CLAIM CAPTURE OF TWELVE AMERICANS

London, March 2.—Capture by the Germans of 12 Americans in Friday's raid was announced by the Berlin war office today. The statement said:

"Northeast of Seicheprey we penetrated enemy trenches held by the Americans, inflicting heavy casualties. We took 12 prisoners."

The scene of the raid was the St. Mihiel sector, Seicheprey being 11 miles east of that important strategic point and less than three miles east of Xivray, where, according to a recent German official bulletin, Americans were taken prisoners.

All supplementary dispatches about the raid from correspondents on the American front showed that the German surprise attack was shattered by the Americans who out-fought their assailants man for man.

In the last 24 hours the Germans devoted much attention to the British front, launching raids nearly along the whole line. Near St. Quentin, around Hargicourt, and at Neuve Chapelle, where Portuguese troops are in the front line, the Germans succeeded in gaining a temporary foothold while northeast of Ypres their various raiding enterprises were frustrated by the British.

Berlin officially reported the storming of enemy trenches west of the Meuse and south of Haucourt and a successful raid near Prosnens.

"A-I-M" IS A WOMAN'S FRIEND

So Says Florida Lady Long Suffering With Poor Health Who Quickly Recovers By Its Use

READ WHAT SHE SAYS

"Oh, I think Acid Iron Mineral is just wonderful for women troubled like I was with poor health," says Mrs. A. H. Gallagher, of Antioch, Florida.

"I was terribly poor in health. I had nervous indigestion so bad I could scarcely eat anything at all. Gas would form on my stomach so bad I would almost choke to death. Kidney trouble, aches and pains in my back, rheumatism and female complaints, all combined managed to make life miserable for me until a friend told me about this Acid Iron Mineral. It is everything they claim for it to be. I gladly recommend it to all my friends. It relieved me of indigestion and gastritis, and female trouble has disappeared," says Mrs. Gallagher.

Acid Iron Mineral is strange to say not an acid medicine. It has no alcohol or dope to deaden pain or senses. It is just the simple highly concentrated compound made from ore dug out of a medicinal iron mine, leached, filtered, tested and bottled, very powerful for home use in hospitals and by doctors.

It is so strong that just a teaspoonful or less in a glass of water makes a powerful dose. How quick it acts even in the most stubborn cases is easily proven. Get a bottle today at your drug store or send \$1 direct to the Ferrodine Chemical Corp., Roanoke, Va., for fresh twelve ounce bottle prepaid.

"Acid Iron Mineral is sold here by the Harmon Drug Co., Palace Drug Co., and Murray Drug Co.
