How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion. Thus help build resistance for the "time" to come.
2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. It is helpful. You'll be glad you did.
