City Lots for Sale
Apply to J. J. Holland, Camden, S. C.

Wanted, to rent a large room, or vacant out-house a few weeks for storage purposes.

W. M. Hinson, Harness and Shoe. One door east of Snyder's stables.

Private Post Cards
Private Post Cards for sale at this office. Very convenient at times. 25 for a dime.

Legal Blanks
We have almost anything you want from a Title to Real Estate down, and what we haven't, we can write for you as we are something of a lawyer ourselves.

Box Party
We are requested to announce that there will be a box party at the Kalb church on Friday night, May 28th at 8 o'clock, the proceeds to go toward the purchase of an organ for the church.

Rev. H. H. Mitchell will preach at this church on the first Sunday in June at 10 o'clock a. m., and at Cook church at 4 o'clock of the same day in the afternoon.

When in need of Harness or Shoe work, call on W. M. Hinson. One door east of Snyder's stables.

Probable Suspension
It is probable that with this issue of THE PEOPLE we will suspend publication for a short time until we can secure another office. The lease we hold on the premises we are now occupying has about expired, and our landlord has, we understand, made other disposition of the property.

As this suspension (if we do suspend) will be only temporary, none of our friends will lose anything except our weekly visits until we resume.

Lecture on Tuberculosis
Dr. John W. Goffey delivered a very entertaining and instructive address on Tuberculosis before a large audience at the M. E. Church, Camden, on Sunday night. The lecture was timely, and we hope it will be followed by others before other colored audiences by Dr. Corbett and other physicians. The mortality from consumption among our colored population is becoming something dreadful to contemplate, and incidentally, through the agency of contagion, a menace to the white race also.

See W. M. Hinson for Harness or Shoe work. Satisfaction guaranteed.

A Free 96-Page Diary For Our Readers
We take pleasure in announcing that any of our readers can secure a fine 96 page diary for 1909, by sending 2 cents postage, to D. Swift & Co., Patent Lawyers, Washington, D. C. This diary is worth 25 cents, and contains 20 pages of valuable information, such as the crop production of 1908, by states; Brief but valuable points of every day law and patent laws; Business forms, and population of all cities and states, etc, and 75 pages memorandum.

To Subscribers
If your paper happens to come to you this week or next week or thereafter addressed in red, kindly take it as a gentle hint that we will most fervently thank you for and appreciate a quick payment of the whole, or a part of your indebtedness to us of whatever nature.

There are four classes of people who should receive the distinguished attention of debtors; the preacher, the doctor, the grocer and the editor. The preacher ministers to the spirit, the doctor to the body, the grocer satisfies the cravings of the stomach, and the editor fills your mind where are you? In this age of progress, you might as well be in the wilds of darkest Africa. Come on, friends. We need money.

That Life Insurance Policy
There still seems to be a little business in the minds of some people concerning our life insurance policy. To make the matter absolutely clear, we will say that to every subscriber to THE PEOPLE who keep up a paid subscription, we guarantee that he will not die within the period during which his account is clear on our books. Should he, through any mischance happen to cross the divide during that period, and wants his money back, he can get it promptly by making application for same at this office. No offer could be fairer, and it furnishes an added inducement why all should take THE PEOPLE.

Editorial Notes
Col. Roosevelt recently spotted a big rhinoceros at a distance of fourteen paces.

Read our clipping from the Edgfield News on Clemson College. It is rather warm stuff.

What will our ex-President do with his collection of captured animals? He has three giraffes and two leopard cubs so far.

The Edgfield News suspended publication last week. This means a disquiet loss to South Carolina journalism as The News was among the best of our exchanges.

Senator Tillman has broken bread with the President. In other words, he has taken dinner at the White House. Shades of departed Roosevelt, what next?

Two turpentine grater violators of the Sherman anti-trust law were sentenced to jail the other day, and three others heavily fined. That doesn't signify that any of them are wearing stripes, or that any lines have been paid.

Fort Smith, Ark., May 17—A fire today destroyed the compass and 5,000 bales of cotton, causing a loss of \$300,000.

The Yorkville Enquirer says that Rock Hill consumes from 100 to 105 gallons of whiskey each week. How the Enquirer is able to quote such exact figures on this flourishing industry we do not know; but it is safe to say that the estimate is entirely too small. One hundred gallons would hardly last the local "soaks" a week. These figures will have to be revised seriously, it is a dreadful thing to realize how much an anaboo and money is lost through a liquor habit—how many heartaches and misery is caused by it—Ex

Washington, May 17—James T. Williams, Jr., the Greenville man who was recently nominated and confirmed as civil service commissioner, succeeding former commissioner Greene, has resigned his position because of ill health, and will go at once to Fort Bayard, N. M., where he will remain until he recovers from the illness which he has lately developed.

The illness of Mr. Williams was learned with deep regret by President Taft, who accepts the resignation with the hope that Mr. Williams' recovery will be speedy and permanent.

New York, May 17—Albert Hoppert, seventy years old, had become so disgusted with the long articles in the newspapers concerning President Taft's golf playing that when he came upon another of these narratives in his home at Fairground, L. I. he yawned so widely and so long that it dislocated his jaw.

It required a journey to a hospital and the services of two physicians to relieve him.

Aiken, May 15—Adjutant General Boyd who was stricken with apoplexy on Friday, is greatly improved tonight, and it is thought that he will recover. He has fully regained conscious ness and expresses himself as being in hopes of returning to Columbia tomorrow.

Perfect satisfaction in quality of work, and prices given by W. M. Hinson. Give me a call when in need of Harness or Shoes.

Forced Into Exile
Wm. Upchurch of Glen Oak Okla., was an exile from home. Mountain air, he thought would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infalible for Coughs and Colds, it dispels Hoarseness and Sore Throat. Cures Grip, Bronchitis, Hemorrhages, Asthma, Croup, Whooping Cough, 50c and \$1.00, trial bottle free, guaranteed by Camden Drug Company, F. M. Zemp & DePass, Francis L. Zemp's drug store.
