

5,000 Helpless Orphans in South Are Asking the Privileges of a Home

Baptists Are Providing For That Many at Present in Fifteen Institutions But as Many More are Waiting For Admission--The 75 Million Campaign Plans to Meet That Need.

A Group of Boys and Girls in the Tennessee Baptist Orphans Home near Nashville who are being cared for and trained for useful lives.

Does your heart go out to the worthy boy and girl bereft by the Grim Reaper of father and mother, and left alone in the world without the fostering care of those to whom they are naturally most dear in the world?

Then you will understand why Southern Baptists have established orphanages in fifteen states, are caring for 5,000 such children in those homes and training them for useful lives in the world.

But the need is far greater than the ability of these institutions to meet it. While five thousand children are being cared for in these orphanages, there are on the waiting list of these institutions fully five thousand more equally worthy, fatherless and motherless boys and girls who want the privileges which these orphanages afford but which must be denied them for the present because there is no room with which to shelter more of them.

So when the Baptist 75 Million Campaign was launched for the enlargement of the work of the denomination along general lines in an effort to meet growing spiritual needs in the homeland and throughout the world, the sum of \$4,700,000 was apportioned to the orphanages, this sum to cover a program of five years, as the \$75,000,000 sought in the campaign will be raised in cash and five-year pledges during Victory Week, November 30-December 7.

In the homes that have been provided for the orphans facilities are provided for giving regular schooling of the same character that is afforded in the public schools, beginning with the kindergarten and continuing to the tenth and eleventh grades in the

high school. This work in the school room is supplemented however, with practical training along industrial and other lines. For instance, the boys are given courses in practical farm work on farms which have been purchased and are operated by the homes, livestock production, carpentering, tin work, plumbing, laundrying, and the like, as well as courses in business for those who show special adaptation for that line of work.

The school room work for the girls is supplemented with the study of music, domestic science, stenography and the like. Large attention is given to the religious life of the children, also, and this is given emphasis in the daily chapel services, and in the Sunday School and preaching services on the Sabbath.

The orphan children respond readily to the opportunities and privileges afforded them and there have gone out from these institutions a number of the most useful men and women in the various states. While taking pride in the accomplishments of the boys and girls who are in the homes at present, as well as those who have gone out from there to make their own way in the world, the superintendent and teachers are saddened by the fact that there are so many other helpless children who ought to be aided but can not be by reason of the limitations of the homes.

Enlargements are necessary for all of the fifteen orphanages fostered by Southern Baptists which are located in the following states: Alabama, Arkansas, Florida, Georgia, Illinois, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia.

In the South without a single Baptist church or meeting house, it has been ascertained by the campaign headquarters. By reason of the large number of public officials residing there, and the large number of people who go there from every section of the county to attend the sessions of the various courts, pay their taxes, and the like it is regarded that the county-seat towns are of especial importance and it is hoped that before the next five years have passed there will be an active Baptist church in every county-seat in the South.

Engaged in the work of state missions at present are 1524 missionaries, and while this may seem like a reasonable number, when the vast territory to be served is considered it has been found that fully 1,000 extra men and women are needed at once, for in addition to reaching the people who are not christians there are many weak, struggling churches which need assistance and whose members need development. In the several states of the Southern Baptist convention, for instance, there are 9,000 churches with a membership of many thousand which give but very little to any interest of the denomination and which are doing but very small things for the uplift of their communities.

In addition to these very weak churches, many of which have no pastor there are in the various states a total of 19,688 churches which have preaching services only once a month, 3,000 churches which have services only once a month, and only about 2,200 full time churches. Part of the \$11,000,000 apportioned for state missions will go to the strengthening of the weak churches and the bringing of them to full-time pastorates where possible.

Leaders in the campaign have sought to care for every interest of the denomination in the \$75,000,000 that is asked in cash and five-year pledges during Victory Week, November 30-December 7, when the final drive will be made, but they recognize that the future development of the church depends in a great measure upon the development of the churches at home which is the peculiar task of state missions.

13 MILLION WHITE PEOPLE NOT SAVED

THIS IS ONE OF THE PRESSING STATE MISSION PROBLEMS IN THE SOUTHLAND.

THE SITUATION IS OUTLINED

Baptist 75 Million Campaign Has Apportioned \$11,000,000 To Be Employed During the Next Five Years in Meeting Need.

Within the eighteen states comprising the territory of the Southern Baptist convention are 13,000,000 white people who are not only not identified with any church, but who do not claim to be christians, according to information gathered by the Baptist 75 Million Campaign. To try and reach these people with the gospel is one of the aims of the campaign and to meet the problem the state mission organization in the various states will set themselves. To help these organizations in meeting that problem the sum of \$11,000,000 has been apportioned from the total of \$75,000,000 that is sought for all purposes, and during the next five years the state mission forces will seek to reach these millions of people right here at home with the gospel and enlist them in some phase of christian work.

According to this same source of information, it is learned that there are 3,391 towns and villages in the South with a population of 200 or more in which there are no Baptist church organizations or no Baptist houses of worship, inasmuch as these towns influence more or less the surrounding territory an effort will be made to reach them and the territory surrounding them during the five-year program of the Baptists, it is announced.

His Experience.

"Goodness gracious, Ysabelle! What sort of a butler is this new one you have?" He admitted me with the most condescending manner, strutted half-way across the reception room with all the dignified composure of a strolling behemoth, and then suddenly sagged down in a chair, produced and lighted his pipe, flung his feet up on another chair and began scratching himself." "Oh, you'll have to bear with Blagins. All the experience he has had as a butler was in the movies, where he hunted for the warts of the scene, and then was at ease until he got his cue again. But doesn't he do it beautifully while he 'acts'?" —Kansas City Star.

Impossible Task.

"No man can serve two masters." "I should like to try it once. It ought to be easy compared to my job. I'm trying to please 600 masters." "Six hundred! How do you manage that out?" "I'm chairman of the house committee of our club."
