

**ENTIRE COMMUNITY  
RAISES VOICE ON  
HEALTH QUESTION**

**Canvas of Judson Mills, Greenville S. C. shows remarkable results of application of Nature laws of health**

Mrs. J. A. Parker, one of the best known women of Judson Mills, Greenville, S. C. gave a recent Birmingham visitor a most interesting light on the question of why her little community seems so unusually free from the general run of human ailments.

"Do you know" said Mrs. Parker "down here we don't have much sickness and no one stays sick very long because we have such an unbounded faith in the belief that Nature has provided an all sufficient remedy for most of the human ailments."

"It would likely surprise you to go from family to family here and talk with them about what sort of remedies they take for their various physical troubles. I venture to say that you would find that Sulferro-Sol was the only remedy known in most of our families."

"It helped so many here in cases of Indigestion, Rheumatism, and blood and Bladder troubles that scarcely any one here thinks of using any other remedy."

"I myself was a complete wreck from nervous indigestion and it did such wonders for me that of course I told many others about it and they in turn used it with such remarkable success for their ailments that they told others and so it has become the most dependable remedy in every family here."

"Go where you will in this community, everyone will tell you that Sulferro-Sol is the greatest medicine that was ever put into a bottle, for blood and stomach troubles."

Sulferro-Sol is sold and recommended by all Druggists. Take no substitute. Murray Drug Co., wholesale distributors.

Wallace E. Lorick one of the county Commissioners of Lexington county was a visitor in Lexington Friday. Mr. Lorick has a large circle of friends in Lexington and throughout the entire county, evidence of which was shown by the large vote he received in the primary during the last campaign.
