### Smalls, Cardozo and Carpenter Sentenced.

In the Court of General Sessions in Columbia last Monday morning Judge Townsend called for the three convicted politicians and after giving his reasons for overruling the motions for arrest of judgment proceeded to sentence the prisoners. The first, to receive the attention of the court was Cardozo. The court recounted the crime of the prisoner reminding him that he had prostituted He also reviewed the evidence, and the argument for the prosecution and the defense, and said that, in passing sentence, he should not be influenced by popular clamor, Ebut should be guided solely by the law. The court ther announced that the defendant, Francis L. Cardozo, be confined in jail two years, and pay a fine of \$400; and if the fine should not be paid, the imprisonment be for three years.

Smalls was next called, and underwent a similar ordeal in regard to the review of his case in the commission of the rimer, the trial, etc. The sentence of the court was then pronounced, that the defendant Robert Smalls be confined at hard labor for three years in the penitentiary. Carpenter was next called and sentenced to pay a fine of \$1,000 and be confined in the county jail for two years.

Melton stated that he had already served upon the Attorney-General the necessary papers in notice of appeal and would move that the executions of the judgment in the case of Robert Smalls be suspended, pending proceedings before Co. D. Capt. Gooding, 39 men. the higher tribunal,

Capt. B. F. Wyman, Surgeon. Capt. Abram Martin, Paymaster. Capt W. A. Riley, Commissary,

Capt. W. H. Mauldin, Quartermaster. The weather as you well know was exceedingly bad for the past several days, and still was so, yet this, though it hindered a full turn out of all the companies, did not deter a respectable representation from each company being present.

After the review and inspection were over Adit. Gon. There was but one colored company present, with but a very few members. The General also addressed a few appropriate and pertinent remarks to them, allowing them a certain time to fill up Port Royal August 21st from Port au their ranks and to comply with the requisites of law. They seemed well pleased with his remarks and gave three cheers at the conclusion of his speech. There appeared, in the Savannah News of 17th October an article on the late epidemic in Port Royal which demands some notice at my hands. As soon as it came under my eye, I discovered that the purpose of its publication was twofold, first, to attempt to prove that the fever was imported; secondly, to attribute its introduction to the negligence of the Health Officer.
