WHAT NEXT?

The growth of our town for the past two years, has been a source of pleasure to our people generally. We must not be satisfied with present attainments, but our basiness men should recognize that it is their duty to take the inniative steps in organizing new enterprises. There are several, which | The weather has been pleasant and could be put in operation, from which spring like for the past few days.

special attention to one only. That ing their lands f r cottor. this section needs an oil mill is appar- Mr. A. M. Hutto, D. F.
