Charles Parker of Bishopville Killed.

Savannah, Ga. Nov. 14.—Charles Parker, who had been working as engineer for the Adel Lumber company at Adel, Ga. for a week or two, was accidentally killed this afternoon by a log rolling on him and breaking his neck. His father lives at Bishopville, S. C. whence young Parker came to Adel.—The State.

We sincerely regret this untimely occurrence. Charlie was an old resident of Camden, and an old friend of ours. Our sympathy is extended in full measure to the family. The flourishing order of Knights of Pythias in this city was gotten up through his instrumentality, and we have no doubt that they will know to do in the premises.

BREVITIES.

—Read our editorials carefully in this issue. There may not be anything in them, but again, there may be. We try to make all our stuff readable if not entertaining and instructive.

—Read carefully the full page ad. of Schenk and Co., in this issue. This firm has taken a great hold on the trading public and achieved an enviable reputation for honesty and fair dealing. These qualities are what count with a purchaser.

—For the benefit of residents in the neighborhood near the old Schrock corner in Ward 2, we furnish the information that our firebox key can be found on the right hand side of our piazza, just after entering the front door.

—We may be pardoned for taking up this space in extending congratulations to our advertisers on the good business done by them during the past and previous weeks, in as much as we can properly ascribe a portion of their success to their ads. with us.

—We were offered two separate jobs during the recent carnival, one that of high diver, and the other, speller for the fat boy show. Both declined with thanks. We prefer to edit The People although either of the jobs offered us are probably easier.

—We are now approaching the, to us, dreary season of Winter. Wood, wooden wood in two feet lengths is what we need now. Bring in some to us, subscribers. It would certainly seem that you would rather pay your subscription in that way than to go down into your pockets for the money.

—More rain, more mud. We will get that skin-coating of clay and gravel on Main street we guess in the course of human events. An easy chair would have slid beautifully down that street on last Saturday, but it would not have done much in the way of packing.

—It would be a real benefit to the community if Council would have published full directions how to work the fire alarm boxes. We must confess to dense ignorance on the subject. Under existing circumstances it will not cost nearly as much to furnish the information desired as it would to give us that culvert in front of our place that has been promised us so long ago.

—Our advertisers will excuse the absence of the usual local mention of their ads. in this issue. Space just now, is quite tight, but for that matter, our people do not need local mention. We will match our ads. with any other paper for neatness and good display, and if the results from any or all of them have not been satisfactory, the advertiser does not have a cent to pay for it.

—The Carnival has come and gone. Our people, through the medium of it thoroughly enjoyed a solid week of pleasure. Speaking for ourselves, and we think for the general public also, we were much pleased, not only with the exhibitions given in the various tents, but with all those connected with the company. The shows are all clean, and of a high order. We hope that next season, the Jones-Adams Company will again make this one of the points on their circuit.

CURES EFFECTED BY Gerstle's Female Panacea.

One Bottle Cured Where Physician Failed. I sold your GERSTLE'S FEMALE PANACEA (G. F. P.) to a young lady customer whom our physician had given up as hopeless, and told her if it did her no good she need not pay for it. After taking one bottle she was entirely cured and has been in good health ever since. Maura's Bridge, Ala.

J. R. GILLILAND, Health Restored.
I was weak and in very bad health and unable to do my work. I used one bottle of GERSTLE'S FEMALE PANACEA (G. F. P.) and it did me more good than anything I ever used. I am now in good health and can do my work. Mrs. E. E. CHANDLER, Gin, Ark.

Suffered from Change of Life.
My wife was sick for seven years, suffering from the Change of Life. We tried everything we could get from the doctors and paid out a considerable sum for treatment without any good result. We then began using GERSTLE'S FEMALE PANACEA (G. F. P.) and it did more good than all else we had used for six years. It is the greatest remedy for ailing females ever placed on the market. J. D. BORDEN, Columbus, Tex.

If your druggist does not keep it, send us \$1.00 and will send you a bottle, all charges paid. L. GERSTLE & CO., Chattanooga, Tenn.
