AND McLEOD RUN SECOND RACE

Aug. 30.—With former Governor Cole L. Blaise and Thomas G. McLeod, of Bishopville, leading, a second race between these two will be necessary to determine the governor of South Carolina. The Blaise vote up this morning, compiled by the Columbia Record, was 54,237. William Coleman, of Union, had re-

second race is also apparent for lieutenant governor between B. Jackson, of Aiken county, and E. C. Adams, of

Incomplete returns from all counties in the state at an early hour this morning indicated that a second race for governor will be run by Cole L. Blaise and Thomas G. McLeod. With approximately 180,000 votes counted, the question of which would get a plurality was in doubt, but the former was leading the Bishopville candidate by 4,784. The votes in this race stood: Blaise, 55,856; McLeod, 51,072; Laney, 17,072; Coleman, 2,771; Duncan, 1,560; Cantey, 1,109.

The majority against the former governor was 19,716. Approximately 300 of the 1,300 boxes in the state are still missing. In the race for lieutenant governor, E. B. Jackson had a majority of 1,723 over both his opponents, Jackson had 54,528; Adams, 26,102, and Owens, 24,768.

W. Banks Dove was renominated for secretary of state over his opponent, James C. Dörzer of York. The vote was: Dove, 65,763; Dörzer, 50,181.

Walter E. Duncan was also nominated over his opponent, T. Hagood Gooding, for comptroller general. The

votes in this race was: Duncan, 75,687; Gooding, 42,801. S. M. Wolfe had a comfortable majority over both his opponents, Harold Eubanks and D. M. Winter, for attorney general. The incomplete returns gave Wolfe, 59,477; Eubanks, 24,003; Winter, 30,386.

B. Harris defeated his opponent, George W. Wightman, for the office of commissioner of agriculture, the vote in this race being: Harris, 73,818; Wightman, 41,789. R. E. Craig, candidate for adjutant and inspector general, was leading T. E. Marshall by a majority of 7,251. Craig received 62,795 and Marshall 55,544. The vote was generally distributed among the six aspirants for the office of state superintendent of education. John E. Swearingin is leading J. H. Hope, his nearest competitor, by fewer than 2,000 votes, with Mrs. Bessie Rodgers Drake a close third. The vote early this morning stood: Swearingin, 30,806; Hope, 28,995; Mrs. Drake, 26,931; Mrs. E. B. Wallace, 16,020; C. H. Seigler, 7,971; O. D. Seay, 6,958.—The State.

Another Turn in Coal Strike Situation. Washington, Aug. 30.—The anthracite coal strike situation took another turn toward settlement today when the leaders on both sides agreed at a conference here to present to the scale committee of the miners' union for a "final decision." Settlement proposals were drafted by Senators Pepper and Reed of Pennsylvania. The conference continued into the early hours of today.

Miss Aurelia Sanders and Cooper Sanders, children of Mr. and Mrs. C. C. Sanders, are in Wallace Thomson hospital today to have their adenoids and tonsils removed.

Mr. G. E. Tucker of Carlisle was a visitor to the city yesterday.

BONUS MEASURE MAKES ADVANCE

Washington, Aug. 29.—Without a recess vote the senate approved today the use of the interest on the foreign debt in financing the soldiers' bonus. Also it substituted the Smith-McNary \$350,000,000 reclamation bill for the land settlement option in the house measure. Then it quit for the day with a final vote on the bonus measure at least one and perhaps two or three days distant.

The amendment authorizing the payment of the bonus charge with the interest on the \$11,000,000,000 allowed the United States by the allied nations was proposed by Senator Simmons (Democrat) of North Carolina. He and Senator Reed (Democrat) of Missouri and other members urged it as a means of not only meeting President Harding's requirement that the bill carry a means of financing, but also of silencing the talk about the cancellation of the foreign debt.

A roll call on the proposal was demanded at first, but this demand was withdrawn, presumably because of the apprehension of leaders that a quorum could not be obtained at the then late hour. A division was had instead, 33 senators signifying their approval of the amendment, and one, Senator New, (Republican) of Indiana, his disapproval.

The Smith-McNary reclamation amendment was agreed to by a vote of 43 to 26. Party lines disappeared on the roll call, 23 Republicans and 20 Democrats supporting the amendment and 18 Republicans and eight Democrats opposing it. All of the senators from the far Western states voted for the proposal and all of those from the New England states voted against it.

Democrats voting for the amendment included Dial, Fletcher, Overman, Shields, Simmons, Smith and Underwood. Democrats against the amendment included Glass, McKellar and Swanson.

The Smith-McNary amendment would provide for reclamation of arid lands in the West through irrigation and swamp lands in the South and other sections by drainage. The work to be done under the direction of the secretary of the interior through federal and state co-operation. Veterans of the World War, Spanish-American War and the Philippines insurrection would be given first opportunity to obtain homesteads and also in working on the various projects.

NEW MOVE TO SAVE DUPRE FAILS

A writ of habeas corpus for Frank B. DuPre was denied Monday afternoon by Judge John R. Humphries of the Fulton county superior court on the ground that the prisoner was held in legal custody.

Governor Hardwick, in the day refused to commute DuPre's sentence and the Peaslee bill will be hanged Friday. The petition for a writ of habeas corpus was presented to Judge Humphries at his home in Bishopville by Louis H. Foster, E. A. Allen and W. H. Hayward, counsel for DuPre, alleging in their appeal that Frank DuPre was being illegally held and was about to be illegally executed.

The petition was based largely on the same grounds as argued before the governor, that is, that four supreme court judges had granted in their opinion regarding DuPre's appeal for a new trial and that failure to grant a new trial was depriving DuPre of his constitutional rights in taking his life without due process of law.

Judge Humphries issued an order at once denying the writ. The order reads as follows: "The court will take judicial cognizance of its judgment and sentence in this case. The defendant was convicted of murder by the court and was sentenced to be executed. On appeal to the supreme court this judgment was affirmed and the supreme court was made the judgment of this court. Therefore, the case in the case have been finally adjudicated. The petitioner is in legal custody and the court so holds on this appeal."

Following the rejection of the appeal for a writ of habeas corpus that the next move by DuPre for the condemned youth, who was sentenced to be hanged Friday, would be to bring a bill of exceptions before Judge Humphries, in order to take the appeal for writ of habeas corpus to the state supreme court, Allen said.

In the event Judge Humphries declined to sign a bill of exceptions, Mr. Allen said, an appeal would be made to obtain a writ of certiorari to the state supreme court. This will be done Monday morning.

It was said that the foundation was being laid to carry the case to the United States supreme court. In order to do this it will be necessary to get a writ of error that is permission to carry the appeal to the supreme court. Refusal by that body would be the final action that could be taken.

An appeal will be made Wednesday to Governor Hardwick for a reprieve.

A death watch was placed over DuPre Tuesday at noon.—Atlanta Georgian.

STRIKE IN WEST GETS ATTENTION

Washington, Aug. 29 (By the Associated Press).—A decision to institute a special department of justice organization to investigate alleged illegal stoppages of transportation service incident to the rail strike in the West, a formal relaxation of some of the interstate commerce commission priority control of coal distribution, publication of federal safety inspectors' survey of railroad engines, and preparation of official estimates that soft coal production for the week is rising above 8,000,000 tons, or 100 per cent more than was coming up a month ago, were among elements that emerged today out of the government's actual contact with the industrial situation.

In the middle of these developments John L. Lewis, president of the United Mine Workers, whose position has been a dominant one in the continuation of the deadlock which has kept the anthracite fields of Pennsylvania tied up, arrived in Washington and began a series of conferences shortly after White House expressions indicated that the long delay settlement there was to be looked for at once.

Attorney General Daugherty announced that a separate investigation organization would be built up immediately in Los Angeles, in charge of Hiram C. Todd, United States attorney, for northern New York, whose duty will be to conduct inquiries into the possible criminality involved in the series of train stoppages and interruptions to interstate commerce in the West. Likewise, the attorney general sent formal instructions to all federal district attorneys to follow up any violations of federal court injunctions obtained by railroads to prevent strikers and their sympathizers from molesting operations in shops and yards. The law, Mr. Daugherty said, must be "impressively enforced" in the matter.

There is "a very general let down in the matter of inspection (of locomotives) by carriers which gives cause for concern," the interstate commerce commission reported to the senate today, answering a resolution brought out by the controversy between strike leaders and the railroads over safety conditions of equipment.

The decision of the government to relax markedly and immediately the control on coal shipments was carried into effect by an interstate commerce commission order greatly modifying priority requirements hitherto imposed on consumers. Hereafter, upon special designation by the commission and its agents, coal will be shipped first to sections of the Northeast whose supply ordinarily moves by the Great Lakes water routes and to railroads whose needs are pressing to maintain transportation.
