Our citizens have new an opportunity to assist the government of their choice in the way of taxes, and they so far are showing a preference for the Hampton government. Mr. B. B. Sams, special agent, opened his office last week and has issued forty-one tax re cipts and collected \$140. This is doing very well for Beaufort, as Mr. Sams expects to collect more largely from the upper part of the county where there is more wealth and more enthusiasm for Gen. Hampton. Among the contributors we notice the name of Dr. B. L. Brisbane. who, being a sort of a printer, paid in but twenty-five cents. Mr. Sams' list of appointments will be found in another column, and our up-country friends will not have long to wait to pay the tax.

Dr. Wilder opened his office last week and is receiving the taxes of all who believe in the legality of the Chamberlain administration, and also publishes a list of appointments. The town taxes are coming in very well and from present appearances there will be but few delitquents
