POSTPONE BETHEN CASE AGAINST RECORD

The case of Andrew J. Bethen against the Columbia Record, which had been set for trial today, will not be heard at this term of the court.

At about 7 o'clock Saturday afternoon, Mr. Bethen's attorneys moved before Judge William H. Townsend that the case be postponed upon the ground of the illness of the plaintiff's mother. The plaintiff stated that his mother was ill at her home, had been seriously ill during the past ten days and that it was necessary that he should go there.

Attorneys for the Columbia Record contested the motion upon the ground that the defendant had been put to great trouble and expense preparing for the trial of the case on Monday, that numerous witnesses, including prominent military officers, had been brought to Columbia for the trial, that some of these officers had been discharged from the service and were only awaiting the conclusion of the trial to leave for their distant homes, and that the rights of their clients would be seriously prejudiced by a postponement of the trial.

S. C. Strickling, county demonstration agent, has made arrangement to have in Cherokee county seven plots of land which will be utilized as a test for the various grades of fertilizers which are sold on this market. The plants will all be cultivated in the same way, but a different brand of fertilizer will be used that it may be determined which brands are the best.

Columbia—Through service from Charleston to Asheville at night, with Pullman accommodations, is announced in a statement just issued by the officers of the Southern railway. The new train will commence operation during the middle or latter part of June, in order to take care of the travel mountainward.

Camp Jackson.—The camp recruiting officer has received a telegram from the adjutant general at Washington authorizing the enlistment of men with previous military service for the infantry and the medical department, to be assigned to duty in Siberia.
