

CAMBY LAIRD SUCCESSFUL FARMER.

Mr. M. Camby Laird, one of the most successful planters in the Pelion section of the county, passed through town Friday en route to Columbia on business. Mr. Laird says that he has the best crop this year that he has had in many years; both as to cotton and feed crops. He has around 90 acres of cotton under cultivation and will make an average yield of nearly a bale to the acre. He has sold lots of cotton this season, being satisfied with the prices for green cotton; but will now commence to hold back the last pickings for higher prices.

Mr. Laird is a brother of Deputy Sheriff Mm. M. Laird, and has many friends in Lexington who are always glad to see the light of his benign countenance.

WILL BE REPAID FOR THEIR WORK

Women everywhere suffer from kidney trouble—backache, rheumatic pains, swollen and tender muscles, stiff joints. Mrs. C. J. Ellis, 505 8th Ave., Sioux Falls, S. D., writes: "I feel sure if any one bothered as I was will give Foley Kidney Pills a fair trial they will be repaid for their work." Sold everywhere.

NOTICE.

I will draw my pond Thursday October, 2nd. and will sell 100 shares of fish, at \$1.00 each.

Those desiring shares by mail will please send me their names so I will know how many are taken.

D. E. SHUMPERT,
New Brookland, Rt. 2, Box 32

PRESIDENT WILSON FOND OF MELONS.

President Wilson loves watermelon dearly, and he eats it in the old-fashioned way, diving his face into the juicy red pulp and taking good mouthfuls each time.

Forks are spurned by him, and he forbids watermelon being brought to him with the rind cut away and only the heart left.

Some of his Southern admirers have sent him some big melons this summer, and he has not failed to enjoy them and has expressed his appreciation in many ways, it is said.

A LEXINGTON INQUIRY

Answered By the Statement Of a Lexington Resident.

When first the long series of reports of Lexington people who have been relieved by Doan's Kidney Pills were published in the local press, great enthusiasm and interest were aroused. But Lexington is now inquiring "How are these people keeping today? How has the benefit they received withstood the test of time?" For that, after all, is the essential test of a cure. On this point doubt can no longer exist, for after many years those who have been cured, emphatically declare their cure to be lasting.

Mrs. E. L. Corly, R F D No 6, says: "I suffered for several years from rheumatic twinges and other ailments and I felt bad all the time. I had headaches and pains across the small of my back, too. I got Doan's Kidney Pills at the Kaufmann Drug Co. and they helped me a great deal."

GONE FOR GOOD.

More than six years later, Mrs. Corly said: "Doan's Kidney Pills have made a permanent cure for me. I'm not bothered by my kidneys now and give all credit to Doan's."

Price 60c at all dealers. Don't simply ask for a remedy—get Doan's Kidney Pills—the same that Mrs. Corly had. Foster-Milburn Co, Mfgs., Buffalo, N. Y.

SHERIFF CAN'T USE PASSES IN VIRGINIA.

Twelve Virginia Sheriffs are without jobs in twelve different counties, according to authoritative interpretations of the constitution by officials in Richmond. The sheriffs, it is said, by accepting passes from the railroads automatically forfeited their public offices, and more over are subject to such "further penalties" as may be imposed.

TOBACCO GROWING IN MARLBORO COUNTY

A tobacco growing campaign has been started in Marlboro County and it is expected that this new crop will be tried out next year.

HOW'S THIS?

MRS. REMBERT DOING SPLENDID WORK.

Under the direction of the State Board of Health, a State-wide campaign will be inaugurated through central co-operating committee, headed by Mrs. Annie I. Rembert, field secretary of the State Board of Health, with regard to tuberculosis, and executive secretary of the South Carolina Anti-Tuberculosis association, for the protection not only of the military camps of the State against tuberculosis, but also of the civilian population as well, and for the care and treatment of those who have contracted the dread disease.

This work is considered vitally important during this war emergency, and it is felt that it can be more effectively carried out in view of the rigid examinations which are being undergone and are yet to be undergone by thousands of young men in the State, which will disclose many hidden places of the malady.

The co-operating committee of the tuberculosis war problem will be composed of the tuberculosis committee of the State Board of Health, the county chairmen of the State Council of Defense, the chairmen of the Red Cross organizations and special agents of the South Carolina Anti-Tuberculosis association. In each county there will be a subcommittee composed of the county supervisor, county superintendent of education, a representative of the County Medical Association, the mayor of the county seat, the president of the chamber of commerce, a representative of the women's clubs and a representative of the women's defense council. Mrs. Rembert will organize these committees, county by county.

Announcement of Mrs. Rembert's coming to Lexington will be made in due time.

Col. W. W. Lewis of York, has received his commission as a lieutenant colonel in the National army.

NUXATED IRON

Increases strength of delicate, nervous, run-down people 100 per cent. in ten days in many instances. \$1.00 forfeit if it fails as per full explanation in large article soon to appear in this paper. Ask your doctor or druggist about it.

JOHN W. GREGORY,
Agent of the estate of Elizabeth and John Q. A. Gregory, deceased.

Noted Preacher Coming.

Dr. Henry VanDyke, the noted preacher, will visit at Camp Jackson sometime during the month of October.

WOMAN SICK TWO YEARS

Could Do No Work. Now Strong as a Man.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh

165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. Jos. O'BRYAN, 1755 Newport Ave., Chicago, Ill.
The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, and nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

People Speak Well of Chamberlain's Tablets.

"I have been selling Chamberlain's Tablets for about two years and heard such good reports from my customers that I concluded to give them a trial myself, and I can say that I do not believe there is another preparation of the kind equal to them," writes G. A. McBride, Headford, Ont. If you are troubled with indigestion or constipation give them a trial. They will do you good. For sale by Harmon Drug Co.

Wet Buckeye Hulls carry the feed perfectly

from it. There is no danger of this with

BUCKEYE HULLS
COTTONSEED LINTLESS

when they are wetted down a half hour or so before using. Then they combine more thoroughly and uniformly with the other forage than the old style hulls.

Use Buckeye Hulls properly and you will find them a better roughage than old style hulls and far more economical.

Other Advantages

Buckeye Hulls cost much less than old style hulls.	2000 pounds real roughage to the ton—not 1500 pounds of roughage and 500 pounds of lint.
They allow better assimilation of food.	Sacked—easy to handle.
No trash or dust. No lint.	Take less space in the barn.

Mr. E. W. Leonard, Ellendale, Tenn.,

has been feeding Buckeye Hulls to three milch cows. He says that the cows are giving more milk and butter and are in fine condition. He prefers Buckeye Hulls.

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free

Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to the nearest mill.
