

When Ill Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Bed Banks, Miss.—“Words are inadequate to express what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from a female disease and weakness which the doctors said was caused by a fibroid tumor, and I commenced to think there was no help for me. Lydia E. Pinkham's Vegetable Compound made me a well woman after all other means had failed. My friends are all asking what has helped me so much, so I gladly recommend Lydia E. Pinkham's Vegetable Compound.”—Mrs. Willis Edwards.

Hampstead, Maryland.—“Before taking Lydia E. Pinkham's Vegetable Compound I was weak and nervous, and could not go on my feet half a day without suffering. The doctors told me I never would be well without an operation, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors, and I hope this valuable medicine may come into the hands of many more suffering women.”—Mrs. Joseph H. Daney.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

PALATAL GASTRO-ILL
A palatable, effective, and safe medicine for indigestion, flatulence, and other ailments of the stomach and bowels. Prepared by physicians, and endorsed by the medical profession.

Knotty timber requires sharp wedges.—German. So. 21-09.

Seemed to Be Breaking Down With Kidney Trouble.

Mrs. J. N. Smith, Chicago St., Buchanan, Mich., says: “While lifting, and everything seemed to give way and I fell gasping on the floor. From that time I was in ill health—pain in my back all the time, varied with sharp twinges, frequent headaches, trouble with my eyes, nervousness, irregular action of the kidneys, and I seemed to be going all to pieces. I began to improve with the use of Doan's Kidney Pills and gradually the pains all left me. After using a few boxes I was all well again and will never cease praising Doan's Kidney Pills.”

Telephone With no Diaphragm.
In a telephone receiver having no diaphragm, the poles of a permanent magnet are connected by soft core in a continuous magnetic circuit. The core is surrounded by a coil that connects to the transmitter and a suitable battery. The undulatory current from the transmitter affects the entire magnetic circuit, reproducing the voice distinctly, without the disturbances from the diaphragm. Sounds reproduced have filled a large hall.

For HEADACHE—BICK'S CASPARIAN
Whether from Colds, Heat, Stomach or Nervous Troubles, Casparian will relieve you. It's health-giving and takes away quickly. Try it. 10c, 25c, and 50c at drug stores.

Kidney Ailment
I want every person who suffers with any form of kidney ailment to know that no matter how many doctors they have consulted, no matter how serious the case, the Munson's Kidney Remedy is a trial. You will be surprised to see how quickly it relieves all pains in the back, loins, and groin caused by the kidneys. You will be delighted to see the color returning to your cheeks and feel the thrill of vigor and good cheer. If your urine is thick or milky, if it is pale and foamy, if it contains sediment or blood, if it is highly colored or has an offensive smell, if you urinate frequently, you should persist in taking this remedy until all symptoms disappear. We believe this remedy cures more serious kidney ailments than any other. It is the only remedy that has cured the terrible death rate from Bright's Disease and Diabetes. Its efficiency and will be greatly reduced by this remedy.

Getting Legal Advice.
You should always find out who is telephoning to you—if you can. There's a Broadway lawyer who at present is wishing he had. The other day a lady rang him up and refused to give her name to his clerk, saying that she wished to talk on personal and private business. As soon as the lawyer himself picked up the receiver, before he could make any inquiries, she began: “Oh, please tell me, must there not be two copies of a lease?”

“Why,” he answered, “it is usual to give one to the landlord's agent and one to the lessee. But who are—?”

“Yet, the fact that the wife of the lessee had never seen a copy of the lease wouldn't keep it from being legally binding?”

“No,” slipped from the lawyer, who quickly added: “But before I discuss the matter further may I ask to whom?”

There was a pretty little laugh—he admits it was pretty even now. “Oh, I'm—Mrs. Brown, and I live—on Broadway. You don't know me.”—It was obvious, likewise, that he wouldn't—but I've always heard your advice was so very valuable, and I wanted a lawyer, and so I just called you up. Good-bye.”

GREAT MAN PASSES

Bishop Galloway Dies After a Brief Illness of Pneumonia.

QUITE NOTED METHODIST DIVINE

Most prominent of the bishops of the Methodist Episcopal Church, South, Bishop Charles B. Galloway, died of pneumonia at his home here at 5 o'clock Wednesday morning. Bishop Galloway, Mississippi's most distinguished divine and best-known publicist, for the last twenty years held rank among the greatest pulpit orators of America.

Orders were issued for all departments of the Federal, State, county and municipal government to remain closed Thursday, and Mayor Crowder has issued a proclamation urging all the business houses to close for the day.

Bishop Galloway was possibly the most prominent of the bishops of the Methodist Episcopal Church, South. He was born at Koscusko, Miss., September 1, 1849, and graduated in 1868 from the University of Mississippi. The degree of doctor of laws was later conferred upon him by the Northwestern University and by Tulane University. He entered the ministry in 1869.

Bishop Galloway's writing covered a wide range, perhaps, than those of any other person connected with the Methodist Episcopal Church, South, and he traveled extensively. For a number of years he took an active interest in the prohibition campaign in Mississippi and other Southern States. He was president of the board of education of the Methodist Episcopal Church, South; president of the board of trustees of Millsaps College and Vanderbilt University and was a member of the board of trustees of the John F. Slater Fund.

MONUMENT TO HENRY WIRZ.
Veil From the Tall, Straight, White Monolith Was Loosed by Mrs. Perrin, Only Living Daughter of the Dead Commander.

Andersonville, Ga., Special.—Under the Stars and Stripes and the Confederate Stars and Bars, there was dedicated here Wednesday the monument to Capt. Henry Wirz, commander of Andersonville prison, and executed at Washington at the end of the war on order of a military commission, which tried him for murder and flagrant cruelty—martyred, not executed—the Georgia Daughters of the Confederacy unveiled the monument Wednesday in the hope that it will stand to see Wirz' memory, in time, considered everywhere in a friendly light. Over the hushed throng, scarcely a sound rippled, and tears sprang to hundreds of eyes.

Mrs. Perrin, of Natchez, Miss., only living daughter of the dead monolith, loosed the veil from the tall, straight, white monolith. Springtime flowers were heaped upon the monument, and speakers, who loved the respected “Lost Cause,” stood near its base under the once rival flags and told many incidents in the career of Wirz, stories of kindness to Northern prisoners and of attempts to secure for them food and shelter which he could not get.

Pleasant A. Stovall, editor of The Savannah Press, said that the dedication was not intended to reopen questions long since settled, but to do an act of justice too long delayed. Of the difficulties under which Wirz worked, he said: “Wirz was hampered at every step by the exigencies of his own government. While Gen. Dick Taylor was traveling through south Georgia during the latter part of the war, he related that the train stopped at Andersonville. There entered his car a Confederate officer named Wirz, who said he was in charge of the prison and that the men were greatly in need of provisions and protection. They were without blankets and shelter and were inadequately supplied with food.”

Memorial Tablet Unveiled.
Petersburg, Special.—A memorial tablet on the battlefield of “Bloody Angle” and a monument at Salem church, in memory of the New Jersey volunteers, who fell on the battlefields of Spotsylvania county in the civil war were unveiled Wednesday. Col. B. Masser, representing Governor Swanson, delivered the address of welcome to the tablet unveiling. General Joseph Plumer then transferred the memorial to the State of New Jersey, and Governor Fort, of that State, made a speech accepting and transferring it again to the Fifteenth New Jersey volunteer veterans association.

Roosevelt's Luck Continues.
Nairobi, British East Africa. By Cable—Theodore Roosevelt's hunting luck continues. The former President, on his last expedition, shot a leopard and captured the animal's two cubs. A buffalo and two giraffes also have been captured by the expedition. The party is still in camp at Maehakos. No further cases of small-pox have developed among the porters of the expedition.

Wrights Home Again.
New York, Special.—Wilbur and Orville Wright, the American aeronauts, returned from the scenes of their European triumphs Thursday. They were accompanied by their sister, Miss Katherine Wright, who made three flights at Pau recently, and said that she was not scared a bit by her experience. The brothers said that they had signed contracts to keep them busy until they could get back to Europe and sign more, that about sixty of their airplanes were now in process of construction.

Witty Sayings.
There's luck in old wives' tales.
Wash not in unknown waters.
Sleep by step and good very fast.
Warm yourself when you get cold.
Prize a fine day at night.—Irish.
When doubt comes in, let's get out.—Irish.

The man is either mad or making sense.—Horace.
The higher the rise the greater the fall.—French.
Set your sail according to your wind.—Greek. So. 21-09.

5100 Reward, Miss.
The readers of this paper will be pleased to learn that there is at least one honest man who tells the truth and who is not afraid to speak out. The only honest man who is not afraid to speak out is the man who tells the truth. The only honest man who is not afraid to speak out is the man who tells the truth. The only honest man who is not afraid to speak out is the man who tells the truth.

“Folding” the Air.
What degree of proximity to the surface will constitute a trespass to the property of the land owner must, of course, vary in every case, and it will probably take much litigation to establish general rules that can be relied on as furnishing guides under ordinary circumstances. The case of Piskering vs. Rudd, which, though at nisi prius only, was a decision of Lord Ellenborough's, seems to point to somewhat narrow limits being set to the ownership of space beyond a building. Legislation will be necessary, it seems, for the protection not only of private owners, but the public generally, against the unchecked diversions of the possible “air hogs” whom the new discoveries may quickly bring into existence, and a fresh code of police order will have to be made to regulate the new mode of traffic.—London Law Journal.

INSTANTLY RELIEVES THE ITCHING
Don't suffer a moment longer from Eczema, or any form of skin trouble. Don't scratch or rub the skin. Just apply Hancock's Sulphur Compound to the affected spot and it will stop the itching at once. A preparation that soothes, heals, and cures all skin and scalp troubles. Druggists sell it. Write Hancock Liquid Sulphur Co., Baltimore, for booklet. H. C. Berry, of Baltimore, writes:—“Hancock's Sulphur Compound has cured me completely. I am never without it, for it is the most delightful adjunct to a bath that was ever gotten up. I cannot speak too highly of its benefits to me.”

Prof. Baldwin's Researches.
The Mexico Daily Record, of Mexico City, gives the following account of excavations carried on in Mexico by Prof. J. Mark Baldwin, professor of psychology at the Johns Hopkins University: “The party that the Secretary of Public Instruction appointed to accompany Professor Baldwin, of Baltimore, on a trip to the ruins of Mitla and others in that district, were instrumental in reclaiming to the Government an old palace said to have been built by the Aztecs several centuries ago, and which has been occupied by a priest.”

“The place is situated near Monte Alban. The priest of the parish many years ago converted it into a church chapel and house. “Ezequiel Chavez, subsecretary of instruction, and Leopold Batres, inspector of monuments, Alfonso Pruneda and Professor Baldwin were members of the party. Chavez obtained the removal of the priest. However, the Government has consented to build another building, no so pretentious, but more modern for the priest to live in and conduct religious services.”

Gumption on the Farm.
In every instance the man who has just finished has a great advantage over the one who is just going to do it. Procrastination is the greatest enemy of agriculture, and for that matter of every other culture.

Light Booze Do You Drink It?
A minister's wife had quite a tussle with coffee, and her experience is interesting. She says: “During the two years of my training as a nurse, while on night duty, I became addicted to coffee drinking. Between midnight and four in the morning, when the patients were asleep, there was little to do except make the rounds, and it was quite natural that I should want a good, hot cup of coffee about that time. It stimulated me and I could keep awake better.”

“After three or four years of coffee drinking I became a nervous wreck, and thought that I simply could not live without my coffee. All at this time I was subject to frequent bilious attacks, sometimes so severe as to keep me in bed for several days.”

“After being married, Husband begged me to leave off coffee, for he feared that it had already hurt me almost beyond repair, so I resolved to make an effort to release myself from the hurtful habit.”

“I began taking Postum and for a few days felt the languid, tired feeling from the lack of the stimulant, but I liked the taste of Postum, and that answered for the breakfast beverage all right.”

“Finally I began to feel clearer headed and had steadier nerves. After a year's use of Postum I now feel like a new woman—have not had any bilious attacks since I left off coffee.”

“There's a Reason.” Read “The Road to Wellville,” in page 4.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

FOR RHEUMATISM AND BLOOD DISEASES.

Removes the Cause and Stops the Pain Quickly. 25c. and 50c. at Druggists.

Semi-Weekly Observer.
The Semi-Weekly Observer is a paper which gives more for less money, than any other paper published in the Carolinas. It is issued semi-weekly, or one hundred and four times a year. It is not competitive with any other county weekly or semi-weekly paper. Its tea and news are compiled from the Daily Observer and the Evening Chronicle, and naturally it is the best article which only are used. It gives more and better reading for the money than could possibly be done in a paper that had to be produced every day. Those who subscribe to it for one dollar will get 104 papers during the year of the very best sort. They will find it in the best sort of reading matter for the family, and many a business opportunity out of which an alert man could get his dollar back many times.

The passionate are like men standing on their heads; they see all things the wrong way.—Plato.

THEIR SKIN TROUBLES CURED.
Two Little Girls Had Eczema Very Badly—In One Case Child's Hair Came Out and Left Bare Patches—Cuticura Met with Success.

“I have two little girls who have been troubled very badly with eczema. One of them had it on her lower limbs. I did everything that I could hear of for her, but it did not give in until warm weather, when it seemingly subsided. The next winter when it became cold the eczema started again and also in her hand, where it would take the hair out and leave bare patches. At the same time her arms were sore the whole length of them. I took her to a physician, but the child grew worse all the time. Her sister's arms were also affected. I began using the Cuticura Remedies, and by the time the second lot was used their skin was soft and smooth. Mrs. Charles Baker, Albion, Me., Sept. 21, 1908.”

Whatever may be the customs and laws of a country, the woman decide its morals.—French.
