traded at 3109.

New York, July 23.—Prospects for clearing weather in the belt, and the report of a Southern crop reporting agency giving conditions at 76.5 and indicating a crop of 13,000,000 bales, furnished the basis for a renewal of selling in the cotton market this morning under which prices sustained further declines. Opening irregular at 25 points decline to 76 points advance, the market dropped still further, reaching 33.05 for October, and 31.30 for December, or 15 to 20 points under last night's close. A sale was made in July contracts at 43.50 or unchanged from the previous night, and 25 points under the high level reached yesterday. Liverpool and New Orleans bought on the opening while Japanese interests, local traders and the South sold.

New Orleans, July 23.—An irregular and excited market developed in cotton today. After advances of 3 to 13 points on the strongest months around the first call there was a slump which finally carried prices 37 to 64 points under the close of yesterday, October selling as low as 32.07. The early steadiness was caused by private reports of heavy rains here and there in the interior and the break was due to uneasiness over foreign politics and the slump in the market for foreign exchange.

Yesterday high private condition figures also caused moderate selling.

Liverpool, July 23.—Cotton spot good business. Prices weak. Good middling, 29.27; fully middling, 28.02; middling, 26.77; low middling, 22.97; good ordinary, 19.77; ordinary, 18.77. Sales 8,000 bales, including 5,500 American. Receipts 13,000 bales, including 9,600 American. Futures closed steady. July, 24.90; October, 23.20; January, 21.76; March, 21.16; May, 20.54.

Liverpool, July 23.—Weekly cotton statistics: Total forwarded to mills, 51,000 bales, including 45,000 American; imports 38,000; American 27,000; Stock 988,000; American 672,000; exports 6,000.

New York, July 23.—In the early afternoon a fresh selling movement developed which was led by New Orleans and prices sold off quite sharply October declining to 32.92, and December to 31.12, or 28 to 38 points under last night's closing. There was considerable pressure from local bears on more favorable report from the Atlantic and on the weakness in the New Orleans market.

New Orleans, July 23.—At the lowest of the morning prices were 44 to 64 points down. Realizing by shorts checked the downward movement and late in the morning prices were at declines of only 28 to 33 points, but the market was not displaying much activity or strength.

New York, July 23.—Trading continued in July contracts at 43.75 and it passed out at that figure at noon. The late months were irregular all the morning, but inclined towards weakness with October selling down to 32.85; December, 31.05, and January, 30.35, or a net loss of 40 to 45 points. After regaining these losses later on covering the market again became unsteady with prices a few points under the previous night's close.

New York, July 23.—The cotton market closed steady.

	High	Low	Closing	Bid
July	43.75	43.50

New York, July 23.—Notwithstanding the optimistic views of leaders of industry, prices were again very mixed at the opening of today's stock market. On the constructive side the feature was Houston oil in which a 2 point initial advance soon extended almost five points. Other oils were steady to firm, excepting Royal Dutch, which declined two points. Rails hardened slightly, but the general run of industrial specialties including sugars, textiles, rubbers and leathers, continued reactionary, losses ranging from large fractions to one point. Foreign exchange, especially rates on London, Paris and Berlin were extremely weak, reflecting the latest developments in Central Europe.

New York, July 23.—Mercantile paper 8. Exchange weak. Sterling 60 day bills 3.71 1-8. Commercial 60 day bills on banks 3.71 1-8; commercial 60 day bills, 3.70 5-8; demand, 3.75 1-2; cables, 3.76 1-4. Barley, 1.10 @ 1.22. Timothy seed, 9.00 @ 12.00. Cloverseed, 30.00 @ 35.00. Pork nominal. Lard 19.05. Ribs 16.25 @ 17.25.

New York, July 23.—Representative stocks cancelled most of their gains at midday when the shorts exerted further pressure against leather, motor, steel and equipment issues. Extreme declines of 1 to 3 1-2 points were made by hide and leather preferred, Central leather, Endicot-Johnson, Studebaker, Pierce Arrow, Chandler, Crucible and Baldwin.

New York, July 23.—Butter easy; creamery firsts 52 @ 55 1-2; eggs firm; fresh gathered, firsts 47 @ 50. Cheese irregular, average run 25 @ 26 3-4.

Chicago, July 23. Wheat closed, half a cent to one cent lower. Corn closed unsteady at the same as yesterday's finish to half cent.

New York, July 23.—Cotton futures opened barely steady. July, 43.50; October, 33.25; December, 31.60; January, 30.75; March 29.95.

Chicago, July 23.—Unfavorable weather in the Northwest gave an upward tendency today to the wheat market. Opening prices varied from unchanged figures to half cent higher. After opening 5 1-8 off to 1-2 advance corn scored substantial gains. Oats went higher with corn. Provisions were without any aggressive support.

Dives From Falling Tower, Is Uninjured

Shelton, Conn.—When passers-by saw the high concrete distributing tower erected by contractors for construction of a bridge over the Housatonic river topple and fall into the river with Mike Rigger, one of the workmen, at the top of it they thought a serious accident had occurred. Rigger dived clear of the tower, however, and came up smiling. When the contractors decided to tear down the tower he was sent to the top to loosen the guy ropes which held it in place, and says he had frequently performed the same feat in other places, on similar jobs.

USE TIME-WORN BOX TRICK

St. Louis Lunch Stand Proprietor is Relieved of \$2,000 in Liberty Bonds.

St. Louis.—The time-worn box trick cost Tony Maceki of this city \$2,000 in Liberty bonds. Maceki, who runs a lunch stand, said he became acquainted with a young man named "Hugo," and the two had planned to buy and operate a chain of candy stores. Maceki was introduced to an older man, an alleged gold mine operator, who asked Maceki to take care of \$8,900 for him. Maceki, to show his good faith, drew his money from the bank. All the money was supposed to have been put in a black box and given to Maceki to keep until the men returned. When Maceki's wife became suspicious the box was opened and two \$1 bills and pieces of newspaper were found.

Girl Tries High Finance

Chicago.—Although only fifteen years old, Helen Rubo tried a dip in high and frenzied finance here recently. She wrote two checks, the first one for \$15 which she cashed at a grocery, and the second for \$25, which she attempted to cash at the same place. But before she made her second attempt the first check came back, so that now Helen is learning that what the Bible says about the way of the transgressor is true.

BRITISH KINGDOM MUST BRACE UP

London, July 23.—"I regret to have to say that Parliament and the Kingdom must brace itself to face a bitter period in Irish history as there will be a determined organized attempt to establish an Irish republic by means of murder and intimidation," declared Sir Hamar Greenwood, Chief Secretary for Ireland, in the course of a debate on Irish affairs in the house of commons today. He appealed to all parties and creeds to support the government, predicting the situation would become still worse than at present.

Sir Edward Carson, the Ulster unionist leader, after declaring that "in three quarters of Ireland the British government has been entirely beaten," said, "There are two courses open for solution—either surrender to the Irish Republic or organization of forces to insure the government is not beaten again."
