M. in the cemetery at Fort Motte. Her funeral was held on Wednesday, May 24, 1876, at 10 o'clock, A. M. in the church at Fort Motte. **BAPTIST S. S. PICNIC.**—One of the most successful picnics that have ever taken place in this vicinity was that of the Baptist Sunday School on Wednesday last. The day was a charming one for outdoor pastimes, and the spot selected for the picnic—the Fishtrap—was refreshingly green, shady and inviting. There was, besides the children, a large attendance of ladies and gentlemen, who were apparently as much delighted with the sports as their juniors. The exercises were opened with prayer and the singing of a hymn by the children so sweet that the birds held their peace to listen. Then followed a programme, most judiciously varied, comprising addresses, hymns, recitations, egg-hunting, crowning the queen (Miss O. Whitmore) and proclaiming the royal captain (Master Henry Livingston), music by the band, running and jumping matches, archery, sack races, poll eating, base ball, around the Maypole, and several other amusements, all of which followed each other in such well-ordered succession as to keep up an unflagging interest throughout the entire day. A beautiful collation was served shortly after noon, to which full justice was done by young and old.

STATE ITEMS.

—The crop prospects in nearly every section of the State are considered good.

—The Augusta Constitutionalist learns that an attempt will be made to stay the execution of McEvoy, the Graniteville murderer, by an appeal to the Supreme Court.

—Charleston will shortly be noted for six of the greatest bores on the globe. The City Council has just appropriated \$15,000 toward boring five additional artesian wells. Water is found at a depth of two thousand feet.

—The Horry News reports the death of a child nine years old, son of a colored man named Washington Miller, of Lucas Bay, through the discharge of a gun which he was trying to wrest from his seven-year old brother.

—A man named Barnes committed suicide near Pratt's Mill, Due West, on Saturday last, because of his unsuccessful efforts to obtain employment by which he could get bread for his family. The cries of his starving children for food unsettled his mind. So sad an occurrence is a disgrace to the locality.

—The black laborers in the rice fields of the Ashpoo and Combahce are on a strike because their wages were reduced to forty cents a day. An attempt was made by a time-serving Charleston journal to give a riotous and bloody character to the strike, but authentic accounts show that from the first the strike has been conducted in an orderly and methodical manner, and that no damage has been done to either life or property.

—Two steamers belonging to competing lines are now running between Charleston, Mt. Pleasant and Sullivan's Island, and, leaving at the same hours, arrive together at the single wharf at Mt. Pleasant, each trying to make fast first. The passengers are thus treated to the exhilarating sensations produced by the race across the harbor, with the prospect of a boiler explosion or collision at the end of the trip. Fare both ways only fifteen cents.

**LYNCH LAW IN ABBEVILLE.**—The report comes from Abbeville that five colored men were lynched there on Wednesday last because they were presumably guilty of the murder of Mr. and Mrs. John Harmon, near the Edgefield line, last week. These men were arrested, it is stated, through the confession of one
