Seventy white men-the very flow first stopping place. The boys were given a rousing send off by the people of Lexington, most of whom turn ed out to bid them good-bye and god speed. A new feature was added to the departure of the men today, when pretty young girls presented each of the young soldiers with a service kit containing white and khaki thread, together with buttons and needles and pins the handiwork of Miss A. J. Hill, popular public health nurse and Red Cross worker of the Lexington County Health Department. The idea was originated by Miss Hill, who is thoroughly acquain ted with the needs of the young soldiers; and presented to them for their temporary use until they receive their regular service kits from the government.

After the men had been presented with the new service kits, other young women pinned beautiful badges on the lapel of their coats bearing the inscription, "On to Berlin from Lexington Gounty, Bouth Carolina 1918.
