

A SAFE STOCK FOR ALL

OLD KING SOLOMON
WAS A WISE OLD BIRD

Knew How to Save His Shukels By Putting Them Into Safest Investments Bankers Could Find.

Old King Solomon was a wise bird. He distributed a lot of mighty good advice.

But he is dead.

You are alive. You will have to make your own decisions and determine your own course of action and your own future. It will not do you a bit of good to try to communicate with Sol and have him solve your problems for you.

If you got his ear, you probably would not take his advice.

You will have to acquire your wisdom as Sol acquired his, by gaining a broad view-point and taking advantage of your own experience and that of others. Solomon was a mason before he was a king and a miner as well, so his view-point probably would not be much different from that of wise workers of the present day.

You may be sure that the high cost of living was a problem in Solomon's day as well as in 1919 and that the purchasing power of a shekel, minted from the gold of Ophir, fluctuated just as does the dollar minted at Philadelphia.

But Solomon knew that thrift and saving, the stimulation of production and the elimination of waste would solve those problems just as the wise working man knows it today. He laid up a lot of coin through safe and conservative investment just as wise men and women have put money for the future in Liberty Bonds, Treasury Savings Certificates and War Savings Stamps. Also there is no record that anyone ever took any of that coin away from Old Sol by inducing him to speculate in wild cat stocks.

He left one bit of advice, the wisdom of which the years have not changed. He said: "A good man leaveth an inheritance to his children's children."

You can follow that advice by steady consistent saving and investing in War Savings Stamps and Treasury Savings Certificates and in Liberty Bonds at present prices. These securities bought now will be an inheritance for your children's children.

Sol had to get wise. You can get wise just as he did. If you fail to save you will repent through many years.

ARE YOU AN AMERICAN?

Are you an American?

The 1919 Savings Campaign is an all-American movement. That means it is for every man, woman and child resting under the sheltering folds of the Stars and stripes.

Do you belong to a live savings society?

If so, you have made the right start. Keep on saving and investing in War Savings Stamps and Thrift Stamps. Attend the meeting of your society and learn the habit of happy thrift.

BEE AND WORKER

How doth the little Busy Bee, Improve each shining hour? He gathers honey all day long, From each and every flower. How doth the worker in our land, Insure some future rest? He saves some money every day, Wisely to invest.

COLLEGE PRESIDENT
OUTLINES REMEDY

Tells How High Cost of Living Problems May Be Solved by Every Man and Woman.

President Nicholas Murray Butler, of Columbia University, in a recent discussion of the high living costs said:

"Punishing profiteers is a good thing, but it won't reduce the cost of living. If we had all their hoarded goods it would do little good.

"Only the operation of inexorable economic laws can bring us back to tolerable conditions. The remedy is to save, to practice public economy and private thrift. We must save and invest in productive industry. Borrowing for non-productive reasons means bankruptcy."

In the opinion of the best economist in the United States the people's greatest weapon against high prices is the government's Thrift campaign. Every family should have a budget just as every successful business has a budget. The first thing on that budget should be the amount to be saved from the weekly or monthly income—not the amount to be spent. Make what you save govern the amount you spend, not what you spend govern the amount you save.

War Savings Stamps bring 4 per cent interest, compounded every three months. Hit high prices below the belt by investing in United States securities. The dollar you save today may be worth twice as much five years from now.

SING A SONG OF
SAVINGS STAMPS

Sing a song of Savings Stamps, The cost of living's high. But have you counted all the things These Savings Stamps will buy?

They help to take that little trip. Or buy some needed clothes. How many things they'll help you get Goodness only knows.

OUR NEW VIRTUE

In fog or sunshine, snow or rain, it's comforting to have this thought—I have not spent my every gain, and thus reduced my funds to naught—it's pleasant through the muggy days to sit inside a cozy room, and realize the dismal haze cannot surround you with its gloom; to know, through purchase wisely made, investment planned with sober care, your income's bulk will never fade, but through such rainy days appear! Last year and this, an agency for teaching folks this gospel bright has strenuously impressed on me the way to duck the waster-bright; "A dollar saved—the interest gained"—this is the lesson sound and true, which keeps the wayward dollar chained and makes the 4 per cent accrue. Thrift! That's the answer to you, sir! The thing that flamed our battle lamps, and helped to down the Prussian cur; in other words, WAR SAVINGS STAMPS.

Cinders are no more worthless than good intentions which go no farther. Buy those War Savings Stamps now.

Every time you buy a Thrift Stamp you are striking Old Man Gloom on the

LIMITING FACTORS IN
PORK PRODUCTION

Handicaps Can Be Overcome, Says Extension Specialist

Clemson College, November 3.—Three of the limiting factors at the present time in pork production in South Carolina, says V. W. Lewis, Extension Animal Husbandman, in discussing the present decided trend toward a great hog industry, are:

1. Fences and equipment for handling. Too few of our farmers realize the importance of fencing their farms in order that crops grown for livestock may be harvested by the animal instead of by high priced labor.

2. Feeds grown. Too many of our farmers in the past have depended upon corn as the sole ration in producing hogs. South Carolina can produce an abundance of forage crops.

3. Disease. The larger part of

the losses from disease among hogs is caused by cholera. But the use of anti-cholera serum as a protection against these losses is reducing this one cause of loss to a negligible quantity.

These handicaps not only can be overcome but are even now being overcome. Campaigns are being waged successfully throughout the state for more and better fencing, pastures, and feeds, and county agents are daily teaching farmers the value and necessity of anti-cholera vaccination.

NEWS FROM CENTRAL
SCHOOL DISTRICT

The new school house is being put up. So the school can be started at an early date.

Mr. and Mrs. Wilbur Smith, of Columbia, spent Sunday, with Mrs.

KEPT MISERABLE
BY HER NERVES

Spartanburg Woman Once Dreaded To Hear Talking.

READ OF OTHERS TRIALS

Mrs. Lawter Says She Feels Fine in Many Ways and Praises Tanlac.

"Tanlac is the best medicine I ever took for stomach troubles, nervousness and palpitation of the heart. I sure can praise and recommend it," declared Mrs. H. E. Lawter, of 116 Williams street, Spartanburg, S. C., in a statement she gave in endorsement of Tanlac February 1, 1917.

"I suffered from indigestion, very bad nervous troubles and palpitation of the heart," continued Mrs. Lawter. "I could hardly sleep, but would roll and toss for hours, and my nerves were so bad I was kept miserable almost all the time. I could not eat anything hardly, and what I did eat felt like bricks on my stomach and I had a kind of choking feeling in my chest after meals. My heart fluttered a great deal, and this, I think, was partly caused by the great quantity of gas that formed on my stomach."

"Finally I decided to try Tanlac as it had helped so many others who had troubles like mine. Now I am not bothered with stomach troubles, thanks to Tanlac. I feel a great deal better in every way. My nerves are much stronger and steadier, though I used to be so nervous I dreaded to have anyone speak to me unexpectedly. I have not been bothered with palpitation of the heart either since I took Tanlac."

"I feel fine now in many ways and I sure can praise Tanlac. I am fifty-nine years of age, and it takes a powerfully good medicine to help one as old as I am as much as Tanlac helped me."

Tanlac, the master medicine, is sold exclusively at Harmon Drug Co., Lexington; Burnett & Whetsell, New Brookland; Harris-Cain Drug Co., Batesburg; Crosson Drug Co., Leesville; Eargle's Drug Store, Chapin; Dr. W. T. Brooker, Swansea; Pelion Drug Co., Pelion; W. J. Cayce, Cayce; A. E. Leaphart, Gilbert; The Lorick Co., Irmo; W. H. Suber, Peak. Price, \$1.00 per bottle, straight. adv.
