## RELIGION A SOLACE

#### Dr. Talmage Speaks Comforting Words for the Righteous.

Discourse for Those Whose Live Have Many Anxieties-All Is Well for the Believer - Trust Thoroughly in God.

(Copyright, 1901, by Louis Klopsch, N. Washington, Feb. 3.

There is a great solace in this dis course of Dr. Talmage for those whose lives have many anxieties; text Isaiah 3:10: "Say ye to the right edus that it shall be well with him." Here is a promise for people whe

are all right, but who will come and get it? How many, or, rather, how ew, people do you know who are al right? If it were asked of any assem bly that those who were sinless should rise up, none would rise except imbeciles and religious cranks. An ad cident happened near 60 centuries ago that started the human race in the wrong way; and we have not got over it. We know a great many splending men and splendid women, but they will fell you that they have not a weys done the right thing or though the right thought. If it were any o day or night. your business, they could give you an inventory of frailties and mistakes and infelicities that would be astonishing Here, then, you say, is a Bible prom ise that goes a begging: "Say ye te the righteous that it shall be well

It is my delightful work to-day t show you that all the sons and daugh ters of Adam and Eve may appropri ate the benediction of my text if they will first do the right thing. Over here in the next street was a man who in great misfortune lost all he had and was positively beggared, bu a letter comes from some European city where the land records are kept announcing to him that a great for-tune is his. Now he is as equient as he was pauperized. He doffs his rags and puts on respectable attire an moves into a home appropriate for a man of vast estate. His worldly cir cumstances were all wrong last year they are all right this year. On the next street is a man who was from perfect health prostrated, and he seemed to be sick unto death, but a skillful physician took correct diagnesis of his disease and by prompt and vigorous treatment restored him to his former vigor. As to his health he was all wrong before; now he is all right. In these two ways I illus trate my theme.

By sin we have all been morally Lord loveth he chasteneth." bankrupted. Christ the Lord from Wis infinite riches pays our debts and emparadises us in His mercy. From His richest wardrobe He puts on us the clean robe of His rightsousness and gives us a palace in the heavens when we are ready to go up and take it. Now, as to our spiritual estate, we are all right. We were morally diseased, but Christ the physician, by a bath in the fountain of grace, cures us. Now, as to our spiritual health. we are all right. That is the way we come to the righteousness spoken of in the text. It is a contributed rightcousness, a made-over rightcousness, an imputed righteousness. The moment you get into right relations with Christ the Lord that moment you can appreciate the magnificent comfort of the text, and I defy you, in all this great book, from the first verse of the first chapter of Genesis to the last verse of the last chapter of Revhigher and deeper and broader and longer and broader and broader and which is as deep as the Atlantic ocean half way between the continents and high as the sun when the clock is striking 12 at noon. But I shall be with teo many st swamped with the oceanic tides of this subject unless the Lord help me to keep a foothold. "Eay to the rightcous that it shall be well with him." Bear in mind that but few people can stand worldly success. Water is a good thing, but too much of it will drown. Fire is a good thing, but too much of it will destroy. Lightning is s good thing, but too much of it dazzles and blinds. Success is a good thing, but too much of it has overwhelmed many for this world and the next. If it were best for us, we would all be millionaires, live in palaces like the Alhambra and be as personally attractive as Cleopatra appeared to Antony. But most of folks could not endure such superabundance, and it is absolutely necessary in order to keep them right that nine hundred and ninety-nine men out of one thousand should find life a struggle. It keeps them out of mischief. After Adam was ejected from the premises where by ten minutes of employment a day he could keep the garden and dress it the best thing that could happen to him was compulsion to world and fight. The ground that bloomed with spontaneous flowers and rusiled with harvests that owed nething to plow or hos became hustile, and bram-ble was substituted for rose, and the panther growled where before he fawned, and horn and fang and hoof became belligerent. That Edenie ejectment shows us as nothing else ever could that idleness or only a few minutes of employment a day are doom and overthrow. Put it down among your blessings instead of your misfortunes that you have to work hard with brain of hand or foot or all three of them. How many men do you know worth \$250,000 who are devout and conseerated and humble and generous and employing their means for the world's redemption? You could count them up on the fingers of your two hands. even if by accident or war you had lost one or two of your fingers. As to the realm of personal attractivemeas, how many women radiant of countenance and graceful of form do you know who are unaffected and nat- p brook near my father's house. But I

It is the story of how Yellow Blossom bantered Peter Ketch and was properly caught. Yellow Blossem believed that he was just a "leetle bit" of the best man at a horse swap that "ever tred in shoe leather." After deteribing Bullet, Blossom's horse, and Kit, the "critter" owned by Peter Ketch, at

# THE BEST PRESCRIPTION IS Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle-hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's-its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.
