The Edgefield Village Academy.

IT is highly gratifying to us to state that we have succeeded in engaging Mr. SAMUEL M. SEABROOK to take charge of our Academy for another year, and we hope his residence here will be permanent. Whether as a Classical or Scientific Teacher, his reputation is so deservedly high in thoroughly preparing young gentlemen for the higher classes of College, as well as giving them a very good education independent of any College, that we forbear to remark on it. Our Village and neighborhood, we deem to be as healthful as any part of the State, and good Boarding in or out of the Village, can be had as low or nearly so low, as any where.

HAVING been informed by *William Eppes* that *John Thomas*, of Union District, at Union Court House, at the last court, on his oath was interrogated on his knowledge of Wm. Eppes' character as a man of truth; and that he (Thomas,) said, among other things, that he heard me say that Wm Eppes had sworn to a lie at Newberry Court House, in some certain case that was tried at that court—I do most positively deny ever having told Thomas any such thing, or ever having had any conversation with him on the subject of Eppes' character.

WILSON'S ROTARY STRAW CUTTER.

THIS Machine is the invention of Mr Samuel Wilson, of Darlington District, in this State, from whom I have purchased the Patent Right, for the Districts of Richland and Lexington in this State, and the further right to sell the Cutters in any other District of the State until Mr Wilson's Right in such District shall be assigned by him, and notice thereof given to me.

The simplicity of this machine renders it easy of construction, cheap in cost, and little, if at all, subject to be put out of order.

Its efficiency is believed to be greater than that of any other machine for the same purpose, and the power to produce the desired effect, can at all times be given by any person of sufficient strength to turn a crank of a common sized grind stone.

The Subscriber will either sell the right to individuals to make and use these Cutters or will furnish them ready made at a very reasonable price. Numbers of these machines are already engaged by gentlemen who are satisfied with the exhibition made at Columbia, and the testimony of those who have used them elsewhere.

JOHN LOMAS,
The Columbia Water Works.
