COLLETON'S FIRST SACRIFICE

The Press and Standard sym-  
pathizes very deeply with the parents  
of Henry J. McCants, who offered up  
his young life as Colleton's first sac-  
rifice in the struggle for the free-  
dom of the world. It is sad and  
tragic, but there must be a great  
comfort to the bereaved to feel that  
he died doing his duty, and that to  
them belongs the honor of having  
offered upon the altar of their coun-  
try the first sacrifice from Colleton  
county. A hero he was. A martyr  
he has proven himself to be. A  
link between us and the other boys  
who are on the other side, bravely  
doing battle for the cause of our  
country. May the blow be softened  
and they come to feel that it was  
best. Long will this brave young  
man be remembered for what he  
has done, and for the life he lived.

GETS HIS JUST DESERTS

We do not know the reasons why  
the appointment to the Naval Aca-  
demy was given to Andrew Ward  
Kinsley by Congressman Whaley  
from our district, but we are glad  
he has been dismissed if it be true  
that he got the appointment under  
false claims. He not only was not  
a fit representative of our district  
but he was keeping some other good  
boy from, perhaps, our county, out  
of holding a splendid appointment.  
If the charges be true against him  
and the Catholic priests, for secur-  
ing this appointment under false  
claims, we trust they will be given  
a heavy sentence by the Federal  
Court in which they were indicted.

THE FAIR SPIRIT

We are glad to note the fair spirit  
our people have caught. All over  
the State there have been held num-  
erous community fairs, and if re-  
ports of these fairs are true, they  
have all been very successful. This  
means that they have placed on ex-  
hibit articles of merit, and that the  
people of the sections have gone  
out to see them. It means, if it  
means anything, that the country is  
prosperous and that the people are  
glad of the opportunity of vying  
with each other in showing what  
they have made this year.

In Colleton county four very suc-  
cessful fairs have been held, and at  
each one there were large crowds of  
people assembled to view the ex-  
hibits and to take part in the exer-  
cises. The fair spirit has been ev-  
erywhere and we are glad to note  
that scores of people who before  
never had anything to do with fairs,  
have caught the spirit and are ready  
to help. The community should be  
the center of interest for the resi-  
dents and these community gather-  
ings are worth while.

We predict much more interest  
next year in community fairs, and  
a great awakening along lines of  
agricultural activities, live stock  
raising and home economics. They  
will pay.

IMPORTANT TO THINK

It is extremely important for the  
people of this county as well as  
from the entire State and nation, to  
think well of the future in regard  
to food crops. The world is not  
now producing enough food stuffs  
to feed the people of the world.  
Someone has got to go hungry soon,  
and if we are to believe reports  
there are millions of hungry ones  
across the seas this very minute.  
This will mean that our people will  
have to send across there every  
grain of food stuffs they can spare.  
Not only this but we must send food  
to the hundreds of thousands of sol-  
diers we are sending over there to  
fight for our country. To do this  
will require the utmost endeavors  
on the part of all our people. It  
will require all the saving we can  
save, and all the producing we can  
produce.

Fortunately for us in the South,  
and in Colleton county our seasons  
are such that we can produce al-  
most every month in the year. We  
shall not starve just yet, but we  
must do our share of feeding our

soldiers over there, and feeding our  
allies.  
"But," you say, "I have sold a  
fine crop of cotton, and have money  
enough to buy what I want to eat."  
Are you sure? Is not money now  
the cheapest thing you ever saw?  
What good will your money do you  
if you wished to purchase something  
you cannot get? And, is it not com-  
ing to the point where one can not  
get what they wish to buy? Sup-  
pose you try ordering a car of coal  
and see how much good it will do  
you, to talk of the money waiting  
here to pay for it.

So we would urge our people to  
plant wheat, oats and every grain  
possible. Make feed and food for  
ourselves and animals.

FOR A TONIC IRON  
CAN'T BE BEAT

Concentrated Form of Natural Iron  
Cheaper, Stronger, Un-  
excelled.

ACID IRON MINERAL.  
ALL DRUGGISTS HAVE IT

"I found such quick relief from  
taking Acid Iron Mineral (natural  
iron) for rheumatism, and chronic  
indigestion I want to urge more peo-  
ple to take iron instead of other  
remedies when needing a tonic and  
something that will build them up,"  
said J. C. Shelton, of Roanoke, Va.  
"I was weak, had a sour stomach,  
bad appetite, and suffered most all  
the time. I needed a tonic badly,  
and when I started taking Acid Iron  
Mineral I found the remedy I need-  
ed," continued Mr. Shelton, who  
lives at 502 12th St., N. W.

Acid Iron Mineral is highly con-  
centrated medicinal iron testing  
over 10 degrees specific gravity and  
a few drops in a glass of water  
makes an unexcelled medicine for  
the blood, digestion, and appetite.  
It is sold by druggists in six and  
twelve ounce bottles under the  
Ferrodine Chemical Corp. trade-  
mark, which guarantees strength  
and efficiency. Be sure you get the  
genuine. Get a bottle. It is cheap-  
er, stronger and better for you.

THE KID HAS GONE TO THE  
COLORS

(W. M. Herschell, in the Indiapolis  
News.)  
The Kid has gone to the colors  
And we don't know what to say,  
The Kid we have loved and cuddled  
Stepped out for the flag today.  
We thought him a child, a baby,  
With never a care at all,  
But his country called him man-size  
And the Kid has heard the call.

He paused to watch the recruiting  
Where, fired by the life and drum,  
He bowed his head to Old Glory,  
And thought that it whispered  
"Come!"

The Kid, not being a slacker,  
Stood forth with patriot-joy  
To add his name to the roster—  
And God, we're proud of the boy!

The Kid has gone to the Colors;  
It seems but a little while  
Since he drilled a schoolboy army  
In a truly martial style.  
But now he's a man, a soldier,  
And we lend him a listening ear,  
For his heart is a heart all loyal,  
Uncouraged by the curse of fear.

His dad, when he told him, shud-  
dered,  
His mother—God bless her—cried:  
Yet, blest with a mother-nature,  
She wept with a mother-pride,  
But he whose old shoulders straight-  
ened  
Was Grandad—for memory ran  
To years when he, too, a youngster,  
Was changed by the Flag to a  
man!

DIZZY SPELLS

Relieved After Taking Two Bottles  
Of Cardui, Says Tennessee  
Lady.

Whitwell, Tenn.—Mrs. G. P. Cart-  
wright, of this place, writes: "About  
four years ago the dizzy spells got so  
bad that when I would start to walk  
I would just pretty near fall. I wasn't  
past doing my work, but was very  
much run-down.

I told my husband I thought Cardui  
would help me, as a lady who lived  
next door to me had taken a great  
deal, and told me to try it. This was  
when we were living in Kentucky.  
My husband got me a bottle and I  
took it according to directions. It  
helped me so much that he went back  
and got me another bottle. I got a  
whole lot better and just quit taking  
it. I got over the dizzy spells. I took  
no other medicine at that time nor  
since for this trouble. No, I've never  
regretted taking Cardui.  
I felt just fine when I finished the  
second bottle."

Purely vegetable, mild and gentle  
in its action, Cardui, the woman's  
tonic, may be the very medicine you  
need. If you suffer from symptoms of  
female troubles, give Cardui a trial.

CASES COUNTED AS  
HOPELESS RELIEVED

MOST USERS OF VITONA HAD  
LOST FAITH IN ALL  
MEDICINE

SUCCESS IS UNEQUALLED

Manager for United Cigar Company  
Tells of the Remarkable Re-  
sults he Obtained.

Most medical discoveries are  
tried out on cases that are suffering  
from only a mild form of the dis-  
ease that the remedy is supposed to  
relieve.

The statements published from  
users of Vitona who have been re-  
lieved from various ailments, are in  
nearly every case those of people  
who have tried every other remedy  
without success, until they had al-  
most deemed themselves incurable.  
This has put Vitona under an addi-  
tional handicap since the patient  
has been skeptical to start off with.  
Mr. C. A. Reese, who resides at  
119 Iverson Street, Atlanta, Ga.,  
and who is Manager of the United  
Cigar Company, recently said:

"Vitona is without a doubt the  
finest medicine I know of. In fact,  
it will do more than I ever thought  
a medicine could do. For seventeen  
years I had fainting spells. I would  
years I had fainting spells. I would  
and was always in fear of having  
these attacks, which came some-  
times as often as once a week. I  
heard about the fine work Vitona  
was doing and decided to give it a  
trial, although I had little faith in  
it or anything else. Soon after I  
started taking it, the spells became  
less frequent and eventually ceased  
entirely. I feel that a great burden  
has been lifted from my shoulders  
by this great discovery."

Mr. L. S. Beam, the Vitona ex-  
pert, in commenting on the above  
statement said:  
"Vitona is now the talk of Col-  
umbia, and is without a doubt the  
most popular medicine being offered  
the people of South Carolina. It is  
relieving hundreds of men and wo-  
men, who like Mr. Reese had prac-  
tically given up hope. I find it so  
that even the most prominent per-  
sons will give testimony in praise  
of Vitona, out of gratitude for the  
relief that it brings, and because  
they believe it their duty to do so.  
It is the humanitarian spirit to help  
the other fellow if you can, and  
that is the first thought of many  
who voluntarily tell what Vitona  
has done for them.

Vitona is now being sold in Wal-  
terboro by John M. Klein, Lodge at  
E. R. Bishop & Co., and at Island-  
ton, at Islandton Merc. Co.

MAN OF 70 KNOCKS  
OUT PELLAGRA WITH  
MINERAL WATER

Photographer of Vina, Ala., Has  
Long Fight With Disease,  
But Wins.

"Unless they have been in my  
condition it would be hard for any-  
one to realize what I have been  
through," writes Mr. D. H. Willis,  
Route 1, Vina, Ala.  
"I have had a six year fight with  
the worst of all diseases—Pellagra.  
I tried everything that I could hear  
of but grew steadily worse.  
"Finally I took to my bed ex-  
pecting to die most any day and it  
was then that I heard of SULFER-  
RO-SOL. From the first bottle I  
commenced to improve almost mi-  
raculously.

"I can now walk two miles and  
not mind it in the least and my  
neck which was covered with sores  
is entirely healed and the skin clear  
again.

"Just how to tell my gratitude  
for this wonderful mineral remedy  
I don't know, but I do feel that SUL-  
FERRO-SOL is the most remarkable  
medicine that has ever been sold to  
mankind and I do not believe there  
is another medicine in this world to  
equal it in curing blood troubles."  
Sulferro-Sol is sold and recom-  
mended by all druggists, Murray  
Drug Co., and Greer Drug Co.,  
Wholesale distributors.
