

A Word to Cotton Ginners:

If your business is not satisfactory, write us. Old methods must disappear before improvements in cleaning, ginning and baling. Cotton must be taken from the wagon by mechanical means, and it must be put in the best possible condition for the market. Complete outfits. Also engines, boilers and saw mills.

HISTORY OF THE NORTH CAROLINA SYNOD.

To the Pastors of the Evangelical Lutheran Synod of North Carolina—Brethren: At the last annual convention of synod, when considering the question of the publication of the history of synod, it was unanimously resolved: "That each pastor solicit subscriptions and send list of same to the publishing committee." (See Min., 1901, page 34).

The committee hereby announces that the book is now in course of publication and will be ready for delivery about the first of March, 1902. It will contain between 250 and 300 pages, neatly and substantially bound in cloth, and will be sold at the very low price of one dollar per copy, postage extra.

All pastors in the synod are hereby requested to canvass their congregations and send in their lists at an early date as possible. The books will be sent to the pastors for delivery and collection.
