factory manner.

— Your Success and Ours —

The success of this bank depends on the success of the
success of the people who deposit and borrow here. Only
as our people are successful can we hope to continue to
build up a strong business.

On the other hand, our people are dependent on the
bank for many services which they could not get other-
wise. The benefits of a bank connection are numerous, and
the service rendered by this bank to customers is just a
little bit better than they expect any bank.

We are interested in the success of our patrons, we
wish to see them prosper, and they do, for it is an unden-
iable fact that our customers are more generally success-
ful than those people who have no bank connection.

If you are transacting your business through this
bank, you have assurance of our personal interest in
your welfare.
