

**MEMORIAL CHAPEL
FAVORED BY LEGION**

Columbia, S. C., October 28.—Following a somewhat extended debate, the initial annual convention of the American Legion of South Carolina, which met here today, in the hall of the House of Representatives, by an almost unanimous vote rejected a resolution, introduced by J. Hertz Brown, a delegate from Spartanburg, providing for a memorial hospital, commemorative of those South Carolinians in the service of the nation who made the supreme sacrifice in the world war, instead of the memorial chapel provided for by an act of the General Assembly.

Subsequently another resolution endorsing a non-utilitarian building or monument as a fitting memorial was adopted by the convention.

The hospital resolution asked the General Assembly to make the necessary amendment in the existing law, so that the utilitarian building instead of the memorial chapel be built. The resolution said that the building, if the General Assembly was favorably disposed toward the idea "shall be a great memorial hospital where suffering may be relieved, disease eradicated and the citizens of this State made more fit for her service."

Act of General Assembly. The last session of the General Assembly passed the act providing for the erection of the memorial chapel on the ground owned by the University of South Carolina. The measure carried an appropriation of \$100,000 with the stipulation that it was to be augmented by public subscription from among the citizens of the State. It is a created commission, of which Governor Cooper is chairman, and ex-Governor Manning, vice-chairman, to carry on the campaign and provide for the memorial. The commission decided that the people of the State

Only a Cold.
Are you ill? Is often answered—"Oh! it's only a cold," as if a cold was a matter of little consequence but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

would be asked to contribute \$400,000. Almost from the first meeting of the Commission, opposition to the idea of nonutilitarian building was expressed. A campaign bolstered by a deal of publicity, has been waged bringing to the fore the hospital idea, the underlying plea being that the ex-soldiers wanted something which would be of service instead of ornamental, by which their fallen comrades would be remembered. A petition was presented to the memorial commission asking for consideration of the hospital idea, but the Commission took the position that the Legislature had spoken and it was mandatory upon it under the act to go on with the original project for a memorial chapel. So the solicitation for funds was commenced on September 29th.

Indifference explained. The campaign for subscriptions has met with indifferent success since the "drive" began, thought principally to be due to the propaganda in favor of the hospital project. However, the friends of the present memorial chapel idea are now confident that the solicitation for funds will take on an impetus as the voice of the South Carolina world war veterans, the American Legion, they contend, has spoken for it and has demonstrated what the wishes of the ex-soldiers are.

The resolution adopted by the convention reads: "Whereas, the Legislature of South Carolina in its wisdom and after mature deliberation appropriated the sum of \$100,000 and created a commission for the purpose of erecting a suitable memorial building to our comrades who fell in the recent great war; and,

"Whereas, there has been since that time considerable agitation designed to change the form of memorial from that design contemplated by the Legislature to a hospital; and,

"Whereas, we believe that a memorial building or some suitable monument is a more fitting type of memorial than a hospital, and that all agitation at this time as to a change served only to create uncertainty and to hamper the raising of the fund; now, therefore, be it

"Resolved, by the American Legion of South Carolina, representing the white soldiers of South Carolina and speaking for our fallen comrades that it is the sense of this convention that the most fitting memorial would be not a hospital but some building or

monument which would be primarily a memorial and would express in itself the ideals of liberty and justice for which our comrades fought and which might be a repository of the records of the South Carolina soldiers."—The Charleston News and Courier.

**PERMANENT RESERVE IS THE
SUGGESTION OF GEN. PERSHING**

Washington, Nov. 1.—A volunteer force of officers and men who served in the great war, so organized to preserve war-time designations of units, was proposed to the military committee of congress today by General Pershing as the basis of a permanent reserve to be maintained in future by universal service.

Until universal training got under way, he told the committee, divisions and smaller units now disbanded could be brought back into existence on paper, with enough volunteers from their former personnel to make up the skeleton of a huge reserve system.

Later, he continued, men emerging from universal training camps could be assigned to these reserve units in their home localities. He suggested that the men thus assigned be assembled for drill or maneuvers "once or twice during the period they are held for possible service," after training, though they could not be actually called into active service except in time of war.

The general said the problem of fitting in this plan with any continuance of the national guard as such, was a difficult one. He suggested that the governors of states might be given authority to call the reserves into service in local emergencies, but preferred that their training and organization be distinctly federal.

General Pershing also declared his preference for army promotions by selection rather than seniority and recommended a single list for pro-

When A Child Has Croup.

Thousands of mothers say Foley's Honey and Tar Compound is the best remedy they know for croup, coughs and colds. Its cuts the thick, choking mucus, clears away the phlegm, opens air passages and eases hoarseness. The gasping, strangling fight for breath gives away to quiet breathing and peaceful sleep. Sold everywhere.

motion. In that way, he said, much "dead timber," could be eliminated and existing inequalities between staff and line removed.

The present promotion system he characterized as "absurd."

The witness virtually completed his statement before the committees today, but he asked more time to consider some of the questions submitted by members and probably will appear again next week.

NORTH EDISTO SCHOOL

Opened last Monday with 67 pupils with bright prospects and many more to enroll. The school is this term under the tutelage of Mrs. Ollie Schoenberg, principal, and Mrs. Lucile Jefcoat assistant. With the experience and good care of these ladies the pupils and the patrons can rest assured of good work.

**Mr. Dodson Warns
Users of Calomel**

**Says Drug Acts Like Dynamite
on Liver and You Lose a
Day's Work.**

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

BOX PARTY at OAKVILLE SCHOOL.

A box party and cake walk will be given at Oakville school house Saturday night, Nov. 8. A good time is promised to all who attend. Come and bring your friends. W. P. Oswald, Job Price, Talley Sease, trustees.

New Brookland Property for Sale.

I have for sale in the town of Brookland one splendid home of seven rooms; built about two years ago, large lot enclosed with good deep pump supplying an abundance of good water. This property can be purchased at a very reasonable price and on terms.

Also

A large lot containing one and one-half acres adjoining the new school building on the East, enclosed with high wire fence and has out buildings of value, enough good clean brick for a dwelling house chimneys and pillows, numbers of bearing fruit trees of all varieties, grapes, asparagus bed, scuppernongs, and ten pecan trees of the Schley paper shell variety part of them bearing this year. This lot can be purchased at a very reasonable price and on attractive terms.

at Tapp's Department Store, Cor. Main and Blanding Sts. Columbia, S. C.

Easier Now Than Later.

It is easier to break up a cold or check a cough now than it will be later. Persistent coughs that "hang on" all winter pave the way for serious throat and lung diseases. L. W. Day, 65 Campbell Av., E., Detroit, Mich., writes: Foley's Honey and Tar relieves one of bronchitis very quickly." Sold everywhere.

**STATE OF SOUTH CAROLINA,
COUNTY OF LEXINGTON,
IN COURT OF COMMON PLEAS.**

N. C. McDuffie & Company, Plaintiff,
vs.
E. M. Field, Jr., Defendant.

SUMMONS FOR RELIEF.

You are hereby summoned and required to answer the complaint in this action, of which a copy is herewith served upon you, and to serve a copy of your answer to the said complaint on the subscriber at his office, 21 Clark Law Building, Columbia, S. C., within twenty days after the service thereof, exclusive of the day of such service; and if you fail to answer the complaint within the time aforesaid, the plaintiff in this action will apply to the Court for the relief demanded in the complaint.

LOGAN & GRAYDON,
Plaintiff's Attorneys.

Dated September 9, 1919.

To the Defendant Above Named, E. M. Field, Jr.:

You are hereby notified that the summons and complaint in this action, which is an action for the foreclosure of real property in the County and State aforesaid, was duly filed in the office of the Clerk of Court for Lexington County on the 13th day of September, 1919, and that you are required to answer the same in accordance with law.

LOGAN & GRAYDON,
Plaintiff's Attorneys.

Dated Sept. 9, 1919. 2-6t

CITATION NOTICE.

State of South Carolina—County of Lexington—By George S. Drafft, esquire, Probate Judge.

Whereas, J. W. Stuck made suit to me, to grant him Letters of Administration of the estate of and effects of Vandora E. Stuck.

These are therefore to cite and admonish all and singular the kindred and creditors of the said Vandora E. Stuck deceased, that they be and appear, before me, in the Court of Probate, to be held at Lexington, C. H., S. C., on 15th Nov. 1919 next, after publication hereof at 11 o'clock in the forenoon, to show cause, if any they have, why the said Administration should not be granted.

Given under my Hand, this 1 day of Nov. Anno Domini 1919.

GEO. S. DRAFTS, (L. S.)

Probate Judge Lexington Co., S. C.

A Car of Proven Superiority

Mechanically and in outward appearance, the Allen 43 touring car stands superior in the light-weight, medium-price class.

By actual demonstration, the superiority of this new Allen can be proven point by point.

Viewed from any angle, the Allen 43 is most pleasing in design. The beautiful body, finished in a rich dark blue, carries a bevel edge from radiator to extreme rear. Trimmings and equipment are of highest grade throughout.

A careful study of the specifications listed elsewhere in this ad.; diligent comparison with other cars, and a demonstration will convince the careful buyer that the Allen is superior.

Leading Specifications

- | | |
|--|--|
| ENGINE
Allen, L head type. Detachable head. Four cylinders, 3 1-2 in. bore by 5 in. stroke. Three bearing crankshaft of heavy construction. | AXLES
Columbia. Front: one piece I beam type; Bock roller bearings in hubs. Rear: full floating; ring gear and pinion with spiral teeth. Bower roller bearings. |
| STARTING AND LIGHTING
Auto-Lite two unit system. Electric control on instrument board. | CHASSIS SPRINGS
Alloy steel, oil tempered. Semi-elliptic. Oil-cup lubrication. Rear 36 in. long. |
| IGNITION
Connecticut system with automatic circuit breaker. Champion spark plugs. | FUEL SYSTEM
Stewart vacuum fuel feed system. Square tank hung at rear; 15 gallon capacity; equipped with gas-underslung, 56 in. long; front line gauge. |
| CARBURETOR
Stromberg with hot air connection, superheated intake; air control on instrument board. | WHEELS AND TIRES
Wheels: artillery type. Tires: Miller, geared to the road tread, straight side, 32 in. by 4 in. |
| COOLING
Thermo-syphon; Mayo cellular type radiator. | LENGTH
Body, dark blue. Radiator and radiator, 137 1-2 in. Hub to hub, 110 in. Width of tread, standard, 56 in.; road clearance, 10 in. |
| LUBRICATION
Pressure-splash system. Gear pump operated by end of cam shaft. | INSTRUMENT BOARD
Pressed steel over wood, black enameled, mounting electric control, Stewart speedometer ammeter, carburetor air control; automatic ignition indicator, electric lamp and pressure oil gauge. |
| CLUTCH
10 in. Borg & Beck single plate, dry disc clutch. | FINISH
Zody, dark blue. Radiator and fenders, black. Wheels, cream colored. |
| TRANSMISSION
Allen selective sliding gear type. All gears 5-8 in. wide across face. Gear ratios between motor speed and rear wheels: High, 4.6 to 1; Second 7.95 to 1; Low, 14.8 to 1; Reverse, 18.5 to 1. | STANDARD EQUIPMENT
Starter, double bulb headlamps, tail lamp, Klaxon horn, Stewart speedometer, Boyce moto-meter, extra tire rim, ventilating windshield, robe rail, foot rail, tool kit, repair kit, tire pump, jack, instruction book. |
| STEERING GEAR
Worm and full gear type. Adjusted by eccentric bushing. Worm operating against ball thrust bearings. 17 in. steering wheel with corrugated rim. | |
| DRIVE
Full Hotchkiss drive. Hollow propeller shaft with two "Detroit" ball bearing universal joints. | |
