The Pee Dee Legion.

We publish Gen. Harllee's orders in this issue, and sincerely hope that the Horry Regiment, in selecting its field officers, will have an eye single to competency, and not popularity. The signs of the times indicate that the Legion may very soon, have work to do, and its Regiments should have leaders who will understand and perform their duty.

The New York Herald contains, a circumstantial account of the total wreck of the Confederate war attamer Sumter. The wreck is alleged to have occurred on the Island of Trinidal, on the 20th of August. One of the crewwho had deserted, the Herald says, deports that the vessel was most probably wrecked intentionally by a pertion of the crew, who were dissatisfied.

When I see how well we are faring, and how we are blessed in health, I can't but cast a feeling thought for the condition of our brothers in the "Horry Volunteers." Poor fellows, some are sick and scattered in different directions, yet no doubt are kindly cared for by the good people of Virginia. We often see one or more of them in our camp, and rest assured they are gladly received.

I am sorry to say that by the rascality of a Richmond drayman, the box of elothing sent the "Horry Volunteers" by the ladies of our District, is perhaps lost! It was sent to the Express office, to be forwarded to Manassas, but the rascal never delivered it. The police of
