A CARD.

THE subscriber has taken charge of, and will keep under his own direction, the WARE-HOUSE first built by himself, and by an act of the Legislature of 1821, intended to be a Public Warehouse, in Hamburg, for the STORAGE of COTTON and TOBACCO. A Tobacco Inspection to be kept therein. This Warehouse, for convenience and safety from fire, if not superior, is inferior to none in this part of the country. It is 300 feet in length and 50 feet in width, with a plank floor, situated in the centre of the town, on the bank of the Savannah River, and within 100 feet of the stream. The other three sides are bounded by streets, one of 160 feet, one of 300 feet, and one of eighty feet. Two platforms will extend from the warehouse to the river; so that Cotton will be put on boats without touching the ground, except when the river is very low.

RATES.

For Inspection and Storage of Tobacco five 6 months per hhd. $1.50

For Storage of Cotton and delivery on the river bank, each bale per month 12½

For forwarding either to Savannah or Charleston, per bale 12½

Liberal advances on produce placed under his charge, will be made for a moderate price and customary rates. He will take the same care and use the same diligence for others as he would for himself.

He will adhere to and go on with his original plan with regard to the building of the town of Hamburg—all imprisonments, personal violence and persecutions, and all the devices of the Sales of Hamburg, to the contrary notwithstanding.

If John Williamson and his adherents want a town, let them do as I have done—build one.

I will, however, accept of all their assistance to help along the accomplishment of this great undertaking; but the town they shall never have. I build it for myself and for those who I find the abilities and perseverance to build a town, they will find that I have abilities and perseverance enough to take care of it.

He will be duly thankful to all who favor him with their custom.

HENRY SHULTZ.

Hamburg, September, 28th, 1829.

P. S. I am proud to say that the Hamburgh merchants have supplied themselves this season, with more goods of all kinds, than at any former period, particularly such as Salt, Iron, Sugar, Coffee, Bagging, Dry Goods, &c. Several new stores have already opened, and others will open very shortly. The usual spirited disposition prevails to give us hereabove, at least, as much, if not more for COTTON, than in any other city or town in the up country.

As for money, none will be commanded here, but it is founded on a solid basis; and whether any other be taken in the market, or should any mixed institution in which the merchant and country are interested, go forward, what ought to be considered just and prudent, Time-interest, &c. will be given, without fear or favor.

Under all these favorable circumstances I am induced to hope that the community and country generally, will find it to their interest to deal with their custom.

Classical and Mathematical Academy.

THE subscriber respectfully informs his friends and the public, that he is now erecting a convenient house to which he proposes to remove his school the first Monday in January next.

Students can be prepared here to enter the Junior Class of any College in the United States. Latin and Greek Prosodies will be critically taught. Indigent young men recommended by Judge O'Neal, or by the President and Vice President of the Clariosophic Society, Edgefield, shall be instructed gratis. Students who may become dissatisfied will be at liberty to withdraw from this school at any time when they pay up all arrearages.

The year will be divided into two terms: the first term will commence the first Monday in January, and end the 30th June. The second term will commence the first Monday after the 4th July and end on the Friday before the third Monday in December.

Good board can be had at $60 per annum, at the distance of one and two miles from the school. The subscriber can accommodate a few boarders on moderate terms.

RATES OF TUITION.

English, $6 00 per qr.
Classics and Mathematics, 8 00

For qualifications, reference may be had to the President and Professors of the South Carolina College.

JAMES DIVVER.

Newberry C. H. November 24.

NEWBERRY ACADEMY.—The winter session of the Newberry Male Academy will commence on the first Monday in January next, under the superintendence of the undersigned, assisted by Mr. Solomon L. Pope, whose moral and literary qualifications entitle him to public confidence.

RATES PER QUARTER.

Latin and Greek Languages, Algebra, Geometry, $8 00
English Branches generally, 6 00

On the same day the winter session of the Newberry Female Academy will also begin, under the same superintendent, assisted by Miss Angelina C. Mathies.

RATES PER QUARTER.

Solid Branches inclusive—as Grammar, Geography, History, Mathematics, &c. $6 00
Music, 8 00
Drawing, Painting, Embroidery, 10 00

The solid branches are included in one charge, to avoid the complaint of parents, that pupils are encouraged to study many branches, for each of which a separate charge is made. No charge for entrance or house rent will be made.

The superintendent will divide his time between the academies, as the best interest of each may require. Being taught in different buildings, the pupils of each academy are entirely separated. No scholar will be received for less than one quarter or charged for less without a special engagement.

Should it be necessary, other assistants shall be employed; as it is my desire to establish a permanent school in this place; in which young ladies may obtain a substantial and polite education. It would be easy to make out a syllabus of studies—a catalogue of books studied &c.—to promise to conduct the pupil by many "a near cut" to the temple of truth. But, at last the performance must determine our claim to public confidence.

Good boarding can be had in the village for about $7 per month—in the neighborhood of the village, for $5 or 6 per month.

Those who desire more particular information shall be fully satisfied on any particular relating to the academy, by addressing a letter (postage paid) to

SAML. P. PRESSLEY,
Superintendent.
