Second Negro Held

Newberry, Sept. 16.—Sheriff Blease and his deputies and assistants arrested another negro Wednesday night at Salak, near Greenwood on suspicion of being connected with the robbery of the store of H. Johns, near Chappells, Monday night, and with the murderous attack on Mr. and Mrs. Johns. Circumstances point to his knowing something of the attack. His name is Joe Smith.

Greenwood, Sept. 15.—A negro, giving the name of Joe Smith, captured about midnight Wednesday night at Salak, three miles from Greenwood, and thought at first to have been Willie Harris, wanted for a part in the beating and robbery of H. Johns and his wife at Vaughnville Monday night, is now believed not to be the negro sought, Greenwood officers say. Smith was sent to Newberry last night for identification. A message from Sheriff Cannon Blease stated that he believed the negro could establish an alibi and was not the one wanted. John Calvin Golden, who is alleged to have made a full confession implicating Harris, is in the Newberry jail. Officers are still making a search for Harris. Reports from the aged couple state that both are resting well and hope is held out for their recovery.

Found in Texas

Anderson, Sept. 16.—J. E. Sullivan of this city received a telegram last night from the mayor of Rockdale, Texas, stating that the body of Bailey Turner, partner of Hewlett C. Sullivan, had been found in the lowlands of the Brazos river and that another body was recovered near where Mr. Turner's was found. It had not been identified as that of Hewlett Sullivan. This last body was found in a large pile of debris near where Mr. Turner's was and it is supposed that it is the body of Mr. Sullivan. These young men were fleeing together from the raging torrents of the floods. Wash Sullivan, brother, who went to Texas as soon as the news was received that Hewlett was probably drowned, will arrive there Saturday, and something definite will likely be known. If the body of his brother is found, he will return immediately, bringing the remains of both with him.

YORK CITIZEN BADLY WOUNDED

York, Sept. 16.—Following the exchange of a few words about a domestic matter, Robert McGinnis, 43, watchman of the Southern railway, shot and seriously wounded F. L. Hinnant, 35, one of the proprietors of the Palmetto Mound company, at noon here today. Two shots were fired from a 45 caliber revolver at a distance of only a few feet, one bullet only grazing the skin, while the other pierced the left side perforating the intestines in several places. Hinnant was taken to a Rock Hill hospital this afternoon. McGinnis made no effort to escape, waiting at his home, where the shooting occurred, until arrested and committed to jail. Hinnant is said to have entered the house in response to an invitation to "take a drink," when McGinnis upbraided Hinnant for receiving letters from the former's daughter. After a few words McGinnis, who had been flourishing a revolver, suddenly shot Hinnant twice.

Opening Exercises of the Buffalo Graded School

The Buffalo graded school started its school session of 1921-22 Monday, September 12. The opening exercises were held in the Baptist church, and were greatly enjoyed by every one present. After several patriotic songs and the reading of the scripture by Rev. Trogon, and a prayer by Rev. Smith, Mr. J. V. McCombs, superintendent of the Buffalo Mill and chairman of the school board, was the first speaker to look into the smiling faces of the 350 children who enrolled the first day. Mr. McCombs made a most pleasing and uplifting talk to the student body, and gave the young boys and girls many ideas that they should think about before turning down the great opportunity which they have to get an education.

Rev. Glenn Smith was the next speaker on the program, and he held the young minds spell-bound for many minutes telling them of the hard struggle which many of our great men of America had in order to get an education, and showing them the great opportunity which they have in their future life. He also laid much stress on obedience to both parents and teacher, quoting to them a part of the sixth chapter of the Ephesians, "Children, obey your parents in the Lord for this is right." Rev. Trogon welcomed them to the very important place that they should take in the church, Sunday school and social work in the village. The principal and school board of the Buffalo graded school have very carefully selected their corps of teachers for this year, and we have a force that comes to us very highly recommended, and we now that they are capable and willing to do all in their power to make this a most successful school year that the Buffalo school has ever witnessed.

Mistake in Death Report

Yesterday we published a news item telling that Devereux Turner's son, Bailey Turner, had lost his life in the recent floods in Texas. The report was gotten from the Spartanburg Journal of the day before. It turns out that the man who lost his life in the floods was no kin whatever to Dr. Turner of Union. Dr. Turner has direct communication with both his sons, and they are both in good health, and were not even near the flood area at the time of the disaster. We gladly make this correction, and regret very much having caused Dr. Turner the needless worry. We thought our contemporary had the facts in the case, and published the item giving The Journal credit for the same.

SIX FACE CHARGE IN GEORGIA COURT

Fitzgerald, Ga., Sept. 16.—Six former employees of the Atlanta, Birmingham & Atlantic railroad are charged with murder in a "true bill" returned by the Ben Hill county grand jury after an investigation of the shooting of Engineer W. T. Reed while he was on duty on his locomotive on the night of July 5. Three no bills were returned.

The six arrested under the indictment are O. C. Fairfield, J. W. Hornsby, Harvey Booker, Perry Booker, Jr., Tom Hendricks and G. Y. Myrick. There were no bills against A. K. Irial, Alf F. Smith and A. T. Lile, three of the six men taken into custody on the preceding day on warrants issued on affidavits sworn to by the widow of the engineer.

An hour after the indictments were returned, the jury that heard the case of O. C. Fairfield, one of 26 persons charged with "interfering with employees of the A. B. & A. railroad," reported a verdict of "guilty" on one count of the indictment. This count charged that Fairfield personally had interfered with employees of the A. B. & A. railroad. Fairfield was sentenced to three months in jail and 12 months on the state farm.

The other counts in the indictment, for which the jury held that Fairfield was not guilty, related to an alleged conspiracy with others to interfere with the employees. It was announced late tonight that the trial of the six accused men would be held the second week in October. Representatives of the organizations to which the men belong assert that they will fight the case and predicted that it will cost Ben Hill county \$60,000 to try the accused men. Unless the defense objects, Solicitor General J. B. Wall said that they would be tried jointly.

The six men arrested on the indictment tonight denied that they were doing picket duty on the night that Engineer Reed was shot and indicated that they would endeavor to establish an alibi when the cases are called for trial.

NAVY HEROES HOME AGAIN

New York, Sept. 16.—Resting in flag shrouded caskets, covered with masses of flowers and guarded by armed men of a friendly, foreign nation, the bodies of Comdr. Louis H. Maxfield and 14 of his comrades—victims of the ZR-2 disaster—arrived here today on the British cruiser Dauntless.

It was a far different home-coming than the victims had anticipated when they sailed several months ago for England to prepare and bring back the monster dirigible, the disaster to which, on a trial flight, sent 42 heroic men of two nations to their untimely death.

Far out at sea, the Dauntless was met by a destroyer division of the United States navy. As it neared the escort was augmented by a fleet of seaplanes, representing the tip of the service for which the victims gave their lives. As the funeral ship came up the harbor the forts fired salutes, church bells rang and foreign ships and others dipped their colors.

The Dauntless proceeded directly to the navy yard in Brooklyn, where British sailors tenderly carried the bodies from the deck of their craft and delivered them to the keeping of their comrades in arms on the pier. Tonight the flag draped caskets were laid under the watchful eyes of the guard of honor. Tomorrow they will be laid to rest in the city of New York. At each corner of the deck as the funeral ship was warped into its pier, stood a guard of honor with head bowed and arms reversed. Forward of the platform on which the bodies lay was a commissioned officer and aft an equal to that of Commander Maxfield. Both of these officers stood with head uncovered until the caskets were finally removed from the ship.

On the deck was a guard of the United States Light Infantry standing at attention with arms reversed. A salute, almost sepulchral in effect, was given over the funeral ship as it passed up the harbor. Except for the banking of her guns as they saluted the bodies in the usual salute of respect given by war craft entering port, the only noise was the occasional clanking of chains or a commotion in muffled tones.

The navy yard, the Dauntless and the Brazilian battleship, the entire crew of the Dauntless and a detachment of marines acted as an escort to Commandant Vogelsand and his staff, who were in waiting to receive the bodies. Rear Admiral H. P. Jones, commanding the Atlantic fleet, and Rear Admiral A. T. Long, chief of staff, were also present.

ARBUCKLE HELD; CANNOT GIVE BAIL

San Francisco, Sept. 16.—With the formal announcement today that Roscoe C. ("Patty") Arbuckle, motion picture comedian, would be prosecuted on a charge of murder in connection with the death of Miss Virginia Rappe, actress following a Labor day party in the actor's hotel rooms here, both the prosecution and defense squared away tonight to arrange for the trial, the first chapter of which will be written next Thursday, when it is expected the prisoner will be given his preliminary examination.

When District Attorney Matthew Brady, in the court of Police Judge Sylvan Lazarus today, announced that the people are ready to proceed on the murder charge, he blasted the hopes of the defense that Arbuckle would tonight be at liberty on \$5,000 bond set by the court when a grand jury indictment charging the defendant with manslaughter was returned. It was indicated today that the prosecution's decision to go to trial on the murder charge was a surprise to the defense. From Los Angeles came reports that Arbuckle had already made train reservations for a trip from San Francisco to that city this evening. Murder is not a bailable charge in California. The reservations, if made, cannot be used.

District Attorney Brady has the support of the board of county supervisors in his prosecution of Arbuckle, it was shown today when the finance committee, of that body appropriated \$1,000 for immediate expenses of the trial and promised more when needed. Brady had asked the board for additional funds, declaring much wealth would be expended by the defense.

Mrs. Bambina Maude Delmont, who swore to the murder charge on which Arbuckle today appeared in court, viewed Miss Rappe's body today and is reported to have suffered a partial collapse. Robert H. McCormick, assistant United States attorney in charge of liquor prosecutions, said he expected to present to the federal jury on Tuesday evidence that liquor was served and consumed at the party given by Arbuckle in which Miss Rappe was alleged to have received her fatal injuries.

In addition to his other troubles Arbuckle may suffer the loss of his custom made automobile, said to have cost \$25,000. Government officials say if it is shown that liquor was transported from Los Angeles to this city in the automobile it is liable to confiscation.

Subpoenas were issued today summoning Lowell Sherman and Fred Fischback, said to have been guests at the party, to appear before the United States grand jury here. Sherman and Fischback were questioned yesterday concerning liquor said to have been consumed at the party. According to Robert Camarillo, assistant United States district attorney, Fischback said that 40 quarts of liquor were consumed in three days at the Arbuckle apartments.

Business Woman's Club

At a meeting of the directors of the Business Woman's Club Friday afternoon, it was decided to abandon the idea of a cafeteria on account of the present business conditions, and the money paid in by the stockholders be refunded. This does not mean that the club will be disbanded by any means but will interest itself in community affairs. The directors heartily endorse the school bonds and will use every effort to get this measure passed. The educational demands of our city have been ignored long enough. A tax survey by the South Carolina Commission in the city of Union is also endorsed. This is being done in Spartanburg, Greenville, Anderson and Columbia, and promises to prove very successful. Why not let Union receive this benefit too? The matter of the books of registration being opened at stated times every month, in accordance with the law, will be taken up with the board of registration and every woman who has not registered is earnestly requested to do so, when the dates are published, as each and every one has some responsibility in the conduct of community matters.

BIG SHORTAGE OF GOOD COTTON

Charlotte N. C., Sept. 16.—An address by D. R. Coker of Hartsville, S. C., director of the federal reserve bank, featured the afternoon session of the semi-annual convention of the Southern Textile association meeting here today. Mr. Coker exhibited samples of cotton which, he said, he picked from fields on his way to Charlotte, and directed attention to the fact that bolls gathered from near the top of the plant contained cotton of much shorter staple than bolls gathered from near the bottom of the plant, indicating, Mr. Coker said, that while the early pickings of cotton will be of fairly good grade, the latter pickings will be of materially lower grade from the spinners' standpoint. He suggested that the conditions were indicative of a greater shortage of good cotton than the country yet suspected.

The association closed a busy day with a visit to the "Made in Carolina" exposition tonight following a cabaret dinner tendered by Charlotte textile interests. Following Mr. Coker's address, F. Gordon Smith of Lancaster, S. C., led a discussion of technical subjects in line with the slogan of the convention, "Better cotton goods."

About 400 representatives of the cotton manufacturing industry from all the textile states of the South are in attendance. The convention will close tomorrow. At the opening session this morning William H. Harris of New York, spoke on "Defects in Cotton Cloth," and there were addresses by Rogers W. Davis and R. M. Mauldin of Charlotte, and others.
