SOUTHEASTERN ADVOCATE.

There is soon to be a paper entitled as above, issued from this office, and pulylished in the interests of the M. E. Church in this portion of our work.

Since the unwise removal of the

Charleston Advocate, our work has been enlarging and extending in this section. and demands multiplying for a local organ. The Charleston Advocate was for two years published in Charleston. It was during this eventful period in the history of our cause in the South, one of the most important auxiliaries of our work Its removal left a vacant place here which has not since been filled. It is an old saying, "that blessings brighten as they take their flight." This was em phatically true in reference to our daper for this coast. Many were taken by surprise at its studen rentoval and were auxious for its return. If we had been as fully advertised of the wants and wishes of the people in this section, before the transfer of that paper to Atlanta. Ga., as we were after it was done, it would never have gone from us. The M thodist Advocate is a good paper and ably conducted, but it is too distant from the Atlantic coast to meet our local wants in this section. Our work on this coast differs in some particulars from our work in the section of Atlanta, or the valley of the Mississippi. Its peculiar phases cannot be met by those who live at a distance from us, and are not conversant with the exigencies and demands of this section. The people will have greater interest for

Their Own Paper. that lives and sympathizes with them than can be awakeded for one coming to them

from a distance, and managed by comparatye strangers.
It will be larger than the FREE CITI-

Issued Bi-weekly, at the low price of ONE DOLLAR a YEAR Payment in advance.

Some of the ablest writers of our church n this section will contribute to its col umns. Methodist Ministers of the M E. Church, traveling and local are agents for this paper. Let those who read this notice act at once in getting up a list of subscribera.

All communications for the Advocate should be directed to us, at this place, A. WEBSTER.

The character which this MAGAZINE posesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times should cause its conductors to regard it with justifiable complacency.
