### LOCKHART JUNCTION

I am sitting on the front porch at my home and have just returned from my trip for the Daily Times. I am watching the autos pass back and forth and flying on their way—some of them wave and yell at me, a friendly howdy-do and I am always glad to hear their voices. As they pass along I think of what a wonderful age we live in—how fast we are able to travel. I hope we people are going to pay more attention to educating the rising generation; first we get them in the schools of our land, the day school and the Sunday school, then in church. A reading public is a knowing public

and we need better education. Your daily paper gives the news of the land the day it happens and everyone should read it for the world is making the greatest history ever right now. The world is moving on at a rapid rate and if the people would devote more time to the church and Christianity or as much as they do to politics, there would be less fear of Bolshevism and graft in our generation.

While I was at Buffalo, I met Rev. Mr. Bailey, who has just returned from the hospital. I hope he will soon be able to take up his duties as pastor of the church.

Mrs. E. D. Palmer, of Pinckney township, and who was Miss Mary Tweed before she married, is in Steedley's hospital for an operation. I understood that the operation was successful and she is doing well, this is gratifying to her friends.

I met Mr. and Mrs. J. L. Rhinehart, of Whitmire, they were formerly of Union, and I was glad to meet them. Mrs. Rhinehart has just come from the hospital where she underwent an operation.

Correspondents, meet me at The Times office the first Saturday in August and be sure and all come to go on our boosting trip. We want as many guests to go as want to, for

we expect to have a fine time.

Mr. and Mrs. L. H. Gault, of Union, have been guests at my home this week. Mr. Gault was lately married to Miss Turner, of Blacksburg, and is in the monument business at Union, where he is making his home.

I spent the night in Union last week at the home of Mrs. Mary Gault. I enjoyed being with this family as they are kinfolk and always treat me with such kind hospitality.

### FOR A BILIOUS ATTACK

If you have bilious attacks give Chamberlain's Tablets a trial. They are excellent. Willis Browning, Pattonsburg, Mo., has this to say about them: "About a year ago my wife used a bottle of Chamberlain's Tablets and they cured her of a bad bilious attack, also of constipation from which she had been suffering for years."

### PARIS GRATIFIED OVER CONFERENCE

"The financial agreement concluded at Spa," says Pertinax, Political Editor of the Echo De Paris, "Remains to blame, but there is now a light on the horizon, and if the reparations commission knows how to play the part assigned it, the blunders of a fortnight ago will be reduced to the dimensions of temporary mistakes."
