The Mexican commander on the Rio Grande has received orders to resist the invasion of the soil of Mexico...

A monument is to be erected to the memory of the two hundred alumni of the Virginia Military Institute who fell in the confederate service.

L. Cass Carpenter, formerly Internal Revenue Collector and at one time editor of the Columbia Union, has been held to bail upon a charge of tampering with State Treasury warrants...

This order issued by the President for finding office-holders taking active part in elections is admirable and satisfies the public that the new administration is in earnest.

This order is eminently wise, and must receive the warm support of all thoughtful minds. There would be small uses in appointing for merit and turning out for cause if the offices are to be used as of old to support politicians whose aim and end in life is to so manage as to make of the Government an immense machine at the polls to retain them in place.

The use of Government as a political machine has come to be an evil so great that it threatens the destruction of the Government itself. No better proof of this can be found than in the cry that goes up to the effect that if the President persists there will be an end to the Republican party.

Blaine dined with Robeson in Trenton last Tuesday and made a speech and defended Republicanism as it was administered by General Grant. Kilpatrick also spoke between the sherry and the champagne, and reviewed the army, dealing some hard blows as to its present condition.

A Card.

Editor of The Tribune: Allow us through your columns to return our grateful thanks to the citizens and merchants of Beaufort for the support rendered us in entertaining our guests, the Union Star Fire Engine Company of Charleston, on the fourth, and especially to Mr. Gordon for his voluntary and valuable assistance in decorating our engine on that occasion.

THE PUBLIC SCHOOLS.

The outlook for the teachers of the public schools this year is not very bright, as the poll tax is to be used in many of the counties entirely to pay their past indebtedness of the various school districts.

There are large claims, says the Columbia Register, yet existing for school services in the years covered by act of March, 1874, which will absorb the poll tax in many counties equally as fast as it can be collected. The re-enactment of this law, to pay deficiencies out of the poll tax the present year, is inconsistent with the plain and evident purpose of the Legislature, as revealed in the supply bill and the appropriation act was to devote the proceeds of this tax to the maintenance of general depression, when it was desirable to make all classes contribute something to the support of teachers.

The friends of the Mexican annexation scheme are moving quietly but actively, and assert that they have the sympathy of persons high in the councils of our government. They allege that every government in Mexico to seat an usurper

or usurper a president has risen in the district which would be annexed to the United States and therefore the reigning President, Diaz, is inclined to consider the project for the execution of turbulent provinces. If Diaz should be recognized and a fair sum should be offered Mexico, the annexionists have no doubt he would secure the cession of the territory which includes the coveted mines in Sonora and Chihuahua, even though Mr. Everts should demand that all claims of Americans for damages should be adjudicated and paid out of the purchase money before a dollar should pass into the Mexican treasury.

A CASE OF JURISDICTION

The case of the unfortunate arrested last week, tried and sentenced by the Intendant, assumed new and unexpected interest from the action for their relief taken by their attorneys, Messrs. Verdier and White in behalf of Mrs. Burton charged with keeping a disorderly house, and by Mr. Whipper on the part of J. H. Page on the same charge.

Gov. Cullom, of Illinois, requires that notice for pardon shall be published three weeks in a paper either in or near the place where the trial was had, the notice to state the name of the convict and the nature of the crime; and, in addition, there must come with the application for pardon a statement of the case from the Judge and the prosecuting attorney acting therein; or, if such statement cannot be obtained, the reasons therefor. The object of this excellent rule is to show that movement for pardon is on foot so that the community most interested may take steps to counteract it if deemed necessary.

The Turkish Government has organized a corps of divers, whose business it is to root up the torpedoes which the Russians plant in the Danube and the shores of the Black Sea. These divers are Mohammedans from Sazistan, and a certain number of them are attached to each of the Turkish squadrons.

Mr. Elliott appeared for the Intendant with a return to the rule, read the ordinance empowering the Municipality to punish for offenses against the peace and order of the town, and went into elaborate argument as to the rights and jurisdiction of its corporate power.

THE PANAMA CANAL

The construction of a Panama canal would be an important step in promotion of the foreign trade of the United States. This scheme is four centuries old, and it has latterly become fashionable to deride it as a wild and visionary project; but the successful construction of the Suez canal, which was long regarded as a twin enterprise, ought to stop the mouths of all such croakers.

Russia has given Mr. Whitehead, the torpedo inventor, an order for one hundred fish torpedoes to be dispatched to the Danube and the Black Sea. The Russian Government is resolved if possible to destroy or drive away all the Turkish monitors in or near the mouth of the Danube, and then assume the offensive with the iron clads they have at Nicolaieff and some torpedo vessels now constructing at St. Petersburg.

Yellow fever prevails at Havana, and 186 deaths have occurred in two weeks at the military hospital, 100 miles from there.

SECOND GRAND DRAWING

Kentucky Cash Distribution Co. LOUISVILLE, Ky., June 30, 1877. \$310,000 Cash in Gifts. New Organization, New Schemes, New Management.

The Kentucky Cash Distribution Co., authorized by a special act of the Legislature for the benefit of the Public Schools of Kentucky, will have the second of the series of grand drawings in the City of Louisville, Ky., Saturday June 30th, 1877, at public Library Hall.

Read the List of Gifts: 1 Grand Cash Gift, \$50,000 1 Grand Cash Gift, 25,000 1 Grand Cash Gift, 15,000 1 Grand Cash Gift, 10,000 3 Grand Cash Gifts, \$5,000 each, 15,000 30 Cash Gifts, \$1,000 each, 30,000 40 Cash Gifts, \$500 each, 20,000 100 Cash Gifts, \$200 each, 20,000 300 Cash Gifts, \$100 each, 30,000 6000 Cash Gifts, \$50 each, 300,000 6072 Cash Gifts, amounting to \$410,000

And this or is being carried out. Formerly the Grand Union was a popular caravanary. Drummers displayed their wares and extolled the firm textures of the fabrics in the shadow of the grand piazza and the front-rooms of the cottages. The prices were as democratic as the patrons. It was a busy mart, and many of the best rooms were given up to industrious men. All this is changed now, and silkstocking exclusiveness is hereafter to mount the broad staircases and glide over the stately halls.

The new law in regard to the payment of poll tax is that upon conviction, before a Trial Justice, of a refusal, or failure to pay the Poll Tax, the delinquent shall be fined five dollars and costs, or be imprisoned not more than thirty days in the county jail. The poll tax is to be expended for the free schools in the township the same is collected. Any citizen can make the affidavit to bring a delinquent before a Trial Justice.

We have had politics enough to last us for awhile, and the popular voice cries out unanimously and emphatically, "Give us a rest." Let no dead issues be revived, and no new issues sprung until absolutely necessary. We have been "issued" to death. The people, Republicans and Democrats alike, do not want to be disturbed in the enjoyment of their political Sabbath, and one of the healthiest and happiest signs of the time is that, in spite of all the efforts of the politicians and their organs, the people are not disturbed. There is not a ripple of political excitement on the national sea, and the breeze makers find their occupation gone.

The ship Governor Morton, from New Orleans for Gransby, with four thousand six hundred and seven bales of cotton, took fire and was vented at South Pass. The value of the vessel and cargo is one-quarter of a million.

The champion murderer as heard from, is WILLIAM L'ENGLEY, arrested in DeSoto Parish, Louisiana, the other day. Langley confessed that he had been guilty of thirty-two murders in Texas, and only regretted that he had not added another to the list. There is evidently room for improvement in a region in which a man can commit thirty-two murders before being seized by the arm of the law.

Kingtree has two marshals—one white the other black. The white marshal went to sleep on a bench in the street, (drunk?) and the black marshal stole \$153 out of his pocket. The black marshal is in jail. Both marshals have been removed and new marshals, white and black have been appointed.

Ten thousand dollars was subscribed for the endowment of Walthalla College. This subscription has been made by twenty men, each giving \$500, and all entirely responsible.

Yellow fever prevails at Havana, and 186 deaths have occurred in two weeks at the military hospital, 100 miles from there.
