"Honest dealerships are getting going over in rapid succession."

There are many fraternal and benevolent orders which have evolved definite and beautiful rituals to be observed on the death of a brother member. Many such rites have been carefully followed in our capel, either as a special service or as the final service.

Arrangements for the following of special rituals such as these can safely be entrusted to our care with the full assurance they will be followed to the letter. In this, as in everything, your wishes decide!
