

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Thedford's

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. E-75

Winthrop College SCHOLARSHIP AND ENTRANCE EXAMINATION

The examination for the award of vacant scholarships in Winthrop College and for the admission of new students will be held at the County Court House on Friday, July 6, at 9 a. m. Applicants must not be less than sixteen years of age. When scholarships are vacant after July 6 they will be awarded to those making the highest average at this examination, provided they meet the conditions governing the award. Applicants for the scholarships should write to President Johnson for scholarship examination blanks. These blanks, properly filled out by the applicant, should be filed with President Johnson by July 1st.

Scholarships are worth \$100 and free tuition. The next session will open September 19, 1917. For further information and catalogue, address President D. B. Johnson, Rock Hill, S. C.

HAS A GOOD OPINION OF CHAMBERLAIN'S TABLETS.

"Chamberlain's Tablets are a wonder. I never sold anything that beat them," writes F. B. Tressey, Richmond, Ky. When troubled with indigestion or constipation give them a trial.

LIBERTY LOAN BOND CATECHISM IS GIVEN.

Questions Are Asked and Answered as to its Object and Benefits to be Derived.

Following is a liberty loan catechism:

Q. What is the loan for?
A. To pay for feeding, clothing and munitioning the men who are fighting for you.

Q. Where can I buy a bond?
A. At any bank; or at the Post-office.

Q. Aren't bonds too big for me?
A. You can get them any size from \$50 and \$100 up to \$100,000.

Q. Do I have to pay all cash down?
A. No.

Q. When do I have to pay the rest?
A. \$18 on June 28th, \$20 on July 30th, \$30 on August 15th, \$30 on August 30th; plus interest earned by the bond before it is paid for.

Q. Would I pay at like rates for other bonds?
A. Yes. For a \$50 bond cut the figures in half. For a \$1,000 bond multiply them by ten.

Q. Can easier terms of payment be had?
A. Most banks are arranging to carry the payments for subscribers and collect in monthly installments.

Q. Do I have to pay taxes on them?
A. No. Nor on the income from them.

Q. How can I get my money out of them if I want it?
A. They are salable on a few minutes notice in the bond exchanges.

Q. Suppose the Government should issue more bonds bearing 4 or 5 per cent. interest like Great Britain has done, wouldn't my bonds go down in value?
A. The Government provides for this. You can turn your 3 1-2 per cent. bond in at par as subscription for a new bond bearing the higher interest rate, if issued.

Q. How is the Liberty Bond paying 3 1-2 per cent. equal in attraction to the saving bank paying 4 per cent?
A. It gives absolute security against loss; interest starts from the day of investment; it is secure against future taxation as well as present taxation. A great many people think the bonds will sell at a premium after the war. It is the opportunity of a life time for all people who have money put away.

Q. Why should I put my money into bonds anyhow?
A. Your brothers are offering their lives to save the nation from their lives to save the nation from the great dangers that threaten it. You are only asked to put your money in a giltedged investment that will pay interest from the day you make it. All you have in the world you owe to your country. If you fail to do the little bit that is asked can you look your fellow citizens in the face without shame? Do your bit to make sure that democracy shall endure in this world.

CATARRHAL DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.

DOCTORS FOR END OF KING ALCOHOL

New York, June 7.—Dr. Charles H. Mayo of Rochester, Minn., was inducted into office as President of the American Medical Association in the grand ballroom of the Waldorf-Astoria last night.

Three thousand physicians and surgeons, with a scattering of their women folk, filled the floor space, packed three galleries and overflowed into the wide corridors.

By its applause this audience, which stood for the best in medical and surgical science in the United States and the voice of which may be accepted as expressing the majority opinion of the association's 80,000 members, put the stamp of its approval in the following assertions of the great surgeon from Minnesota made in his installation speech:

"Alcohol's only place now is in the arts and sciences. National Prohibition would be welcomed by the medical profession.

"Our country should secure a medical cabinet officer in the near future.

"Must Not Lower Standards."

"Our great task now is to propagate and train bacteria to be man's true slaves.

"More good will come of tongue control than from birth control.

"Medicine has become now nearly an exact science.

"The war has been followed by a hysterical demand to lower the standards of education of physicians. A lowering of the standards must not be permitted. If we ever needed educated men it is right now."

Has Had Beneficial Results.

A man is not treating himself fairly when he neglects his backache, rheumatic pains, dizziness, stiff joints, muscles, or other symptoms of kidney or bladder trouble. Isaac B. Turman, 1277 Washington Avenue, Ashbury Park, N. J., writes: "I used Foley's Kidney Pills and had the most beneficial results from same."

LIED ABOUT HIS WIFE.

Greenwood Journal. A gentleman remarked to us a few days since that a man who is mighty fond of liquid fire, called at the office of the Judge of Probate and stated that he wished a ticket to get a quart for his wife who was mighty poorly.

Of course this fellow did not want this stuff for his wife. In all probability she will never see it. She may get a whiff of it on her husband's breath which is no uncommon thing, and one which she most heartily detests. We submit that it is bad enough for a man to lie and swear to it as this man did, but he should be ashamed to tell people that his wife is drinking liquor. No man should be willing to slander his good wife who has suffered in a thousand ways on account of his drinking, and who would rejoice if the were not a drop of vile stuff existence.

But just think of a fellow mean enough to give his wife liquor when she is sick. We can not believe that there is a man in Greenwood so mean as to do a thing like this. No, sir, men do not give whiskey to their wives sick or well. We are strongly inclined to the opinion that when a man comes in the Probate's office to get a ticket to buy liquor and says it is for his wife he should be turned down immediately and his name reported to the grand jury to be prosecuted for perjury.

SICK WOMAN HAD CRYING SPELLS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Enhaut, Pa.—"I was all run down and weak inwardly. I had female troubles and nervous feelings and my head bothered me. I would often have crying spells and feel as if I was not safe. If I heard anyone coming I would run and lock the door so they would not see me. I tried several doctors and they did not help me so I said to my mother I guess I will have to die as there is no help for me. She got me one of your little books and my husband said I should try one bottle. I stopped the doctor's medicine and took Lydia E. Pinkham's Vegetable Compound. It soon made a change in me and now I am strong and do all my work."—Mrs. AUGUSTUS BAUGHMAN, Box 86, Enhaut, Pa.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound? If you would like free confidential advice address Lydia E. Pinkham Medicine Co., Lynn, Mass.

Lowest cost per pound of real roughage

much each pound of roughage in this form is costing you, you must divide the price per ton by 1500—not by 2000.

BUCKEYE COTTONSEED HULLS LINTLESS

cost exactly what you pay for them. Every pound is all roughage—no useless lint. To really know the difference in cost between old style hulls and Buckeye Hulls you must know the cost per pound of real roughage.

Even though Buckeye Hulls do sell at a much lower price than old style hulls, you can't realize how much less they are costing you until you consider how much more real roughage a ton contains.

Other Advantages

Buckeye Hulls go farther. They allow better assimilation of other food. No trash or dust. Sacked—easy to handle. They mix well with other forage. Take half as much space in the barn.

Mr. Dan Wolf, Hammond Bldg. & Mfg. Co., Hammond, La., says: "I am feeding Buckeye Hulls to milk cows and find them a satisfactory filler when mixed with cottonseed meal and other concentrates. At the present price of feed stuff, Buckeye Hulls are the cheapest roughage on the market."

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free

Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send your copy to the nearest mill.
