It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little,

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmfuldrugs. Try it. Scott & Bowne, Bloomfield, N. J.
