

WITH THE COLORS AT CAMP SEVIER.

Mr. Editor:
DEAR SIR:
I will give you a few items of news from our camp as we haven't forgotten our home county nor our many loved ones and friends there.

We are enjoying our army life fine for we are members of the best division in the U. S. army and are known as the "Old Hickory" Division and are very proud of our different units especially the 105 ammunition Train. We have the very best company ('G') in the train. Also we are very fond of our officers viz. Capt. Wm. M. Carter and 2nd. Lieut. Wad. D. Allen, they are both gentlemen of refinement and culture and understand their responsibilities and duties consequently we get the best of treatment.

We are also famed over the entire division for our mess. Our cooks and mess Sergeant H. J. Kiser are the most competent in the Division. We have the neatest and nicest mess hall on the word of the division Surgeon, consequently we are a well fed bunch and that is a very important item in a soldier's welfare.

All the boys from Lexington are getting along nicely and I may remark that all the folks may be assured that if we have to take an active part in this war, they will perform their duties in such a manner as to reflect credit on their beloved country and state as well.

Quite a peculiar incident happened last Friday while policing our company street. An alligator about 8 inches was found in the street evidently out for a stroll he was immediately captured and elected mascot and now seems to feel the honor and dignity of his position and is resting peacefully after a large meal of steak. We have another mascot also, a small Mexican Shepherd dog that was procured from a Mexican while on the Border last year. She is our alligators most deadly rival and it can't be decided yet which will win out.

I must now close, you may publish it if you like.

Best regards to all.
I remain,
Sincerely
E. O. and E. L. Shealy,
105 Am. Train Co. G.

FROM SOMEWHERE IN FRANCE.
Our Lexington boy Engineer Downie Boles writes from over there. says he has some real experience in France, although he's faring fine gets plenty of good things to eat but not much cigarettes, cigars or candy its scarce over there. He says he is right along the line where the big guns roar and it takes a real man to be a soldier but its the life for me. I am as happy as I can be says young Boles and I am not a bit afraid of any German that is living and I fully expect to return to dear old America with the Red, White and Blue.

Prominent Physician Discusses Calomel

Dr. William Brady in an article about calomel in the Atlanta Constitution recently said:
"Calomel is a cathartic and a very crude and superfluous one. It produces no special effect upon the liver or upon the secretion of bile. It has no more influence over biliousness than any other active physic. It is just the ancient standby, cheaper than most other physics and retained in use because old dogs seldom learn new tricks."

As a substitute for a poison like calomel modern physicians prescribe purely vegetable cathartics. Mar-

tin's Liver Medicine does all the good calomel does without producing calomel's injurious effects. Martin's Liver Medicine is a standard proprietary preparation for constipation, sick headache and other stomach and liver troubles. Purely vegetable as to ingredients, pleasant in taste, mild in action and fully guaranteed. If not satisfied with it, take the empty bottle to your druggist and get your 50c back.

Try a dose or so of Martin's Liver Medicine when you feel that you need a liver regulator or a dose of physic. All good druggists sell Martin's Liver Medicine.

BEST IN THE LONG RUN

A Message from America's Roads

SECURE certainty of service in Tired Tires. They give sure service because it is proven service. Their endurance and mileage have been proved in the one way to assure mileage to the material, on the car on the road.

Hearken to that 1918 message, the roads of America send American motorists. Last year Goodrich, launching six Test Car Fleets in six widely different regions of our country, took Goodrich Tires, and with light and heavy cars, ran them over sand, gravel and rock roads of plains, coverts and mountains, to try out—

GOODRICH TESTED TIRES

What those tires did for you, they did in its tires. They fought America's roughest roads for miles. They conquered the roads of America with a phenomenal mileage, those BLACK SAFETY TIRES, THE TOWN CORDS.

Let American motorists listen to this message from America's roads. It means time and money saved them. They get lasting service with the tires that have won the title, "America's Tested Tires."
