FROM BATESBURG.

The patriotic rally held in town last Friday in the interest of the Third Liberty bond brought to town one of the largest crowds that have assembled here in many years. The music was furnished by the band from Camp Jackson. Rain began to pour shortly after the parade by the members of the Red Cross and the school children which caused the crowd to disperse and go to their homes. A large number were addressed by Rev. H. R. Murchison of Lancaster.

Hon. John E. Swearingen state superintendent of education has been invited to deliver the address to the graduating class of Summerland college at commencement in June.

Mr. H. L. Raser of Abbeville was in town a few days last week organizing a Mutual Fire Insurance company for this county. He met with considerable encouragement and he will likely begin work in the interest of the Company in the near future.

Capt. E. W. Gibson of Vermont a member of the United States army and stationed at Spartanburg spent Sunday with friends in town. Capt. Gibson is a well known lawyer of Brattleboro, Vt., and when the war broke out between the United States and Germany, he was among the first to volunteer and take his place among the valient defenders of his country.

Mr. John Fox formerly of Batesburg but now of Concord, N. C., is spending this week with his mother Mrs. Jabez Ferris.

YOU Don't Have to Suffer

BACKACHE?
Feeling tired?
Shooting pains in sides?
Ankles swollen?
Joints stiff?
Muscles sore?
Do you feel bilious and out of sorts?
Have you dark patches under your eyes?
Do you feel that you are growing old?
Are you annoyed at night with sleep disturbing bladder irregularities?
Would you like to know of a good remedy for kidney trouble, the cause of most of these symptoms and ailments?

The best good-health insurance known is to keep the kidneys and urinary tract in the proper condition to do their work of filtering and throwing out from the blood stream, uric acid and poisons that settle throughout the system when the kidneys fail in their work.

Foley Kidney Pills

will tone up and invigorate your kidneys. They banish backache and other symptoms of weak and disordered kidneys. They start you right toward good health. They soothe and heal the bladder and regulate the liver.

Why suffer when such a well-known remedy can be had with so little effort?
Mrs. Effie E. Kleppe, Averill, Minnesota, writes: "I was at Fargo Sanitarium for three weeks at one time and two weeks at another time for rheumatism and kidney trouble and got no relief. And on my return home I began using Foley Kidney Pills and found immediate relief and about half a bottle completed the cure. I always have them on hand and use them when I feel any pain in my back."

NO REASON FOR HIGH PRICE ON POTATOES

Information for Dealers Who Will Apply To The Food Administration.

Columbia.—If there is in South Carolina any community where prices of Irish potatoes have not decreased to a level which places this food within the reach of all, by reason of the fact that food dealers have not been able to secure potatoes at a wholesale price which will permit of selling them at lower retail prices, the Food Administration is in position to inform such dealers where potatoes can be secured at prices comparable with the surplus stock in South Carolina at the present time. A letter or postal addressed to the Food Administration at Columbia will bring this information to anyone inquiring.

Potatoes are the most plentiful and economical food that consumers can buy at the present time.

SOUTH CAROLINA BOYS ARE HELPING FEED THE WORLD

Splendid Work of Corn and Pig Club Boys Forms Big Contribution to Food Supply.

Columbia.—The report of L. L. Baker, Supervising Agent of Boys' Club Work in South Carolina, recently made to Dr. W. W. Long, Director of Extension Work in this State, a copy of which has been received by the Food Administration, illustrates in a most forcible and convincing manner how farmer boys can, on their own responsibility, aid materially in the production and conservation of food at this critical time in the world's history when the crying demand of a hungry, fighting world is for more and more food. At the same time, the boys are earning money with which to buy Liberty Bonds, thus helping in a double-barreled manner to help win the war.

Members of the Corn Club in South Carolina produced last year 26,813.21 bushels of corn at an average cost of forty cents a bushel, the average yield being fifty-three bushels to the acre. Figuring corn at \$2.00 per bushel, which is conservative, the total net profit was \$42,689.47. The total net profit resulting from the Boys' Pig Club in the State was \$13,998.01. The total net profits of South Carolina farmer boys in these two projects for the year was \$56,687.48.

There is an effort being made to more than double the membership of the Corn and Pig Clubs during present year. Last year there were 1056 boys enrolled in Corn Club Work, of whom, however, only 501 reported; and 1,250 boys enrolled in Pig Clubs, of whom only 856 reported.

To assure the success of the Corn and Pig Club work in South Carolina, the co-operation, encouragement and support of the public-spirited citizens is necessary. For instance, last year a number of bankers in different parts of the State helped by offering prizes, and in this way thousands of dollars' worth of pure bred pigs were brought into the State, very materially adding to the breeding stock of hogs. One of the greatest difficulties has been encountered in supplying the boys with pigs. This splendid work of the farmer boys of South Carolina has formed a big contribution to the food supply of the country, and it is a work which offers opportunity for many public-spirited people to lend their aid. There will be more Pig Club boys this year if the pigs to supply them are offered—or the money with which to buy pigs—and L. L. Baker, Supervising Agent of Boys' Club Work, Bishopville, S. C., who is in charge of the work in this State, will be glad to hear from any one who will aid the farmer boys in their effort in greater production of food. Offers addressed to the Chairman of Conservation of the Food Administration for South Carolina, Columbia, will be forwarded to Mr. Baker.

WOULD BECOME CLAY EATER TO LICK THE KAISER

Secretary McAdoo Says It Doesn't Matter What Strange Foods People Eat Nowadays.

Columbia.—In the course of his address, launching the third Liberty Loan in South Carolina, William McAdoo, Secretary of the Treasury, called attention in his Columbia speech to the great shortage of food, and said: "The greatest thing needed is wheat. We are all eating strange breads composed of elements which a short time ago no American ever dreamed of. But what does it matter? For my part, I'd become a clay-eater to lick the kaiser. Save food. Save for our Allies. You won't save unless you economize. Economize and you not only save food, but you also save money which you can put into the Liberty Loans and thus help win the war in two ways."

PLANT SWEET POTATOES.

Columbia.—As one way to assure a food supply for next winter, the United States Food Administration is urging the farmers of South Carolina to plant generously and unsparingly of sweet potatoes.

Fairview Korndyke Mata, a full aged cow at Pine Grove Farm, Buffalo, N. Y., has established a new record for butter-making—185.28 pounds, taking the honors from a dairy mate, who had held it for two years at 183 pounds.

A half dozen bandits robbed the bank of Brinkley, in Arkansas, of \$25,000 on Tuesday, shot a traveling man who tried to stop them and escaped in a big automobile.

O. J. Meyer, conductor on the branch road from Union to Lockhardt Shoals, was arrested on the charge of making disloyal remarks, and was placed under bond. He says his remarks were misunderstood.

Prof. John O. Williams, for several years connected with the livestock department at Clemson college has accepted a position in the animal husbandry department of the department of agriculture in Washington and will assume his duties on the first of May.

Senator Trammell of Florida has offered a bill in the senate providing for "jim-crow" street cars in the city of Washington.

The president has signed the bill passed by congress making the law against enemy aliens and spies apply to women as well as men. All German women will be required to leave Washington by a definite date.

THE DANGERS OF TAKING CALOMEL

If you only realized the terrible injury you do yourself when you take calomel, you'd never put another grain in your mouth. It's rank poison.

Instead of calomel, use that splendid guaranteed vegetable compound, Martin's Liver Medicine, the medicine that is winning favor. It is excellent for headache, constipation and kindred ills. It acts forcibly and quickly without griping. Causes no loss of time from business; does not impair the appetite. "While the prescribed dose is one tablespoonful, I have found by experience that a teaspoon-

ful at bedtime promotes sound sleep throughout the night and a comfortable movement before breakfast. It gives me great pleasure to be able to recommend Martin's Liver Medicine as a pleasant and thorough laxative."—Andrew M. Beck, Macon, Ga.

Martin's Liver Medicine is made according to the prescription of a celebrated Southern physician who used it for years in his practice. It is purely vegetable and is guaranteed to give satisfactory results. If after using it you are not satisfied, return the empty bottle and receive your 50c.
